

Bahamas

Emily Matchar, Tom Masters

Destination Anthropocene Amelia Moore, 2019-08-27

Destination Anthropocene documents the emergence of new travel imaginaries forged at the intersection of the natural sciences and the tourism industry in a Caribbean archipelago. Known to travelers as a paradise of sun, sand, and sea, The Bahamas is rebranding itself in response to the rising threat of global environmental change, including climate change. In her imaginative new book, Amelia Moore explores an experimental form of tourism developed in the name of sustainability, one that is slowly changing the way both tourists and Bahamians come to know themselves and relate to island worlds.

Acts of Assembly of the Bahama Islands. From the year 1764 to the year 1799 inclusive. vol. 1 ,1801

The Natural History of The Bahamas Dave Currie, Joseph M. Wunderle, Jr., Ethan Freid, David N. Ewert, D. Jean Lodge, 2019-10-15 Take this book with you on your next trip to the Bahamas or the Turks and Caicos Islands or keep it close to hand in your travel library. *The Natural History of the Bahamas* offers the most comprehensive coverage of the terrestrial and coastal flora and fauna on the islands of the Bahamas archipelago, as well as

of the region's natural history and ecology. Readers will gain an appreciation for the importance of conserving the diverse lifeforms on these special Caribbean islands. A detailed introduction to the history, geology, and climate of the islands. Beautifully illustrated, with more than seven hundred color photographs showcasing the diverse plants, fungi, and animals found on the Bahamian Archipelago.

Primary Social Studies and Tourism Education for The Bahamas: My community ,1991-01 This course has been developed in association with the Ministry of Education and written by a team of experienced Bahamian teachers and teacher educators.

Moon Bahamas Mariah Laine Moyle,2019-03-12 Turquoise waters, pristine beaches, world-famous rum, and a culture that welcomes you with a smile: Soak up the sun and fun with Moon Bahamas. Inside you'll find: Flexible itineraries, from a Nassau getaway to a week of island-hopping, including day trips to the Out Islands Strategic advice for travelers looking for family fun, romance, nightlife, water sports, and more Must-see highlights and unique experiences: Go diving to see shipwrecks, underwater sculptures, and coral reefs, snorkel with sharks, or swim with

friendly pigs. Spot wild pink flamingoes, climb to a historic stone monastery at the highest point in the Bahamas, or visit the iconic Hope Town Lighthouse. Relax in an oceanfront bungalow, sip cocktails made from local rum, and hang out with locals at a fish fry Honest recommendations from Nassau local Mariah Moyle on when to go, where to eat, how to get around, and where to stay, from guest cottages and beach bungalows to luxurious resorts Full-color photos and detailed maps throughout Background information on the landscape, climate, wildlife, and history Handy tips for families with children, LGBTQ travelers, seniors, and travelers with disabilities Experience the real Bahamas with Moon's practical tips and local know-how. Looking for more island adventures? Check out Moon Aruba, Moon Bermuda, or Moon Jamaica.

Homeward Bound Sandra Riley, 2000-12 Supporters of the British Crown found life in the Colonies rigorous in the years prior to, during, and after the Revolutionary War. The hazards of war and the inequities of peace forced many American Loyalists into Bahamian exile.

Black Seminoles in the Bahamas Rosalyn Howard, 2023-05-01 An excellent case study of a little-studied and poorly known community experiencing the processes of identity formation and

culture change.--Brent R. Weisman, University of South Florida

This is the first full-length ethnography of a unique community within the African diaspora. Rosalyn Howard traces the history of the isolated Red Bays community of the Bahamas, from their escape from the plantations of the American South through their utilization of social memory in the construction of new identity and community. Some of the many African slaves escaping from southern plantations traveled to Florida and joined the Seminole Indians, intermarried, and came to call themselves Black Seminoles. In 1821, pursued and harassed by European Americans through the First Seminole War, approximately 200 members of this group fled to Andros Island, where they remained essentially isolated for nearly 150 years. Drawing on archival and secondary sources in the United States and the Bahamas as well as interviews with members of the present-day Black Seminole community on Andros Island, Howard reconstructs the story of the Red Bays people. She chronicles their struggles as they adapt to a new environment and forge a new identity in this insular community and analyzes the former slaves' relationship with their Native American companions. Black Seminoles in contemporary Red Bays number approximately 290, the majority of whom are descended

directly from the original settlers. As part of her research, Howard lived for a year in this small community, recording its oral history and analyzing the ways in which that history informed the evolving identity of the people. Her treatment dispels the air of mystery surrounding the Black Seminoles of Andros and provides a foundation for further anthropological and historical investigations.

