Planet Venus Secrets Saket Shah,2020-01-05 Venus relates to luxury, romance, wealth, creativity, and elegance. The house where it is located in a chart defines the area where you need to express yourself socially, passionately, and aesthetically. Venus naturally brings harmony and refinement to the house it occupies. This is the area of life where your attraction falls and a study of Venus in 12 houses will help you know how should approach these areas of life. The activities that the house represents are of great importance to building better partnerships. Venus is very much at play when it comes to love, romance, interests, friendships and artistic inclination. The house it occupies also tells us what you look for in a partner or friend, what your approach towards love is, and what artistic abilities you have. The sign where Venus is posited tells you “how” you express yourself romantically and the house it occupies tells you “where”. This is the house where you need to bring harmony and relate to others. The influence of Venus house should not be studied in its purest form, without any affliction, aspect or influence of other planets and signs. Planetary position differs with each horoscope, so the interpretations may also differ accordingly. Your Venus house however pretty much defines what we have stated above

Planets in Play Laurence Hillman,2007-09-20 Planets in Play is the first foundational book that lets the reader reimagine his or her inner life through the self-exploratory language of astrology. Author Laurence Hillman-a widely respected astrologer with a loyal following and a formidable online presence-reconnects the planets with the character traits given them by the ancients. Whether one accepts astrology as being real, its language and concepts can go a long way toward helping us see the archetypes that play on our lives. In observing the strengths, weaknesses, and character traits of each planet and zodiac sign, readers will receive a toolbox filled with instruments with which to newly understand their lives. The reader will then be able to make more conscious choices about how he or she is living out these different aspects. To that end, Hillman provides specific tactics and highly practical ideas of how to expressly nourish or minimize these tendencies through choice of behavior, lifestyle, and personal surroundings. Case examples, stories, and anecdotes run throughout the book to demonstrate and ease this process. In its appendices, Planets in Play provides a guide in how to get a quality astrological reading, with an emphasis on one's dominant archetypes. In addition, Hillman offers a basic grounding in astrology for those readers, therapists, or counselors who wish to learn how the ancient art works at a psychological level without necessarily committing themselves

to its study.

Planet SUN Secrets Saket Shah,2020-01-05 The Sun god has two arms, he is seated on the pedestal of lotus; both of his hands are embellished with lotus flowers. There is a beautiful golden crown, on his head and a garland of gems around his neck. His radiance is just like the interior part of a lotus flower and he is mounted on the chariot pulled by seven horses. The Sun god is also known as ‘Savita’, which means - one who creates, ‘SAVITA SARVASYA PRASAVITA’ (Nirukta -10/31). According to the Rigveda the Sun god situated at the centre of the solar system is an inspirer of all, pervader of the internal parts and an embodiment of almighty god. According to the ‘Markandeya Puran’ Sun is the embodiment of Brahma, the world originates from the Sun and is established in it. The Sun is the appearance of all the matters and elements and is the eternal almighty. This very God ‘Bhaskar’ creates nurtures and annihilates the world respectively in the form of lord Brahma, Lord Vishnu & Lord Shiva. Sun is the supreme deity amongst all the nine planets. When Brahma manifested himself by breaking the egg, then he pronounced ‘OM’. This Omkar itself is the supreme soul and the very physique of Sun god. The four Vedas emerged from all the four mouths of lord Brahma, which were glowing by their own radiance. The powerful radiance emanating from the ‘Omkar’ covered the radiance of the Vedas and ultimately all of them unified. This very Vedic appearance of ‘Omkar’ is the sun god. This radiant sun was the first manifested during the times of creation, hence it was called ‘Aditya’. Once the demons, the titans and the monsters unitedly fought with the deities and snatched their power and authority after defeating them. ‘Aditi’– the mother of the deities did worship of

sun god to get protection from this calamity. Being pleased with her the sun god took incarnation as her son and established the eternal path of the Veda after defeating the enemies of the deities. He is called Aditya also for this reason. The complexion of Sun god is red. His vehicle is a chariot. There is only one wheel in his chariot which is called 'Samvatsar'. The wheel of his chariot has 12 spokes, which symbolise the twelve months. The wheel has six circumferences, which symbolize the six seasons, and three 'Naves' which is symbolise of the three four-months. The sages (rishi) and all the celestial supernatural beings like 'Gandharva', 'Apsara', 'Nag' yaksha and the deities' move along with him doing his worship. The wheel, power, a loop and a hook are the weapons of sun god. His great-phase (Mahadasha) last for six years. The Sun is considered as a high planet, till the tenth degree, in the zodiac of Aries. Lord Shiva is considered to be the deity of the Sun. To get his blessings and for his pacification, performance of 'Arghya' (pouring water facing the sun in the morning should be done and also the text of Harivansh purana should be listened to. Ruby should be worn on the body and donation of wheat, cow along with a calf, raw-sugar (gur), copper, gold and red-clothes should be made to the brahmins

