Byrne's Treasury of Trick Shots in Pool and Billiards Robert Byrne,2015-01-27 Fully illustrated—in color for the first time!—with drawings of nearly 350 mind-boggling trick shots, Byrne's Treasury of Trick Shots in Pool and Billiards will teach you everything from the basic "butterfly formation" to the most difficult and impressive shots. Robert Byrne will help novice and experienced players alike perfect their trick shots and learn about the historical context of each trick. Trick shots are anything amusing, surprising, or educational that can be done on a pool or billiard table with standard accessories, and have been around as long as the game itself. Byrne demonstrates historical shots, including some invented by the famous Captain Mingaud, the world's first professional exhibition player, and newer tricks seen while travelling to tournaments around the world. Filled with easy as well as hard, and technical as well as showy tricks, the book's clear diagrams, paired with secret insider tips, describe simpler stunts for the beginner, those that take years of practice, and some that the author doubts you'll ever be able to do. Whether you want to impress a crowd, a group of friends, or yourself, Byrne's wild, stunning, and unforgettable trick shots will make you question some principles of physics and wow an audience of one or one-hundred. The Sport of Pool Billiards 1 Ralph Eckert,2015-05-08 Together with his partners Andreas Huber, Jorgen Sandman and Dirk Schwiewager the author developed the PAT System (Playing Ability Test), a standardized evaluation and training system for pool billiards that has been recognized by the WPA (World Pool-Billiard Association) and the European association EPBF. The player's level is checked at regular intervals in a series of tests, for which points and emblems are awarded. This book is written for beginners through to slightly advanced players who want to make their game of pool more professional using the PAT systems and generally have more fun playing (PAT 1). The training units in the book are accompanied by comments from the German national trainer Andreas Huber, a graduate of engineering born in 1969. Andreas is an expert pool billiards player who also helped to develop the PAT System as well as setting up the Dachau Billiards Academy. His tips on how to play in practice draw on a wealth of expertise and experience collected over years as a player and trainer.
