William MacAskill

*Together Is Better* Simon Sinek, 2016-09-13 Simon Sinek sparked a movement with his bestsellers *START WITH WHY* and *LEADERS EAT LAST*. Now this beautifully illustrated book will inspire more readers to ask for help, help others, and discover their own courage through a charming story about change. Life is a series of choices. Do we go left or right? Jump forward or hold back? Sometimes our choices work out for the better...and sometimes they don't. But there is one choice, regardless of every other decision, that profoundly affects how we feel about our journey: Do we go alone or do we go together? It is the courageous few who ask for help. It is the giving few willing to help others. We can all find the courage we need and know the joy of service – the minute we learn that together is better. Filled with inspiring quotes, this richly illustrated fable tells a delightful story of three kids who go on a journey to a new playground and take a stand for what they believe. The story is a metaphor for anyone looking to make a change or wondering how to pursue their dreams. And the message is simple: relationships – real, human relationships – really, really matter. The stronger our relationships, the stronger the bonds of trust and cooperation, the more we can accomplish and the more joy and fulfillment we get from our work and personal lives. The three heroes are archetypes who represent us all at various points in our lives. Their main challenge is the same one we face every day: How can we find the things we're looking for? According to Sinek, if we each do our part to help advance a shared vision, we can build the world we imagine. In addition to the story itself, Sinek shares such profound lessons as:

- A team is not a group of people that work together. A team is a group of people that trust each other.
- Fight against something and

we focus on the thing we hate. Fight for something and we focus on the thing we love. · Working hard for something we don't care about is called stress. Working hard for something we love is called passion. · A star wants to see himself rise to the top. A leader wants to see those around him become stars. Together is Better was designed to be given as a gift to someone you want to inspire, or to say thank you to someone who inspires you. It's completely different from Sinek's previous work. It may look like a children's book, but it's definitely for adults. This book includes a special page featuring the Scent of Optimism.

**Your Best Just Got Better** Jason W. Womack, 2012-02-07 Imagine if your best just got better every single day In Your Best Just Got Better, productivity expert Jason Womack teaches readers that working longer hours doesn't make up for a flawed approach to productivity and performance. Workers need to clarify their habits, build mindset-based strategies, and be proactive. Womack's signature workplace performance techniques offer specific strategies to consistently and incrementally improve performance. Readers will: Understand the fundamentals of workflow and the principles of human performance Arm themselves with the tools and the processes to get more of their work done, on time, with fewer resources, and with less stress Making your best better won't happen overnight, but learning how to effectively manage just a few critical success factors lead to an effective workday and an overall successful professional career.

**The Book of Better** Chuck Eichten, 2011-11-01 I have diabetes. I've lived with it for years and years. I've done everything to learn as much as I can about it. I've made more idiot mistakes—accidentally and on purpose—with diabetes than you think would be safe. I've managed to stay very healthy. And by some

standards, my life is pretty “normal.” Throughout my extended career as a person with diabetes, the most important fact I have learned is that ANY BIT BETTER (...3%...5%...28%...91%...) IS STILL BETTER. It might be the most important thing you can know about your diabetes. Maybe we can’t make it go away. Maybe we can’t make it perfect. Maybe we’re still mad that we got stuck with it. But we absolutely CAN make it BETTER. It’s not always easy, but it’s not complicated either. Diabetes gets Better if you make it Better.

**Better** Amy Robach,2015 In this very personal book, Good Morning America anchor Amy Robach retraces the 12 months following her breast cancer diagnosis in October 2013, revealing details about her on-air mammogram on GMA, her treatment and its impact on her work life and family life, and her emotional journey from initial shock and devastation to resilience, bravery, and hope.--

A Feel Better Book for Little Worriers Holly Brochmann,Leah Bowen,2020-11-04 Worries can feel like a BIG problem to a LITTLE kid! A Feel Better Book for Little Worriers assures kids that having some worries is normal — everyone has them, even adults! The rhyming narration helps little kids to identify a worry and where it might come from, as well as provides them with helpful tools to reduce and cope with worries. Includes a Note to Parents and Caregivers that expands on the cognitive-behavioral science behind the strategies and tools presented in the book, with more information on how you can help your little worrier to stay calm.

