**Pale Blue Dot** Carl Sagan, Ann Druyan, 2011-07-06 “Fascinating . . . memorable . . . revealing . . . perhaps the best of Carl Sagan’s books.”—The Washington Post Book World (front page review) In *Cosmos*, the late astronomer Carl Sagan cast his gaze over the magnificent mystery of the Universe and made it accessible to millions of people around the world. Now in this stunning sequel, Carl Sagan completes his revolutionary journey through space and time. Future generations will look back on our epoch as the time when the human race finally broke into a radically new frontier—space. In *Pale Blue Dot*, Sagan traces the spellbinding history of our launch into the cosmos and assesses the future that looms before us as we move out into our own solar system and on to distant galaxies beyond. The exploration and eventual settlement of other worlds is neither a fantasy nor luxury, insists Sagan, but rather a necessary condition for the survival of the human race. “Takes readers far beyond *Cosmos* . . . Sagan sees humanity’s future in the stars.”—Chicago Tribune

*Reclaiming Conversation* Sherry Turkle, 2016-10-04 “In a time in which the ways we communicate and connect are constantly changing, and not always for the better, Sherry Turkle provides a much needed voice of caution and reason to help explain what the f\*\*\* is going on.” —Aziz Ansari, author of *Modern Romance* Renowned media scholar Sherry Turkle investigates how a flight from conversation undermines our relationships, creativity, and productivity—and why reclaiming face-to-face conversation can help us regain lost ground. We live in a technological universe in which we are always communicating. And yet we have sacrificed conversation for mere connection. Preeminent author and researcher Sherry Turkle has been studying digital culture for over thirty years. Long an enthusiast for its possibilities, here she investigates a troubling consequence: at work, at home, in politics, and in love, we find ways around conversation, tempted by the possibilities of a text or an email in which we don’t have to look, listen, or reveal ourselves. We develop a taste for what mere connection offers. The dinner table falls silent as children compete with phones for their parents’ attention. Friends learn strategies to keep conversations going when only a few people are looking up from their phones. At work, we retreat to our screens although it is conversation at the water cooler that increases not only productivity but commitment to work. Online, we only want to share opinions that our followers will agree with – a politics that shies away from the real conflicts and solutions of the public square. The case for conversation begins with the necessary conversations of solitude and self-reflection. They are endangered: these days, always connected, we see loneliness as a problem that technology should solve. Afraid of being alone, we rely on other people to give us a sense of ourselves, and our capacity for empathy and relationship suffers. We see the costs of the flight from conversation everywhere: conversation is the cornerstone for democracy and in business it is good for the bottom line. In the private sphere, it builds empathy, friendship, love, learning, and productivity. But there is good news: we are resilient. Conversation cures. Based on five years of research and interviews in homes, schools, and the workplace, Turkle argues that we have come to a better understanding of where our technology can and cannot take us and that the time is right to reclaim conversation. The most human—and humanizing—thing that we do. The virtues of person-to-person conversation are timeless, and our most basic technology, talk, responds to our modern challenges. We have everything we need to start, we have each other. Turkle's latest book, *The Empathy Diaries* (3/2/21) is available now.

**They All Fall Down: A Novel** Tammy Cohen, 2018-03-06 One Flew Over the Cuckoo’s Nest meets *Orange Is the New Black* in this new psychological thriller, where a new patient suspects that women at her high-risk psychiatric clinic are being stalked by a serial killer . . . Hannah had a perfect life in London—a loving husband, a great job—until she did something shocking. Something that she doesn’t quite understand herself; and now she has landed herself in a high-risk psychiatric unit. Since Hannah has been admitted, two women have died, including Charlie, one of her closest friends in the institution. It’s a high-risk unit, the authorities say. Deaths happen. But Hannah knows Charlie wouldn’t have killed herself. She is convinced there’s a serial killer picking off the patients one by one, passing their deaths off as suicides. But why? And who will believe her? Corinne, Hannah’s mother, is

worried sick about her eldest daughter. She hates that she's ended up in the unit, though she knows it's the best place for her to get the treatment she needs. At first, Corinne assumes Hannah's outlandish claims about a killer in the unit are just another manifestation of her psychological condition, but as she starts to uncover strange inconsistencies surrounding the unit's charismatic director, Dr. Roberts, she begins to wonder if her daughter might have stumbled upon the truth. But who can Corinne trust, when she doesn't even trust her own daughter?