The Bahamas Emily Matchar, Tom Masters, 2011 Scattered like a handful of pirate's gold across 100,000 sq miles of turquoise ocean, the islands of the Bahamas could practically patent the word paradise. This guide shows you everything you need to know about touring this beautiful place.

A History of the Bahamas. (Second Edition.) [With Plates.].

Michael Craton, 1968

Race Relations in the Bahamas, 1784-1834 Whittington

Bernard Johnson, Johnson Whittington, 2000-01-01 This deeply researched, clearly written book is a history of black society and its relations with whites in the Bahamas from the close of the American Revolution to emancipation. Whittington B. Johnson examines the communities developed by free, bonded, and mixed-race blacks on the islands as British colonists and American loyalists unsuccessfully tried to establish a plantation economy. The author explores how relations between the races developed civilly in this region, contrasting it with the harsher and more violent experience of other Caribbean islands as well as the American South. Interpreting church documents and Colonial Office papers in a new light, Johnson presents a more favorable conclusion than previously advanced about the conditions endured by victims of the

African Diaspora and by Creoles in the Bahama Islands. He makes use of an impressive and important body of archival and secondary research. *Race Relations in the Bahamas* will be of great interest to southern historians, historians of slave societies and black communities, scholars of race relations in general, and general readers in the Bahamas.

U-Boats in the Bahamas (HC) Eric Wiberg, 2016-10-21 “Eric Wiberg's ability, to unearth obscure historical facts, keeps me in a constant state of surprise. I commend his relentless determination to verify every detail, with local sources in Nassau's historical community, for corroboration of his findings.”—Capt. Paul C. Aranha, author, *THE ISLAND AIRMAN . . . AND HIS BAHAMA ISLANDS HOME*. “Eric Wiberg has made a significant contribution to the bibliography of World War II history.” —J. Revell Carr, Santa Fe, N.M. This his book tells one more key part of the big story and is one more piece in the giant puzzle of the history of World War II. Its value for historians cannot be underestimated. Throughout the stories of the attacks by German and Italian submarines on Allied shipping in the water around the Bahamas and the Turks and Caicos, several consistent themes emerge in Wiberg's thorough accounts. Prime among them is the heroism of the merchant

mariners who time and again put themselves in danger as they performed the critical task of moving supplies, military and civilian, which were vital to ultimate victory. We read of numerous instances of sailors having their ships shot out from under them and then continuously going back to sea and having additional ships torpedoed and sunk. We can also recognize what we know today as Post Traumatic Stress Disorder (PTSD), which was seldom recognized 75 years ago.

The Cruise of Columbus in the Bahamas, 1492 Joseph Ballard Murdock, 1884

Bush Medicine of the Bahamas Jeffrey Holt McCormack, 2011

Cruising by MailBoat: History, Culture and Adventure in the Bahama Islands Captain Fred Braman, USN(ret), 2021-04-01 A lifelong sailor tried a different way to cruise The Bahamas - MailBoats! Spared from navigational duties and weather planning requirements of cruising sailors, mailboats brought their own set of travel challenges. It all turned into a grand adventure for this sailor and old septuagenarian friends! Travel along with us and visit the real Bahamas and meet real Bahamians! Learn something about a beautiful, interesting, and friendly country and about mailboats and how to travel on them. Partake in our adventures, and then maybe

go yourself!!