**Doing Good Better** William MacAskill,2015-07-28 Most of us want to make a difference. We donate our time and money to charities and causes we deem worthy, choose careers we consider meaningful, and

patronize businesses and buy products we believe make the world a better place. Unfortunately, we often base these decisions on assumptions and emotions rather than facts. As a result, even our best intentions often lead to ineffective—and sometimes downright harmful—outcomes. How can we do better? While a researcher at Oxford, trying to figure out which career would allow him to have the greatest impact, William MacAskill confronted this problem head on. He discovered that much of the potential for change was being squandered by lack of information, bad data, and our own prejudice. As an antidote, he and his colleagues developed effective altruism, a practical, data-driven approach that allows each of us to make a tremendous difference regardless of our resources. Effective altruists believe that it's not enough to simply do good; we must do good better. At the core of this philosophy are five key questions that help guide our altruistic decisions: How many people benefit, and by how much? Is this the most effective thing I can do? Is this area neglected? What would have happened otherwise? What are the chances of success, and how good would success be? By applying these questions to real-life scenarios, MacAskill shows how many of our assumptions about doing good are misguided. For instance, he argues one can potentially save more lives by becoming a plastic surgeon rather than a heart surgeon; measuring overhead costs is an inaccurate gauge of a charity's effectiveness; and, it generally doesn't make sense for individuals to donate to disaster relief. MacAskill urges us to think differently, set aside biases, and use evidence and careful reasoning rather than act on impulse. When we do this—when we apply the head and the heart to each of our altruistic endeavors—we find that each of us has the power to do an astonishing amount of good.

**Brag Better** Meredith Fineman, 2020-06-16 This effortless and unapologetic approach to self-promotion

will manage your anxiety and allow you to champion yourself. Does talking about your accomplishments feel scary or icky because you're worried people will think you're obnoxious? Does it feel more natural to put your head down and do the work? Are you tired of watching the loudest people in your industry get disproportionate praise and rewards? If you answered yes to any of the above, you might be self-sabotaging. You need to learn to Brag Better. Meredith Fineman has built a career working with The Qualified Quiet: smart people who struggle to talk about themselves and thus go underestimated or unrecognized. Now, she shares the surefire and anxiety-proof strategies that have helped her clients effectively communicate their achievements and skillsets to others. Bragging Better doesn't require false bravado, talking over people, or pretending to be more qualified than you are. Instead, Fineman advocates finding quiet confidence in your opinions, abilities, and background, and then turning up the volume. In this book, you will learn the career-changing tools she's developed over the past decade that make bragging feel easy, including: Get remembered by focusing your personal brand and voice on key adjectives (like effective, subtle, and edgy) Practice explaining what you do in simple, sticky terms to earn respect and recognition from the public and people at work. Eliminate words that undermine your work and find better ones--like your bio saying you're trying or attempting to do something instead that you ARE doing it. If you're ready to begin Bragging Better--to telling the truth about your accomplishments with grace and confidence--this book is for you.

**Again, but Better** Christine Riccio, 2019-05-07 **\*\*INSTANT NEW YORK TIMES BESTSELLER\*\***  
From one of the most followed booktubers today, comes Again, but Better, a story about second chances,

discovering yourself, and being brave enough to try again. Shane has been doing college all wrong. Pre-med, stellar grades, and happy parents...sounds ideal -- but Shane's made zero friends, goes home every weekend, and romance...what's that? Her life has been dorm, dining hall, class, repeat. Time's a ticking, and she needs a change -- there's nothing like moving to a new country to really mix things up. Shane signs up for a semester abroad in London. She's going to right all her college mistakes: make friends, pursue boys, and find adventure! Easier said than done. She is soon faced with the complicated realities of living outside her bubble, and when self-doubt sneaks in, her new life starts to fall apart. Shane comes to find that, with the right amount of courage and determination one can conquer anything. Throw in some fate and a touch of magic - the possibilities are endless.

