The Camera Ansel Adams,2018-03-20 Ansel Adams (1902-1984) produced some of the 20th century's most iconic photographic images and helped nurture the art of photography through his creative innovations and peerless technical mastery. The Camera--the first volume in Adams' celebrated series of books on photographic techniques--has taught generations of photographers how to harness the camera's artistic potential. This time-honored handbook distills the knowledge gained through a lifetime in photography and remains as vital today as when it was first published. Along with visualization, image management, Adams' famous Zone System, and other keys to photographic artistry, The Camera covers 35mm, medium-format, and large-format view cameras, while offering detailed advice on camera components such as lenses, shutters, and light meters. Beautifully illustrated with photographs as well as instructive line drawings, this classic manual belongs on every serious photographer's bookshelf. Adams is a clear-thinking writer whose concepts cannot but help the serious photographer. - New York Times A master-class kind of guide from an undisputed master. - Publishers Weekly Over 1 million copies sold. Publisher's Note: This ebook of The Camera works best as a digital companion to the print edition. The ebook was produced by electronically scanning and digitizing a print edition, and as a result, your reading device may display images with halftone or moiré patterns.

The Camera Sandy Pobst,2004-12-15 Looks at the history of the camera, its present-day use, and its evolution throughout the years.

In Camera: How to Get Perfect Pictures Straight Out of the Camera Gordon Laing,2020-03-05 With amazing low-light capabilities, incredible definition, intelligent autofocus and a host of other features, digital cameras have now become so powerful that they have left their users behind. Most photographers can take competent shots in a range of conditions, or fix imperfect exposures in Photoshop or Lightroom, but very few have the skill to push their cameras to the limit and capture the perfect shot, under all conditions, with no post-processing required. In Camera is the perfect way to take your photography to that level; to master your camera, understand light, exposure and composition, and make amazing photographs, whatever your camera, without cheating after the event. One hundred of Gordon's beautiful photos are given with his own expert commentary; full settings and camera details are included, and a host of tips and tricks let photographers of any level learn something from every example. The shots are taken with a wide range of cameras, and the emphasis is on getting results by improving your own skills, not wasting money on expensive equipment.

Police Power and the Video Revolution Mary D. Fan,2019-05-09 This is the first book on the policy questions raised by two revolutions in recording the police - copwatching and police-worn body cameras. This accessible book with compelling stories and coverage of the most important debates over proof, privacy and police regulation will appeal broadly to students, laypersons, practitioners, and experts.

Karsh David Travis,2012-06-15 The renowned photographer reveals the stories behind his iconic images in this definitive collection of portraits and personal reflections. Portrait photographer Yousuf Karsh captured some of the twentieth century's most influential personalities—from Winston Churchill to Muhammad Ali, Albert Einstein, Mother Theresa, and many others—in photographs that became as recognizable as their subjects. Karsh: Beyond the Camera presents a chronological overview of the photographer's work, paired with his own reflections about each image and the time he spent one-on-one with the subject. Edited by veteran curator David Travis, Karsh: Beyond the Camera is a fascinating study of the photographer's technical and stylistic development over the course of his career. Drawing on extensive interviews between Karsh and his long-time assistant, Jerry Fielder, it also shares a rare and intimate look at the man's life from surviving the Armenian genocide to becoming one of the world's most sought-after portrait photographers. "Famously reticent about his work, this is a rare invitation to learn the stories behind Karsh's most famous meetings with great men and women, and of his aesthetic choices when met with the challenge of capturing them as they were." —Publishers Weekly

The Best Camera Is The One That's With You Chase Jarvis,2009-09-18 A beacon of creativity with boundless energy, Chase Jarvis is well known as a visionary photographer, director, and social artist. In *The Best Camera Is The One That's With You*, Chase reimagines, examines, and redefines the intersection of art and popular culture through images shot with his iPhone. The pictures in the book, all taken with Chase's iPhone, make up a visual notebook—a photographic journal—from the past year of his life. The book is full of visually-rich iPhone photos and peppered with inspiring anecdotes. Two megapixels at a time, these images have been gathered and bound into a book that represents a stake in the ground. With it, Chase underscores the idea that an image can come from any camera, even a mobile phone. As Chase writes, "Inherently, we all know that an image isn't measured by its resolution, dynamic range, or anything technical. It's measured by the simple—sometimes profound, other times absurd or humorous or whimsical—effect that it can have upon us. If you can see it, it can move you." This book is geared to inspire everyone, regardless of their level of photography knowledge, that you can capture moments and share them with our friends, families, loved ones, or the world at the press of a button. Readers of *The Best Camera Is The One That's With You* will also enjoy the iPhone application Chase Jarvis created in conjunction with this book, appropriately named Best Camera. Best Camera has a unique set of filters and effects that can be applied at the touch of a button. Stack them. Mix them. Remix them. Best Camera also allows you to share directly to a host of social marketing sites via www.thebestcamera.com, a new online community that allows you to contribute to a living, breathing gallery of the best iPhone photography from around the globe. Together, the book, app, and website, represent a first-of-its-kind ecosystem dedicated to encouraging creativity through picture taking with the camera that you already have. *The Best Camera Is The One That's With You*—shoot!

