Kasia Boddy

Boxing Kasia Boddy,2013-06-01 Boxing is one of the oldest and most exciting of sports: its bruising and bloody confrontations have permeated Western culture since 3000 BC. During that period, there has hardly been a time in which young men, and sometimes women, did not raise their gloved or naked fists to one other. Throughout this history, potters, sculptors, painters, poets, novelists, cartoonists, song-writers, photographers and film-makers have been there to record and make sense of it all. In her encyclopaedic investigation, Kasia Boddy sheds new light on an elemental sports and struggle for dominance whose weapons are nothing more than fists. Boddy examines the shifting social, political and cultural resonances of this most visceral of sports, and shows how from Daniel Mendoza to Mike Tyson, boxers have embodied and enacted our anxieties about race, ethnicity, gender and sexuality. Looking afresh at everything from neoclassical sculpture to hip-hop lyrics, Boxing explores the way in which the history of boxing has intersected with the history of mass media, from cinema to radio to pay-per-view. The book also offers an intriguing new perspective on the work of such diverse figures as Henry Fielding, Spike Lee, Charlie Chaplin, Philip Roth, James Joyce, Mae West, Bertolt Brecht, and Charles Dickens. An all-encompassing study, Boxing ultimately reveals to us just how and why boxing has mattered so much to so many.

The Arc of Boxing Mike Silver,2012-09-21 Are today's boxers better than their predecessors, or is modern boxing a shadow of its former self? Boxing historians discuss the socioeconomic and demographic changes that have affected the quality, prominence and popularity of the sport over the past century. Among the interviewees are world-renowned scholars, some of the sport's premier trainers, and former amateur and professional world champions. Chapters cover such topics as the ongoing deterioration of boxers' skills, their endurance, the decline in the number of fights and the psychological readiness of championship-caliber boxers. The strengths and weaknesses of today's superstars are analyzed and compared to those of such past greats as Joe Louis, Sugar Ray Robinson, Jack Dempsey and Jake LaMotta.

The Legality of Boxing Jack Anderson,2007-04-26 The first book of its kind dedicated to an assessment of the legality of boxing, The Legality of Boxing: A Punch Drunk Love? assesses the legal response to prize fighting and undertakes a current analysis of the status of boxing in both criminal legal theory and practice. In this book, Anderson exposes boxing's 'exemption' from contemporary legal and social norms. Reviewing all aspects of boxing - historical, legal, moral, ethical, philosophical, medical, racial and regulatory - he concludes that the supposition that boxing has a (consensual) immunity from the ordinary law of violence, based primarily on its social utility as a recognised sport, is not as robust as is usually assumed. It: suggests that the sport is extremely vulnerable to prosecution and might in fact already be illegal under English criminal law outlines the physical and financial exploitation suffered by individual boxers both inside and outside the ring, suggesting that standard boxing contracts are coercive thus illegal and that boxers do not give adequate levels of informed consent to participate advocates a number of fundamental reforms, including possibly that the sport will have to consider banning blows to the head proposes the creation of a national boxing commission in the US and a similar entity in the United Kingdom, which together would attempt to restore the credibility of a sport long know as the red-light district of sports administration. An excellent book, it is a must read for all those studying sports law, popular culture and the law and jurisprudence.

The Black Lights Thomas Hauser,2000-01-01 Originally published in 1986 (McGraw-Hill), The Black Lights was the first book that fully explored the sport and business of professional boxing. Upon joining the training camp of superlightweight Billy Costello, Thomas Hauser was given unprecedented access to the fighter, his manager, and trainer as well as to the real heavyweights of the boxing world, promoter Don King, and World Boxing Council president Jose Sulaiman. The result, according to Playboy in their review of the original, is a book that explains why fighters fight, what they go through to win, and how they feel when they lose. It is a great book. In this gracefully written, fast-paced narrative, the author slips quietly into the background and gives us a firsthand look at a business that is often cruel and exploitative and a sport that is at once violent and beautiful. As the San Francisco Chronicle points out, The Black Lights provides ammunition for both sides in the debate over boxing: Hauser has written what is clearly the most complete and fairminded work on the subject to date. In an age when the controversy surrounding the evils and merits of boxing still rages, this classic account is more timely than ever.