Vimshottari Dasha in Vedic Astrology Saket Shah,2020-01-18 There are three important things for an event to take place in a native's life - promise, transit and Dasa. For instance, if your 7th house and the lord are positive and natal Jupiter and Venus are also placed well, your chart has a strong "promise" of marriage but for it to take place, "transit" Jupiter and Saturn should be influencing marriage related houses or lord (2nd, 7th, 11th). Another major aspect for event occurrence is "Dasa". In Vedic Astrology, different planets influence us at different points of time in our life. The perceived life span of an individual is counted as 120 years in total. Each planet is assigned certain number of years in one's life. Our life is divided into Mahadasa of 9 planets and each Mahadasa is then further divided into 9 Antardasas each. The Mahadasas follow in the following sequence - Ketu,

Venus, Sun, Moon, Mars, Rahu, Jupiter, Saturn, Mercury. Mahadasa begins from the lord of the Nakshatra where is Moon positioned at the time of birth. The exact duration of the first Mahadasa depends upon the degree of the Nakshatra when you were born. Ketu Mahadasa runs for 7 years, Venus has 20 years, Sun has 6 years, moon has 10 years, Mars has 7 years, Rahu has 18 years, Jupiter has 16 years, Saturn has 19 years, and Mercury has 17 years. Mahadasa is like a calendar of your life's events. Whether the Mahadasa is auspicious or inauspicious for you depends upon several factors like position of that planet in your birth chart, whether it's malefic or benefic. This duration of planets gives direction to the events in your life. Mahadasa of each planet runs for several years but this doesn't mean that you get the results associated with a single planet only. The actual results depend upon Antadasa. Mahadasa of each planet is further divided into 9 planets Antardasas following the same sequence of planets. The events of your life are based on both - the Mahadasa and the Antardasa planets. For example, if you have Rahu Antardasa under Rahu Mahadasa, events would follow as per Rahu's characteristics and strength in your horoscope. However, if you have Jupiter under Rahu, then the results would be based on the position of both Jupiter as well as Rahu. If the planets are positioned on 2 – 12, 6 – 8 or 5 – 9 axis, repercussions might not be that positive for the native. The lordship of planets is also considered in the process. If both planets are lords of Kendra or Trikona houses, the results would be like that of a Raj Yoga. If one has Kendra or Trikona lordship, and the second planet is lord of 6th, 8th or 12th house, then the results might not be favorable.

Mundane Astrology Jagdamba Prasad Gaur, This book is written with the objective of understanding fundamentals of Mundane Astrology which are used to make predictions about nation, politics, whether, crops and natural calamities. Mundane Astrology is a branch of astrology where good-bad results and events of villages, cities, provinces, countries, health of people, financial, social and political situations, things, weather, earthquakes, winds-storms, natural calamities, contagious diseases, relationships of nations, crops etc are analysed. The financial, social and political situation of a country or province is sometimes very stable and sometimes it is totally fluid. The growth of a plant is not always the same although the land, seeds, fertilizer, water etc are same. During one year the production is sufficient while in another year it is poor in spite of good inputs. On one part of earth there are natural calamities, agonies, turmoils. At the same time at another part there is peace and progress. These phenomenons indicate that there is definitely some reason behind this mystery that at one place there is prosperity at one time but all of a sudden it is engulfed by strife. During one year the rains are heavy causing floods but in next year there is drought. Occasionally a commodity becomes expensive all of a sudden and sometimes its prices

remain low for a long time. The knowledge of all these matters is obtained from Mundane Astrology. As there are elections on earth for selection of prime minister etc for establishment of a democratic government and qualifications abilities of elected persons influence the areas ruled by them, in the same manner every year a celestial council is formed by planets to run the world. In celestial council apart from king and minister there are 10 lords of 4 months crop, winter crops, weather and rains, juices, trades, metals, treasure, security and fruits-flowers. This book has been written after going through books compiled by great scholars who were capable of knowing the happenings of 3 worlds such as Garg Samhita, Vrihatsamhita, Varahisamhita, Narpatirjayach, Savatsari Paddhati, Varshprabodh, Ardhmartand, Ardhprakash etc.