*Better* Atul Gawande, 2010-07-09 The struggle to perform well is universal, but nowhere is this drive to do better more important than in medicine. In his new book, Atul Gawande explores how doctors strive to close the gap between best intentions and best performance in the face of obstacles that sometimes seem insurmountable. His vivid stories take us to battlefield surgical tents in Iraq, to a polio outbreak in India and to malpractice courtrooms around the country. He discusses the ethical dilemmas of doctors' participation in lethal injections, examines the influence of money on modern medicine and recounts the astoundingly contentious history of hand-washing. Finally, he gives a brutally honest insight into life as a practising surgeon. Unflinching but compassionate, Gawande's investigation into medical professionals and their progression from good to great provides a detailed blueprint for success that can be used by everyone.

*Learn Better* Ulrich Boser, 2019-09-03 For centuries, experts have argued that learning was about

memorizing information: You're supposed to study facts, dates, and details; burn them into your memory; and then apply that knowledge at opportune times. But this approach to learning isn't nearly enough for the world that we live in today, and in *Learn Better* journalist and education researcher Ulrich Boser demonstrates that how we learn can matter just as much as what we learn. In this brilliantly researched book, Boser maps out the new science of learning, showing how simple techniques like comprehension check-ins and making material personally relatable can help people gain expertise in dramatically better ways. He covers six key steps to help you "learn how to learn," all illuminated with fascinating stories like how Jackson Pollock developed his unique painting style and why an ancient Japanese counting device allows kids to do math at superhuman speeds. Boser's witty, engaging writing makes this book feel like a guilty pleasure, not homework. *Learn Better* will revolutionize the way students and society alike approach learning and makes the case that being smart is not an innate ability—learning is a skill everyone can master. With Boser as your guide, you will be able to fully capitalize on your brain's remarkable ability to gain new skills and open up a whole new world of possibilities.

*Better Nutrition*, 1999-01 Reaching nearly 1 million readers monthly, *Better Nutrition* celebrates 70 years as a leading in-store distributed magazine for health conscious consumers. Widely distributed to thousands of health-food stores and grocery chains across the country, *Better Nutrition* provides authoritative, well-researched information on food nutrition, dietary concerns, supplements and other natural products.

**Becoming Better Grownups** Brad Montague, 2020-03-31 A New York Times-bestselling author looks

for the meaning of a good life by seeking advice from the very young and the very old. When his first book tour ended, Brad Montague missed hearing other people's stories so much that he launched what he dubbed a Listening Tour. First visiting elementary schools and later also nursing homes and retirement communities, he hoped to glean new wisdom as to how he might become a better grownup. Now, in this playful and buoyant book, he shares those insights with rest of us --timeless, often surprising lessons that bypass the head we're always stuck in, and go straight to the heart we sometimes forget. Each of the book's three sections begins with the illustrated story of The Incredible Floating Girl. Brad weaves this story together with lessons of success, fear, regret, gratitude, love, happiness, and dreams to reveal the true reason we are here: to fly, and to help others fly. Beautifully designed and featuring Montague's own whimsical 4-color illustrations that appeal to the kid in all of us, *Becoming Better Grownups* shares the purpose and meaning we can all discover merely by listening, and reveals that--in a world that seems increasingly childish--the secret to joy is in fact to become more childlike.

**The Better Brain Book** David Perlmutter, Carol Colman, 2005-08-02 From the author of the #1 New York Times bestseller *Grain Brain* and New York Times bestseller *Brain Maker*... Loss of memory is not a natural part of aging—and this book explains why. Celebrated neurologist David Perlmutter reveals how everyday memory-loss—misplacing car keys, forgetting a name, losing concentration in meetings—is actually a warning sign of a distressed brain. Here he and Carol Colman offer a simple plan for repairing those problems, clarifying misconstrued connections between memory loss and aging, and regaining and maintaining mental clarity by offering the tools for: Building a better brain through nutrition, lifestyle

changes, and brain workouts Coping with specific brain disorders such as stroke, vascular dementia, Alzheimer's, Parkinson's, multiple sclerosis, and Lou Gehrig's disease Understanding risk factors and individually tailoring a diet and supplementary program Features a Life Style Audit, quizzes, a brain fitness program with the most effective ways to exercise your brain, and a nutritional program that details the best brain food and supplements.