The Natural History of The Bahamas Dave Currie, Joseph M. Wunderle, Jr., Ethan Freid, David N. Ewert, D. Jean Lodge, 2019-10-15 Take this book with you on your next trip to the Bahamas or the Turks and Caicos Islands or keep it close to hand in your travel library. The Natural History of the Bahamas offers the most comprehensive coverage of the terrestrial and coastal flora and fauna on the islands of the Bahamas archipelago, as well as of the region's natural history and ecology. Readers will gain an appreciation for the importance of conserving the diverse lifeforms on these special Caribbean islands. A detailed introduction to the history, geology, and climate of the islands. Beautifully illustrated, with more than seven hundred color photographs showcasing the diverse plants, fungi, and animals found on the Bahamian Archipelago.

The Bahamas Rediscovered Nicolas Popov, Dragan Popov, 1992 Representing a rich culture and lifestyle that is changing rapidly, this book presents The Bahamas' history from the time of Columbus 500 years ago and rediscovers the unique features of each one of its islands. Stretching 600 miles from Inagua in the south to Walkers Cay in the north, and nearly as far along the

Tropic of Cancer from San Salvador in the east to Cay Sal in the west, The Bahamas is the largest of all island chains in the Caribbean. Its 700 islands, with their numerous rocks and small cays, are surrounded by large banks.

Spanish Wells Bahamas Christopher L. Cirillo, 2010-11-29 A No. 1 Amazon.com Bestseller Caribbean-Travel Book, *Spanish Wells Bahamas | The Island, The People, The Allure*, is written for those who want to explore a true outpost island paradise. In addition to providing the travel-planning essentials necessary to enjoy a perfect vacation, Christopher Cirillo introduces you to some of the fascinating people that make this two-mile island special, from top archaeologists to quilters, shopkeepers to lobster divers. Hell take you beneath the waves at the Devils Backbone coral reef and bring you face-to-face with the islands resident manatees. Packed with over 50 photos and illustrations, the pages come to life as Cirillo unearths four centuries of the islands rich history, examines the unique culture, and shares some of the legends that surround Spanish Wells and the people that call the island home. To learn more go to www.SpanishWellsBook.com. Here, read updated information about the island, enjoy color photographs from Spanish Wells and other beautiful destinations, contact Bestselling

Author Christopher Cirillo and follow along as he explores incredible destinations and shop for unique gifts in his on-line store where every purchase benefits worthwhile causes and local artisans from around the globe.

The Bahamas in American History Keith Tinker, 2011-11-30

THIS BOOK EXPLORES the many complex historical connections between the United States of America and the Commonwealth of The Bahamas. Beginning with an overview of shared early Spanish colonization, the book is the first attempt to provide a comprehensive study of the impact of the sequential development of the United States on events in the emerging Bahamas, placing the heretofore marginalized history of the island nation firmly into the orbit of Atlantic historiographical literature. Among other things, the book sheds light on the role played by the islands in a series of significant events in the U.S. history. These include the American Revolution, in which four of the initial official military actions of the fledgling U.S. Navy comprised repeated invasions of British-controlled Nassau, capital of the Bahamas; the American Civil War during which Nassau became one of the main bases for supply of vital goods and ammunition to the Confederacy; the intrigues of the Volstead Act, which legislated prohibition but also

caused the temporary transformation of Bahama Islands into major transshipment centers for the smuggling of alcoholic beverages to a multitude of prohibition-defiant and thirsty Americans; and the significant role placed by Bahamian migrants in the creation of the city of Miami and other areas of south Florida. The author draws on a wealth of tapped and untapped primary sources and presents a new perspective on the Bahamian experience that helped to define the self-proclaimed American credo of Manifest Destiny.

The Natural History of the Bahamas Dave Currie, Joseph M. Wunderle, Ethan Freid, David N. Ewert, Deborah Jean Lodge, 2019 Includes color photos and descriptions of the terrestrial flora and fauna commonly observed in the Bahamas archipelago and provides a brief summary of the geology, history, climate and weather, important habitats, role of humans in habitat disturbance, and conservation issues. Written for a general audience--Provided by publisher.

Bahamas: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into

the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of

literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
