**Fall is Not Easy** ,1998 Fall is a tough time of year for a lot of us. Kids have to go back to school, teachers and football players have to go back to work, and parents have to look for new places to hide holiday presents. But perhaps fall is hardest of all on trees. After all, they have to change their entire appearance every year! This book is the rhyming story of a tree's humorous struggles to change its colours for fall. And it's a perfect introduction to the seasons for young children.

*The Autumn Tree* Julian Gallo,2018-05-02 Brandon and Olivia, two goth/emo kids alienated from their idyllic Long Island neighborhood, only have one another to depend on. Brandon's parents are careerists, often too busy to pay any attention to him. Olivia is dealing with her abusive mother, who often body shames her and chastises her over her appearance. While Brandon

retreats into the world of death metal and Facebook, Olivia resorts to Stephen King novels and cutting. The two have been life long friends yet neither one of them can see the obvious. Brandon pines away for an Azeri girl from school and Olivia is taken by the new kid, a self-described environmentalist who has a checkered past of his own. Meanwhile, Brandon's father Carlton is harboring a dark secret, unknown to his wife and son, which will challenge his morality. Issues of aging and body image abound as the dark side of American life reveals itself in this tragicomic tale of so-called suburban respectability, where the masks we sometimes choose to wear often hide the darkest parts of our nature.

**Leaf Man** Lois Ehlert, 2005 Fall has come, the wind is gusting, and Leaf Man is on the move. Is he drifting east, over the marsh and ducks and geese? Or is he heading west, above the orchards, prairie meadows, and spotted cows? No one's quite sure, but this much is certain: A Leaf Man's got to go where the wind blows. With illustrations made from actual fall leaves and die-cut pages on every spread that reveal gorgeous landscape vistas, here is a playful, whimsical, and evocative book that celebrates the natural world and the rich imaginative life of children. Includes an author's note and leaf-identifying labels.

**The Autumn Tree** Tony J Forder, 2021-05-07 DI Bliss returns

in another stunning crime thriller. When dark desires have no limitations, anything is fair game. After a young woman is found strangled to death, Bliss is called to the scene. When he learns that one of his business cards was found among the victim's clothing, and he is told what was written on the back of it, Bliss is immediately troubled. The card was one of five he handed out to trafficked young women he and his team had previously rescued from a shipping container. When he sees the victim, Bliss realises she was not one of those saved that day. So whose card does she have? And why? And is it connected to her murder? The murder investigation proves to be more complex and challenging than the team could possibly have imagined. But just as they think they have it figured out, they learn that depravity has no boundaries... Early ARC reviews for The Autumn Tree: Like the other Bliss books, this is a great read, packed with tension. A worthy five stars from me. I'm a massive fan of the Bliss series and always think it can't get any better. But it can. Yes it can. The intricacies of the plot are incredible, it all ties in together in subtle ways, and the title of the book becomes more and more poignant the further you go. Another wonderful and beautifully written instalment in the Bliss series. This is masterful storytelling and I absolutely loved it. I've loved reading the Bliss series, and I think this is the best yet. Reviews for other works in the DI Bliss series: The author is hugely talented and ranks, in my opinion, with the likes of Peter James

and Val McDermid. Maggie James - bestselling author Just a word of warning - prepare to be in tears, on the edge of your seat and gobsmacked in equal measure. A triumph! Liz Mistry - bestselling author Brilliantly written and a fascinating read that, in my opinion, could happily stand shoulder to shoulder with works from the likes of Rankin and Connelly.