Better Than Before Gretchen Rubin, 2015-03-17 NEW YORK TIMES BESTSELLER • The author of *The Happiness Project* and “a force for real change” (Brené Brown) examines how changing our habits can change our lives. “If anyone can help us stop procrastinating, start exercising, or get organized, it’s Gretchen Rubin. The happiness guru takes a sledgehammer to old-fashioned notions about change.”—Parade Most of us have a habit we’d like to change, and there’s no shortage of expert advice. But as we all know from tough experience, no magic, one-size-fits-all solution exists. It takes work to make a habit, but once that habit is set, we can harness the energy of habits to build happier, stronger, more productive lives. In *Better Than Before*, acclaimed writer Gretchen Rubin identifies every approach that actually works. She presents a practical, concrete framework to allow readers to understand their habits—and to change them for good. Infused with Rubin’s compelling voice, rigorous research, and easy humor, and packed with vivid stories of lives transformed, *Better Than Before* explains the (sometimes counterintuitive) core principles of habit formation and answers the most perplexing questions about habits: • Why do we find it tough to create a habit for something we love to do? • How can we keep our healthy habits when we’re surrounded by temptations? • How can we help someone else change a habit? Rubin reveals the true secret to habit

change: first, we must know ourselves. When we shape our habits to suit ourselves, we can find success—even if we've failed before. Whether you want to eat more healthfully, stop checking devices, or finish a project, the invaluable ideas in *Better Than Before* will start you working on your own habits—even before you've finished the book.

**This Book Will Teach You How to Write Better** ,2013-08-26 Learn how to get what you want. Learn how to increase your conversion rates. Learn how to make it easier to write anything (using formulas and mind-hacks). The information inside has turned keystrokes from my fingers, into millions of dollars in sales. Some of the concepts inside have been able to turn a poor man, into a rich man, by simply re-arranging some words on a page.

**Get Better** Todd Davis,2017-11-07 The chief people officer at FranklinCovey outlines anecdotal and practical recommendations for how organizations of any size or type can create a competitive advantage by building effective relationships.

**Sleep Smarter** Shawn Stevenson,2016-09-06 Shawn Stevenson is a health expert with a background in biology and kinesiology who has helped thousands of people worldwide to improve their health, through his private work as well as his #1 Nutrition and Fitness podcast on iTunes. In his work, Shawn brings a well-rounded perspective to the perennial question: how can we feel better? In investigating complex health issues such as weight loss, chronic fatigue and hormone imbalance, Shawn realised that many health problems start with one criminally overlooked aspect of our routine - sleep. In *Sleep Smarter* Shawn explores the little-known and even less-appreciated facts about sleep's influence on every part of our life.

Backed by the latest scientific research and packed with personal anecdotes and tips from leaders in the field of sleep research, this book depicts the dangers of insufficient sleep - from weight retention to memory loss to bad sex to increased risk of disease. In his clear, personable and relatable style Shawn offers 21 simple, immediately applicable ways for readers to take their well-being into their own hands and improve their sleep now

**Breathing Makes It Better** Christopher Willard, Wendy O'Leary, 2019-10-01 2019 Moonbeam Children's Book Awards Winner 2020 Mom's Choice Awards® Gold Recipient An engaging and interactive story showing children ages 3-6 the power of breath when dealing with new and difficult emotions. **Know Better, Do Better** Meredith Liben, David Liben, 2019-05-28 Meredith and David Liben have spent decades transforming education, working as teachers, researchers, leaders, and founders of an alternative public elementary school in Harlem—the Family Academy. The Libens have been on the front lines of the reading wars since 1994, when the Family Academy's first cohort of students failed the NYC end of year reading exam and they were confronted with the question: How can a school with plenty of resources, dedication to outstanding instruction, and support for social and emotional learning fail so spectacularly at teaching children how to read? The answers are collected here in **Know Better, Do Better: Teaching the Foundations So Every Child Can Read**. The Libens have poured through the research, pedagogical movements, and deeply entrenched classroom myths to find the literacy practices and instructional materials that actually improve student learning outcomes. Through their work, the Family Academy reading scores rose to the highest of any non-gifted school in Harlem. The best of intentions aren't enough to make children literate; educators have to know better so they can do better.
