The Ecology of Browsing and Grazing Iain J. Gordon,Herbert H.T. Prins,2007-09-14 This volume investigates how large herbivores not only influence the structure and distribution of the vegetation, but also affect nutrient flows and the responses of associated fauna. The mechanisms and processes underlying the herbivores' behavior, distribution, movement and direct impact on the vegetation are discussed in detail. It is shown that an understanding of plant/animal interactions can inform the management of large herbivores to integrate production and conservation in terrestrial systems.

Deer Browsing of Hardwoods in the Northeast Elwood L. Shafer,1965 S2This report deals with the production, utilization, and measurement of hardwood deer browse in the forests of the Northeast. It is basically a review of pertinent literature. To the extent that the cited literature has been selected and interpreted, that conclusions have been drawn, and that recommendations have been made, this report is also an analysis of the problems and research needs in managing forest land for deer. The purpose is to provide a reference tool for both administrators and researchers involved in the technical problems of timber-deer management in this region.S3.

A Portrait of Walt Disney World Kevin Kern,Tim O'Day,Steven Vagnini,2021-09-28 This expansive, must-have coffee table book paints a robust portrait of the Walt Disney World Resort, across half a century, through diverse and vibrant voices and mostly unseen Disney theme park concept art and photographs. Walt Disney's vision for the Florida Project begins with Disneyland and the 1964-1965 New York World's Fair. After an

imaginative and expansive design, a unique land acquisition process, and an innovative construction period, the Walt Disney World Resort celebrated its Grand Opening in October 1971. It featured a theme park dubbed the Magic Kingdom and three recreational resorts: Disney's Contemporary Resort, Disney's Polynesian Village, and Disney's Fort Wilderness Resort & Campground. As Walt Disney World consistently grew and further evolved through the five decades that followed, certain themes reverberated: an appreciation for nostalgia, a joy for fantasy, a hunger for discovery, and an unending hope for a better tomorrow. Inspirational and memorable theme parks, water parks, sports arenas, recreational water sports, world-class golf courses, vast shopping villages, and a transportation network unlike any other in the world resulted in fun, festive, and familiar characters, traditions, spectacles, merchandise, and so much more. The resort has come to represent the pulse of American leisure and has served as a backdrop for life's milestones both big and small, public and private. Walt Disney World: A Portrait of the First Half Century serves as a treasure trove for vacationers, students of hospitality, artists, and all Disney collectors. The Ecology of Browsing and Grazing II Iain J. Gordon, Herbert H. T.

Prins, 2019-11-12 Domestic and wild large mammalian herbivores occur on every continent except Antarctica. Through their browsing and grazing, they affect the structure and distribution not only of vegetation, but also of associated fauna. Consequently, the interactions between management practices and herbivore populations influence the biodiversity, structure and dynamics of ecosystems across vast expanses around the globe: signs of human activity that will be detectable for epochs to come. As a follow-up work to *The Ecology of Browsing and Grazing*, published in 2008, this new volume presents cutting-edge research on the behaviour, distribution, movement, and direct and indirect impacts of domestic and wild herbivores on terrestrial ecosystems. The respective chapters highlight strategic and applied research on cross-cutting issues in palaeontology and ecology, and provide concrete recommendations on the management of large herbivores to integrate production and conservation in terrestrial systems. Given its scope, the book will appeal to students, researchers and anyone interested in understanding these fascinating wild animals and how they shape the natural world.

Paint by Sticker Kids: Zoo Animals Workman Publishing, 2016-09-20 Find the sticker, peel the sticker, place the sticker. And sticker by sticker, a koala appears! Or an elephant,

frog, red panda, puffin, peacock, snake, giraffe, tiger, or gorilla. (And no mess to clean up!) Designed for children ages 5 and up, Paint by Sticker Kids: Zoo Animals uses low-poly art—a computer style that renders 3-D images out of polygon shapes—and removable color stickers so that kids can create 10 vibrant works of art. The stickers are larger, as befits the younger audience, and the card stock pages are perforated for easy removal, making them suitable for displaying.

My Bookstore Ronald Rice, 2017-04-11 In My Bookstore our favorite writers—from Elin Hilderbrand, to John Grisham, to Dave Eggers—express their adoration and admiration for their favorite bookstores and booksellers. The relationship between a writer and her local bookstore can last for years or even decades. Often it is the author's local store that supported her during the early days of her career and that works tirelessly to introduce her work to new readers. But authors are also readers and customers, just like us. For them, as for most of us, bookstores serve as the anchor for our communities, the place that introduces us to new ideas (and new neighbors), and that sets our children on the path to becoming lifelong readers and lovers of books. Brimming with original, deeply moving, funny, and exceedingly well-crafted tributes to bookstores, from Longfellow Books in Portland, Maine (Ron Currie, Jr.) to Powells City of Books in Portland, Oregon (Chuck Palahniuk) and everywhere in between, My Bookstore is a joyful celebration of our bricks-and-mortar stores and a clarion call to readers everywhere at a time when the value and importance of these stores should be shouted from the rooftops.
