Casino Nicholas Pileggi,2016-10-18 The true story behind the Martin Scorsese film: A “riveting . . . account of how organized crime looted the casinos they controlled” (Kirkus Reviews). Focusing on Chicago bookie Frank “Lefty” Rosenthal and his partner, Anthony Spilotro, and drawing on extensive, in-depth interviews, the #1 New York Times–bestselling author of the Mafia classic Wiseguy–basis for the film Goodfellas–Nicholas Pileggi reveals how the pair worked together to oversee Las Vegas casino operations for the mob. He unearths how Teamster pension funds were used to take control of the Stardust and Tropicana and how Spilotro simultaneously ran a crew of jewel thieves nicknamed the “Hole in the Wall Gang.” For years, these gangsters kept a stranglehold on Sin City’s brightly lit nightspots, skimming millions in cash for their bosses. But the elaborate scheme began to crumble when Rosenthal’s disproportionate ambitions drove him to make mistakes. Spilotro made an error of his own, falling for his partner’s wife, a troubled showgirl named Geri. It would all lead to betrayal, a wide-ranging FBI investigation, multiple convictions, and the end of the Mafia’s longstanding grip on the multibillion-dollar gaming oasis in the midst of the Nevada desert. Casino is a journey into 1970s Las Vegas and a riveting nonfiction account of the world portrayed in the Martin Scorsese film of the same name, starring Robert DeNiro, Joe Pesci, and Sharon Stone. A story of adultery, murder, infighting, and revenge, this “fascinating true-crime Mob history” is a high-stakes page-turner (Booklist).

Super Casino Pete Earley,2009-11-04 In this lively and probing book, award-winning author Pete Earley traces the extraordinary evolution of Las Vegas -- from the gaudy Mecca of the Rat Pack era to one of the country's top family vacation spots. He revisits the city's checkered history of moguls, mobsters, and entertainers, reveals the real stories of well-known power brokers like Steve Wynn and legends like Howard Hughes and Bugsy Siegel, and offers a fascinating portrait of the life, death, and fantastic rebirth of the Las Vegas Strip. Earley also documents the gripping tale of the entrepreneurs behind the rise and fall and rise again of one of the largest gaming corporations in the nation, Circus Circus -- to which he was given unique access. In his trademark you-are-there style, he takes us behind the scenes to meet the blackjack dealers and hookers, the heavy hitters and bit players, the security officers, cabbies, and showgirls who are caught up in the mercurial pace that pulses at the heart of this astounding city.

Casino Craps Frank Scoblete,2010-05 The most comprehensive craps book ever written, this is the book that gives readers everything needed to get a real, verifiable edge at the game of craps. The authors, two of the greatest living dice controllers, share, in words and pictures, their secret Golden Touch technique and give the edge needed to beat the house. Readers will learn several keys to winning craps, including how the game is really played, how to develop a Golden Touch controlled throw, which are the best and worst bets and buy bets, how to reduce the hit of the house edge by using the five count, how to push the casino to give a better game than advertised, how to set the dice to reduce or increase the appearance of different numbers, and how to judge what a real edge means.

The Casino Answer Book John Grochowski,1998 In casino gambling there's a house advantage built into every game. John Grochowski shows you how to beat that advantage and increase your winning odds in three of the most popular casino games (blackjack, video poker, and roulette).

Casino Nicholas Pileggi,2015-08-13 The Stardust... The Fremont... The Marina. They ran them all. And they lost. Big time. No one knew more about casinos than Frank 'Lefty' Rosenthal, the gambling mastermind who, along with his best friend and partner, Anthony 'the Ant' Spilotro, virtually ran Las Vegas for the mob. For years it was the perfect arrangement – Lefty provided the smarts, while Tony kept the bosses happy with weekly suitcases filled with millions in skimmed cash. It should have lasted forever but Lefty’s obsessions with running the town – and Tony’s obsession with Lefty’s beautiful showgirl wife, Geri – eventually led to betrayals and investigations that exploded into one of the greatest scandals in mob history. Casino is the shattering inside account of how the mob finally lost its stranglehold on Las Vegas, the neon money-making machine it had created.

The Global Casino Nick Middleton,2013-07-18 The Global Casino is an introduction to environmental issues which deals both with the workings of the physical environment and the political, economic and social frameworks in which the issues occur. Using examples from all over the world, the book highlights the underlying causes behind environmental problems, the human actions which have made them issues, and the hopes for solutions. It is a book about the human impact on the environment and the ways in which the natural environment impacts human society. The fifth edition has been fully revised and updated throughout, with new case studies, figures, and online resources such as downloadable figures and tables from the text and multiple choice questions for students, accessible at: www.routledge.com/cw/middleton. New topics covered in extended boxed case studies include payment for environmental services, ocean acidification, biofuels in Brazil, waste reduction through industrial symbiosis, and the long-term impact of natural disasters on vulnerable groups. Other approaches and concepts covered for the first time in this new edition include traditional ecological knowledge, environmental justice, the 'resource curse', and urban biodiversity. Eighteen chapters on key issues follow three initial chapters which outline the background contexts of the physical and human environments and the concept of sustainable development. Each chapter provides historical context for key issues, outlines why they have arisen, and highlights areas of controversy and uncertainty to appraise how issues can be resolved both technically and in political and economic frameworks. Each chapter also contains an updated critical guide to further reading and websites, as well as discussion points and essay questions. The text can be read in its entirety or individual chapters adopted as standalone reading. The Global Casino is an essential resource for students of the environment, geography, earth sciences and development studies. It provides comprehensive and inspirational coverage of all the major global environmental issues of the day in a style that is clear and critical.

