Runic Astrology Donald Tyson,2009 What will the runes spell for your life?

Get ready to experience a powerful tool of divination--a reliable and fun system that combines astrology and runes. In this book, popular author Donald Tyson offers his unique approach to chart casting while utilizing these ancient oracle methods. This convenient and effective divination tool allows you to cast charts any time, without having to know birth time or birth place. Explore the history, meaning, and significance behind each of the twenty-four German Futhark runes and discover their raw, elemental power. See how the placement of the runes can be favorable or unfavorable, depending on their positions and how they correspond to elements of astrology. Step by step, you will learn to assemble the tools you need, and how to cast and interpret a chart so you can divine answers to all of your important life questions, predict future events, and gain insight into yourself and your loved ones with amazing accuracy. Simple to use and interpret, Tyson's unique astrology chart, rune dice, and cards are the foundation for one of the most precise forms of divination known. With clear instructions for creating your own rune dice and cards, and helpful advice on giving readings, Runic Astrology invites you to go beyond the stars to achieve deeper, more multi-layered analyses of an astrology chart than ever before.

Astrology and Divination Robert Michael Place,2009 Offers an overview of the history and forms of divination focusing especially on astrology and Tarot but also looking at dreams, augurs, dice the I Ching, palmistry, and other oracular methods.

A History of Western Astrology Volume II Nicholas Campion,2009-04-16

Astrology is a major feature of contemporary popular culture. Recent research indicates that 99% of adults in the modern west know their birth sign. In the modern west astrology thrives as part of our culture despite being a pre-Christian, pre-scientific world-view. Medieval and Renaissance Europe marked the high water mark for astrology. It was a subject of high theological speculation, was used to advise kings and popes, and to arrange any activity from the beginning of battles to the most auspicious time to have one's hair cut. Nicholas Campion examines the foundation of modern astrology in the medieval and Renaissance worlds. Spanning the period between the collapse of classical astrology in the fifth century and the rise of popular astrology on the web in the twentieth, Campion challenges the historical convention that astrology flourished only between the twelfth and seventeenth centuries. Concluding with a discussion of astrology's popularity and appeal in the twenty-first century, Campion asks whether it should be seen as an integral part of modernity or as an element of the post-modern world.

Stars and Dice Peter Gnass,1990-08 Based on a combination of astrology, numerology, psychology and fortune-telling this pack, is intended to assist in the better understanding of life. Played individually or in a group the player throws the dice three times and consults the book of destiny. It is accompanied by an instruction book, four dice and a notepad.

The Zodiac by Degrees Martin Goldsmith,2004-05-01 The Zodiac by Degrees

provides symbols and interpretations for each of the 360 degrees of the zodiac. These symbols make a direct connection with your basic spiritual energies and penetrate the private language of your personal mythology. For this second edition, every one of the 360 degrees has been reexamined from extensive lists of examples. In the end, about ninety degrees have undergone major changes and all of the rest have been clarified and sharpened. The result is a symbol system of unparalleled accuracy, and an indispensable tool for both amateur and practicing astrologers. The Zodiac by Degrees gave me serious goose bumps on several occasions. Inside of half an hour, the text had cleared up my ambivalence about the exact degree of my Ascendant and given me a new understanding of my Sun degree#8212one vastly more evocative than the traditional Sabian interpretation. Martin Goldsmith is a poet in the old sense of the word: he's on fi re with imagery and the fire is contagious. #8212Steven Forrest, author of The Inner Sky At last! An astrologer who has undertaken the huge workload of intensive research into the individual degrees of the zodiac. Thanks to his years of work, Goldsmith has finally taken this area of astrology out of the misty, intuitive, 'channeled' area of the Sabian symbols onto the firmer and more reliable footing of good, grounded research. This long-needed book is therefore an essential reference work for any serious astrologer.#8212Bernadette Brady, author of Predictive Astrology

Elemental Divination Stephen Ball,2018-03-08 Discover a simple practice that yields life-changing results. With just three dice, you can receive answers to basic questions or initiate a deeper interpretive journey. Based on elemental forces that have been consulted by healers and sages for thousands of years, this dice oracle will inspire you to see yourself and the world with a whole new perspective. This book shares instructions and rituals for using the oracle with dice or other divinatory tools. You will also find a list of meanings for every possible elemental combination, and explanations of how Earth, Air, Fire, Water, Sun, and Moon manifest in this divination system. When you explore the oracle's patterns and correspondences, you gain insight into the challenges and concerns that we all face. Integrate the power of the elements as you make your way through the magic and mystery of life with Elemental Divination as your guide.

Planetary Aspects Tracy Marks,2014-01-02 A classic back in print, Planetary Aspects is one that every astrologer would choose on their shortlist for their own library and a great tool for all levels of astrological practice. This comprehensive work focuses on the most challenging dynamics of the birth chart. Originally published in 1987, it is recognized as a classic of modern astrology, and was the most highly rated book in the Astrology Book Club's nationwide survey. The author presents powerful techniques for understanding and resolving the conflicts of planetary aspects, emphasizing the potential for growth and achievement involved in stressful aspects. The central theme of this book is the T-square configuration--a chart pattern that occurs periodically for everyone by transit, progression, or chart comparison. The T-square is a combination of planets, signs, and houses that suggests a pronounced strength or emphasis, as well as imbalance and deficiency. Planetary Aspects: An Astrological Guide to Managing Your T-Square is a discussion of the conflicts and harmonies of this important aspect, and a guide to understanding the crucial periods and challenges it presents.

Time and Space ,2000-04-28 Written while in exile in the United States, Time and Space were originally intended to appear together in a single volume. Not until 1986, however, did they appear so in Spanish and not until

1988 were they published together in English. By presenting them together, Jimnez had wanted them to convey the same continuity of emotion, the same philosophical intensity, that he had experienced while writing them. All My Life, he wrote in his introduction, I have toyed with the idea of writing a continuous poem...with no concrete theme, sustained only by its own surprise, its rhythm, its discoveries, its light, its successive joys; that is, its intrinsic elements, its essence. That continuous poem is Time and Space the last book Jimnez wrote. Presented here in a bilingual edition, Time and Space will take readers of both English and Spanish on the longest and most sustained ride on the crest of poetry they will ever enjoy. The greatest poem in this Century... Octavio Paz Antonio T. de Nicols, translator and editor of Time and Space is also widely known for his highly acclaimed translation of the Juan Ramn Jimnez classic, Platero and I, as well as many other works in Spanish. His first book of poetry, Remembering the God to Come, is also being published by iUniverse.com.