Comprehensive Guide for Camera Collectors David Williamson,2004 Illustrated with over 500 color photographs of vintage cameras and many images captured with them, here is a comprehensive book for collectors. It tells the story of photography from the camera obscura to digital imaging, with all the major cameras in-between. Early inventors and photographers are highlighted in a discussion of the evolution of cameras Camera groupings are based on format and function. Collectors will learn how to examine, care for, and test a camera, and will find the current price ranges of classic cameras invaluable. The glossary is a primer for the beginning collector and a refresher for the professional.

Camera Craft ,1918

A Century of Cameras from the Collection of the International Museum of Photography at George Eastman House Eaton S. Lothrop,1973 From the collection of the international museum of photography at George Eastman House.

The Technique of the Motion Picture Camera H. Mario Raimondo Souto,1977

Camera Work Jonathan Green,1973 Included in this Anthology are beautifully reproduced photographs by Coburn, Demachy, Eugene, Frederick Evans, Kasebier, Seeley, Steichen, Stieglitz,

Strand, and Clarence White; drawings by Matisse, Picasso, DeZayas, Rodin, and Walkowitz; a watercolor by Marin. The text contains essays on photography by Maeterlinck and George Bernard Shaw; articles by Djuna Barnes, De Casseres, Mabel Dodge, Charles Demuth, Arthur Dove, Sadakichi Hartmann, Man Ray, Alfred Kreymborg and Picabia; Gertrude Stein's essay on Picasso and her Portrait of Mabel Dodge at the Villa Curonia, H.G. Wells on Beauty, William Murrell Fisher on Georgia O'Keeffe, Charles Coffin on Isadora Duncan; and poetry by Max Weber and Marsden Hartley--Jacket.

The Camera Book John Davis,2015-10-01 Drawing on a great working knowledge of digital processes, The Camera Book is full of broad-reaching, fun and informative projects. Illustrated with a mixture of professionally shot images and some taken by children, to demonstrate the dos and don'ts (or the 'good' and the 'even better'). The book will also show kids taking their pictures and setting up their shots. - Take fun pics with friends, or make great gifts. - Simple effects, making photo gifts, great photo album ideas. - Simple camera tricks (holding up a large building, friends standing on your hand). - Camera kit will be generic, rather than specific models. - Includes simple stills cameras, mobile phones. - Includes easy videoing and film making.

Projecting a Camera Edward Branigan,2013-08-21 In Projecting a Camera, film theorist Edward Branigan offers a groundbreaking approach to understanding film theory. Why, for example, does a camera move? What does a camera know? (And when does it know it?) What is the camera's relation to the subject during long static shots? What happens when the screen is blank? Through a wide-ranging engagement with Wittgenstein and theorists of film, he offers one of the most fully developed understandings of the ways in which the camera operates in film. With its thorough grounding in the philosophy of spectatorship and narrative, Projecting a Camera takes the study of film to a new level. With the care and precision that he brought to Narrative Comprehension and Film, Edward Branigan maps the ways in which we must understand the role of the camera, the meaning of the frame, the role of the spectator, and other key components of film-viewing. By analyzing how we think, discuss, and marvel about the films we see, Projecting a Camera, offers insights rich in implications for our understanding of film and film studies.

The American Amateur Photographer and Camera and Dark Room ,1907
Shooting Digital Mikkel Aaland,2007-02-12 A unique, full-color guide to the art of taking amazing photos with a digital camera Aimed at photographers of all levels and ranges of interest, this new edition of Aaland's popular guide takes readers beyond the technology of the latest cameras and equipment to teach them the unique aesthetics of the digital image. Helpful examples explain how to take full advantage of RAW file formats, JPEG 2000, panorama automation, and more. Mikkel Aaland (San Francisco, CA) is an award-winning photographer and author whose photography has been published in magazines and exhibited around the world.

If You're Bored With Your Camera Read This Book Demetrius Fordham,2017-07-06 You know photography, don't you? Nice group pictures, tasteful landscapes, perhaps a filter from an app on your phone. Conventional, easy to manage, inoffensive, boring...right? WRONG! In this book you'll find inspiring ideas and genuinely different techniques that you can use to capture anything, from artistic portraits, through to stunning street photography and unusual aboreals. This book will open your eyes, and your lens cap, to new ideas. Topics include: Put Down Your Camera Forget the Rules Creative Shooting Exercises Go Back to Basics

Camera Over Hollywood John Swope,Graham Howe,1999 While working as an assistant producer, photographer John Swope ... captured behind-the-scenes images of 1930s Hollywood. His photographs give a peek into the working-day lives of film stars, extras, and crew members - the creators of Hollywood's golden era. Among the luminaries photographed by Swope were his close friends Jimmy Stewart and Henry Fonda, as well as Norma Shearer, Burgess Meredith, Olivia de Havilland, Charles Boyer, and W.C. Fields. Camera Over Hollywood is a unique, vintage portrait of Hollywood as it really was.--Cover

The Top Books of the Year Camera The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. Camera : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Camera : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Camera : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
