N Noddings

A Brief History of Telephone Accounting Charles Gilbert Du Bois,1913

The Call Center Dictionary Madeline Bodin,2002-01-03 Your company needs a call center to be competitive in the 21st century. This book is your guide to the technology, techniques, and trends in today's call centers. The Call Center Dictionary contains all the information you need to: Understand: Your boss, Computer Based Call Accounting Software ,1986-10

Telephone Call Accounting Market Frost and Sullivan Staff,1986-02-01

The Call Center Handbook Keith Dawson,2007-03-30 This book is for people who work in a call center and common traits the call center location must offer. It contains practical observations about how to use particular technologies, and ideas about how to run the call center, which has become its own corporate discipline.

IRS Telephone Assistance United States. General Accounting Office,2001

Called to Account Paul M. Clikeman,2013-07-24 Selected as an Outstanding Academic Title by Choice Magazine in 2014! Called to Account takes a broad perspective on how financial frauds have shaped the public accounting profession by focusing on cases of fraud around the globe. Ever entertaining and educational, the book traces the development of the accounting standards and legislation put in place as a direct consequence of these epic scandals. The new edition offers updated chapters on ZZZZ Best and Arthur Andersen, plus new chapters devoted to Parmalat, Satyam, and The Great Recession. Through stories like Barry Minkow’s staged constructions sites and MiniScribe’s fake inventory number generating computer program, Cook Book, students will learn that fraud is nothing new, and that financial reform is heavily influenced by politics. With discussion questions and a useful chart showing instructors and students how each chapter illustrates the topics covered in other textbooks, Called to Account is the ideal companion for any class in auditing, advanced accounting or forensic accounting.

The Electronic Supervisor ,1987

The Electronic supervisor : new technology, new tensions. ,

Computer Telephony Integration William A. Yarberry Jr.,2002-12-17 Since the publication of the first edition, the CTI world has changed significantly. Where it was once focused on the integration of voice systems with computers, the focus is now on IP-based voice, or converged networks and services. Today, the telcos are upgrading their systems from circuit-switched to IP-based packet-switched networks. Companies

Network World ,1987-04-20 For more than 20 years, Network World has been the premier provider of information, intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations. Readers are responsible for designing, implementing and managing the voice, data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce.