Risk and Reward N. Richard Werthamer,2009-07-07 For decades, casino gaming has been steadily increasing in popularity worldwide. Blackjack is among the most popular of the casino table games, one where astute choices of playing strategy can create an advantage for the player. RISK AND REWARD analyzes the game in depth, pinpointing not just its optimal strategies but also its financial performance, in terms of both expected cash flow and associated risk. The book begins by describing the strategies and their performance in a clear, straightforward style. The presentation is self-contained, non-mathematical, and accessible to readers at all levels of playing skill, from the novice to the blackjack expert. Careful attention is also given to simplified, but still nearly optimal strategies that are easier to use in a casino. Unlike other books in the literature the author then derives each aspect of the strategy mathematically, to justify its claim to optimality. The derivations mostly use algebra and calculus, although some require more advanced analysis detailed in supporting appendices. For easy comprehension, formulae are translated into tables and graphs through extensive computation. This book will appeal to everyone interested in blackjack: those with mathematical training intrigued by its application to this popular game as well as all players seeking to improve their performance.

No Work and All Play Roger Wagner,2011-05-26 The contents of the book describe the many examples of the types of characters and crazy daily episodes that an average person who selects a career in casino hotel management will witness and are part of during a lifetime in such a career. The book is really not about me, but it is a lifetime chronicle of my career where every work day is fun and there is almost never any drudgery. The three most interesting characters in the book are none other than a tycoon named Donald Trump, a Casino Icon named Jack Binion and a baseball legend named Mickey Mantle. The book also describes many other very interesting real-life persons in my career from Mob-connected people to other well known casino operators of their day. Most of these characters are not famous celebrities but their stories are sometimes even more humorous than those of Trump or Mantle. The stories about these people are real and actually happened, although the actual dates may be incorrect in some cases and some of the intricate details may be embellished to improve the stories. None of the tales degrade any of the characters in my book, but I do tell humorous stories about all of them that demonstrate they all have to put their pants on one leg at a time like the rest of us. It is not a text book, but it can serve as a good primer for a person considering making gaming hospitality their career objective. The seven different sections of the book are written to show how a person entering a casino hospitality position might evolve from the lowest level in a casino organization to a very high level of management, and that it generally takes many years to accomplish. It also describes the different relationships that one develops in any type of business and I use

real people to illustrate how they each fit into the different types of relationships.

The Secret Casino at Red Men's Hall Samuel W. Valenza Jr.,2014-04 The sleepy town of Mt. Holly, New Jersey, was more than it seemed. In the unsettled years following the Great Depression, it hosted the Secret Casino at Red Men's Hall, an underground playground that attracted Mafia bosses and players alike. Under the watchful and protective eye of author Samuel Valenza Jr.'s father, the casino was a thriving den for craps, roulette, poker, and slots players. the continuing cooperation of local law enforcement was assured each Saturday morning, when Officer Bucky Squires made his pickup of payoff money held for him in Mom's icebox. Growing up in this environment, the author's young life was scarred with violence, fear, hunger, betrayal, and homelessness, while his father enjoyed the high life with his powerful gangster associates. the author was just six years old when Frank Paulie Carbo, a prolific Murder, Inc. assassin, raided the casino and slaughtered his uncle, the casino handyman and 'gofer'--as a warning. the murder was the beginning of the end at Red Men's Hall, which fell under intense scrutiny from the authorities. Using the narrative style of a crime novel, Valenza recalls the intimate and often dangerous days of a life lived in the shadow of the Mafia.

Dummy Up And Deal H. Lee Barnes,2002-08-01 The glitter and excitement that tourists associate with casinos is only a facade. To the gaming industry's front-line employees, its dealers, the casino is a far less glamorous environment, a workplace full of emotional tension, physical and mental demands, humor and pathos. Author H. Lee Barnes, who spent many years as a dealer in some of Las Vegas's best-known casinos, shows us this world from the point of view of the table-games dealer. Told in the voices of dozens of dealers, male and female, young and old, Dummy Up and Deal takes us to the dealer's side of the table. We observe the breaking in that constitutes a dealer's training, where the hands learn the motions of the game while the mind undergoes the requisite hardening to endure long hours of concentration and the demands of often unreasonable and sometimes abusive players. We discover how dealers are hired and assigned to shifts and tables, how they interact with each other and with their supervisors, and how they deal with players--the winners and the losers, the Sweethearts and the Dragon Lady, the tourists looking for a few thrills and the mobsters showing off their juice. We observe cheaters on both sides of the table and witness the exploits of such high-rollers as Frank Sinatra and Colonel Parker, Elvis's manager. And we learn about the dealers' lives after-hours, how some juggle casino work with family responsibilities while others embrace the bohemian lifestyle of the Strip and sometimes lose themselves to drugs, drink, or sex. It's a life that invites cynicism and bitterness, that can erode the soul and deaden the spirit. But the dealer's life can also offer moments of humor, encounters with generous and kindly players, moments of pride or humanity or professional solidarity. Barnes writes with the candor of a keen observer of his profession, someone who has seen it all--many times--but has never lost his capacity to wonder, to sympathize, or to laugh. Dummy Up and Deal is a colorful insider's view of the casino industry, a fascinating glimpse behind the glitter into the real world of the casino worker.

Casino Introduction

In today's digital age, the availability of Casino books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Casino books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Casino books and manuals for download is the cost-saving aspect. Traditional

books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Casino versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Casino books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Casino books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Casino books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Casino books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Casino books and manuals for download and embark on your journey of knowledge?