The Berlin Boxing Club Robert Sharenow,2011-05-17 Sydney Taylor Award-winning novel Berlin Boxing Club is loosely inspired by the true story of boxer Max Schmeling's experiences following Kristallnacht. Publishers Weekly called it a masterful historical novel in a starred review. Karl Stern has never thought of himself as a Jew; after all, he's never even been in a synagogue. But the bullies at his school in Nazi-era Berlin don't care that Karl's family doesn't practice religion. Demoralized by their attacks against a heritage he doesn't accept as his own, Karl longs to prove his worth. Then Max Schmeling, champion boxer and German hero, makes a deal with Karl's father to give Karl boxing lessons. A skilled cartoonist, Karl has never had an interest in boxing, but now it seems like the perfect chance to reinvent himself. But when Nazi violence against Jews escalates, Karl must take on a new role: family protector. And as Max's fame forces him to associate with Nazi elites, Karl begins to wonder where his hero's sympathies truly lie. Can Karl balance his boxing dreams with his obligation to keep his family out of harm's way? Includes an author's note and sources page detailing the factual inspirations behind the novel.

Boxing's Strangest Fights Graeme Kent,2015-06-04 That boxing has always attracted colourful, larger-than-life figures is amply borne out by the bizarre collection of true stories gathered together in this fascinating book. Bringing together the rich history and folklore of the fight game, Graeme Kent, who first became interested in boxing after listening to the tales of his sporting grandmother, has amassed over a hundred events in over 250 years of the sport. These intriguing stories include that of the two boxers who scored a double knockout; the bout in which four different decisions were given, and the strange tale of the boxer who had part of his ear bitten off, as well as many other besides. In compiling this collection Graeme Kent has interviewed many fighters and followers of boxing, and the funny and sometimes tragic tales recounted here provide a rich and offbeat alternative history of this ever-popular sport.

Fight Sports and the Church Richard Wolff,2021-02-12 Fighting sports may seem at odds with Christian tradition, yet modern ministries have embraced them as a means for evangelism and social outreach. While news media often sensationalize fighting sports, churches see them as a way to appeal to male congregants, presenting a peace-loving yet tough model of discipleship. From martial arts programs at suburban churches to urban boxing ministries geared towards at-risk youth, this book examines the substantial history of church sponsored training in combat sports, and presents arguments by Christian ethicists about their compatibility with church teachings and settings. Interviews with boxing and martial arts ministry leaders describe their programs and the relationship between fight sports and faith.

The Main Event Richard O. Davies,2014-04-21 Richard O. Davies won Foreword Reviews' INDIEFAB Book of the Year Bronze Medal in Sports for The Main Event: Boxing in Nevada from the Mining Camps to the Las Vegas Strip. Davies' book was chosen as one of the best indie books of 2014. As the twentieth century dawned, bare-knuckle prizefighting was transforming into the popular sport of boxing, yet simultaneously it was banned as immoral in many locales. Nevada was the first state to legalize it, in 1897, solely to stage the Corbett-Fitzsimmons world heavyweight championship in Carson City. Davies shows that the history of boxing in Nevada is integral to the growth of the sport in America. Promoters such as Tex Rickard brought in fighters like Jack Dempsey to the mining towns of Goldfield and Tonopah and presented the Johnson-Jeffries "Fight of the Century" in Reno in 1910. Prizefights sold tickets, hotel rooms, drinks, meals, and bets on the outcomes. It was boxing\--before gambling, prostitution, and easy divorce\--that first got Nevada called "America's Disgrace" and the "Sin State." The Main Event explores how boxing's growth in Nevada relates to the state's role as a social and cultural outlier. Starting in the Rat Pack era, organized gambling's moguls built arenas outside the Vegas casinos to stage championships\--more than two hundred from 1960 to the present. Tourists and players came to see and bet on historic bouts featuring Sonny Liston, Muhammad Ali, George Foreman, Sugar Ray Leonard, Mike Tyson, and other legends of the ring. From the celebrated referee Mills Lane to the challenge posed by mixed martial arts in contemporary Las Vegas, the story of boxing in Nevada is a prism for viewing the sport. Davies utilizes primary and secondary sources to analyze how boxing in the Silver State intersects with its tourist economy and libertarian values, paying special attention to issues of race, class, and gender. Written in an engaging style that shifts easily between narrative and analysis, The Main Event will be essential reading for sports fans and historians everywhere.

Metro Detroit Boxing Lindy Lindell,2001 Boxing seemed to spring up in Detroit as early as 1900: heavyweight champ Jim Jeffries and future heavyweight champ Tommy Burns fought that year. With the emergence of Joe Louis in the 1930s and Thomas Mearns in the late 1970s, Motown enjoyed surges of interest in the sport. At the dawn of a new millenium, the presence of three casinos has given the sport another revival of interest in the city. Metro Detroit Boxing showcases over 180 photographs that reveal not only the personalities who have enlivened the sport in the Detroit area, but also the places in which boxers, trainers, managers, and promoters fought, trained, lived, worked, and recreated. Photographs include where Joe Louis went to school, trained, and fought. Various boxing celebrities, including Muhammad Ali, are caught for the camera, socializing with eminent politicians and other figures of the day.