Ruby Rush lost her face to a fire and has been in hiding ever since. When her best friend brings her a magical mirror, she finds herself through the looking glass with Roger Rok, a demigod son of the Norse God of Love. He's looking for a berserker sword to stop the end of the world, and in return for her help, promises her a beauty beyond her wildest dreams. But bargains, as well as mirrors and hearts, are made to be broken—especially when Ruby comes face to face with Hella and is whisked away to her icy realm of death. While Ruby fends with Hella, Roger must deal with the conflicting desires of Odin, Loki, Hella, and Freya while a shapeshifting horsefly turned cockatoo leads or misleads them on their journey to stop Ragnarok. Ruby tries to protect her heart, and Roger does his best to charm and protect her into helping him navigate modern day San Francisco. Writing the Self in Bereavement Reinekke Lengelle,2021-01-07 Winner, ICQI 2022 Outstanding Qualitative Book Award In *Writing the Self in Bereavement: A Story of Love, Spousal Loss, and Resilience*, Reinekke Lengelle uses her abilities as a researcher, poet, and professor of therapeutic writing to tell a heartfelt and fearless story about her grief after the death of her spouse and the year and a half following his diagnosis, illness, and passing. This book powerfully demonstrates that writing can be a companion in bereavement. It uses and explains the latest research on coming to terms with spousal loss without being prescriptive. Integrated with this contemporary research are stories, poetry, and reflections on writing as a therapeutic process. The author unflinchingly explores a number of themes that are underrepresented in existing resources: how one deals with anger associated with loss, what a healthy response might be to unfinished business with the deceased, continuing conversations with the beloved (even for agnostics and atheists), ongoing sexual desire, and secondary losses. As a rare book where an author successfully combines a personal story, heart-rending poetry, up-to-date research on grief, and an evocative exploration of taboo topics in the context of widowhood, *Writing the Self in Bereavement* is uniquely valuable for those grieving a spouse or other loved one, those supporting others in bereavement, and those interested in the healing power of poetry and life writing. Researchers on death and dying, grief counsellors, and autoethnographers will also benefit from reading this resonant resource on love and loss.

Presence Brenda Iijima,2024-01-15 At Treasure Island, a humanly made island in the San Francisco Bay, a performance troupe dressed in hazmat suits articulate gestures that resemble toxic remediation. As they become more attuned to the site and to its history and ecology, enigmatic presences infiltrate their spacetime. Are they from the past, the present, or the future? What is the significance of their sudden arrival? What happens when historical and geological eras converge? Meanwhile, elsewhere, various earth scientists at sites around the globe search for the golden spike: a telltale geologic marker that synchronously indicates a definitive time change in the strata—a change from the Holocene epoch to the Anthropocene. Within their data is Earth's biography, but how is humanity insinuated within this chronology? Throughout *Presence*, encounter and contact are the major elements of consequence, action, implication, and resounding significance. Encounter and contact between timeframes, cultures, ecologies, persons, intuitions, ways of living, and worlding. At these junctures are the moments of possibility-of violence and/or of budding community.

Obsession Jonathan Kellerman,2008-02-26 #1 WASHINGTON POST BESTSELLER • “Jonathan Kellerman's novels are an obsession; once started it is hard to quit.”—Orlando Sentinel Tanya Bigelow was a solemn little girl when Dr. Alex Delaware successfully treated her obsessive-compulsive symptoms. Now, at nineteen, Tanya returns with a curious request: that Delaware investigate her aunt's deathbed confession of murder. While Delaware doubts that Patty Bigelow was capable of such a horrific act, he agrees to look into the matter. Armed with only the vaguest details, Delaware and LAPD detective Milo Sturgis retrace Patty's and Tanya's nomadic and increasingly puzzling life. Then a very real murder tears open a terrifying tunnel into the past, where secrets—and bodies—are buried. As the tension mounts, Delaware and Sturgis uncover a tangled history of desperation, vengeance, and death—a legacy of evil that refuses to die. Praise for *Obsession* “The characters are rich, the story's well-plotted and you won't stop reading.”—Boston Herald “Filled with Kellerman's psychological insight and action-packed drama.”—Toronto Sun

She and her mother won't be staying long in Vermont anyway, and then things can go back to the way they were before everything went wrong. But keeping to herself isn't easy when Ahmad Saleem, a Syrian refugee, decides he's her new best friend. Or when she meets "the Bird Lady," a recluse named Abigail who lives in a ramshackle shed near Ruby's house. Before long Ahmad and Abigail have become Ruby's friends—and she realizes there is more to their stories than everyone knows. As ugly rumors begin to swirl around the people Ruby loves, she must make a choice: break her silence, or risk losing everything that's come to mean so much to her. *Ruby in the Sky* is a story of the walls we hide behind, and the magic that can happen when we're brave enough to break free.

Then the new vicar decides it's time the community was shaken up and that brings together an unlikely alliance of Suzy Spencer, working mother, part time tv producer, sometime (amateur) flower arranger and full time mess, and Robert Clark, conservative widower of the parish. **American Masculine** Shann Ray, 2011-06-21 Winner of the 2010 Bakeless Prize for Fiction, a muscular debut that reconfigures the American West. The American West has long been a place where myth and legend have flourished. Where men stood tall and lived rough. But that West is no more. In its place Shann Ray finds washedup basketball players, businessmen hiding addictions, and women fighting the inexplicable violence that wells up in these men. A son struggles to accept his father's apologies after surviving a childhood of beatings. Two men seek empty basketball hoops on a snowy night, hoping to relive past glory. A bull rider skips town and rides herd on an unruly mob of passengers as he searches for a thief on a train threading through Montana's Rocky Mountains. In these stories, Ray grapples with the terrible hurt we inflict on those we love, and finds that reconciliation, if far off, is at least possible. The debut of a writer who is out to redefine the contours of the American West, *American Masculine* is a deeply felt and fiercely written ode to the country we left behind.
