The Education of a CD-ROM Publisher Chris Andrews, 1998

Bastien piano for adults Jane Smisor Bastien, 2000-01-01

On a Silver Platter Greg M. Smith, 1999 When the new medium of CD-ROMs emerged, industry figures and critics alike proclaimed their virtually unlimited potential. Adapting material from well-established media like television and film, CD-ROMs have quickly transformed genres such as science fiction and horror. At the same time, the realities of actual CD-ROMs often fall short of their utopian visions. *On a Silver Platter* marks a coming of age for CD-ROMs as a commercially and aesthetically significant medium demanding critical attention. Greg Smith brings together media scholars such as Lisa Cartwright, Henry Jenkins, Janet Murray, and Scott Bukatman to analyze how CD-ROMs offer alternatives to familiar places—to museums, to cities, and especially to classrooms. Examining specific CD-ROM titles, including, *Sim City*, *Civilization*, and *Phantasmagoria*, the contributors argue that CD-ROMs are complex texts worthy of close consideration, both for how they have changed our understanding of space and genre, and for how they will impact the development of future media. By examining particular CD-ROM texts and contexts, *On a Silver Platter* probes this new medium for insight and understanding into the current state of multimedia and into the future of technology.

Sparring Partners John Grisham, 2023-04-25 #1 NEW YORK TIMES BESTSELLER • John Grisham is the acknowledged master of the legal thriller. In his first collection of novellas, law is a common thread, but America's favorite storyteller has several surprises in store. "Homecoming" takes us back to Ford County, the fictional setting of many of John Grisham's unforgettable stories. Jake Brigance is back, but he's not in the courtroom. He's called upon to help an old friend, Mack Stafford, a former lawyer in Clanton, who three years earlier became a local legend when he stole money from his clients, divorced his wife, filed for bankruptcy, and left his family in the middle of the night, never to be heard from again—until now. Now Mack is back, and he's leaning on his old pals, Jake and Harry Rex, to help him return. His homecoming does not go as planned. In "Strawberry Moon," we meet Cody Wallace, a young death row inmate only three hours away from execution. His lawyers can't save him, the courts slam the door, and the governor says no to a last-minute request for clemency. As the clock winds down, Cody has one final request. The "Sparring Partners" are the Malloy brothers, Kirk and Rusty, two successful young lawyers who inherited a once prosperous firm when its founder, their father, was sent to prison. Kirk and Rusty loathe each other, and speak to each other only when necessary. As the firm disintegrates, the resulting fiasco falls into the lap of Diantha Bradshaw, the only person the partners trust. Can she save the Malloys, or does she take a stand for the first time in her career and try to save herself? By turns suspenseful, hilarious, powerful, and moving, these are three of the greatest stories John Grisham has ever told. Don't miss John Grisham's new book, **THE EXCHANGE: AFTER THE FIRM!**

This Is Your Brain on Sports David Grand, Alan

Goldberg, 2011-05 THIS IS YOUR BRAIN ON SPORTS is a must read for anyone involved in or simply interested in sports. It tells the real story of what I went through and how countless athletes of all levels are still going through now.....unnecessarily. When no one else could, they helped me to recognize how my throwing problems came directly from sports traumas that were stuck in my brain. And then Grand and Goldberg had the knowhow to release it with the miracle of Brainspotting. Mackey Sasser Former catcher for NY Mets THIS IS YOUR BRAIN ON SPORTS is a MUST READ for athletes, their parents and coaches, as well as for all psychotherapists and performance experts. In case you didn't know it, THE YIPS has a clearly explainable relationship to past trauma. All one has to do is take a detailed history of the life of an athlete from his/her earliest childhood, relate that to his/her history of physical injuries and throw in a dollop of shame and criticism from parents and coaches and the reason for the yips emerges with crystal clarity. These facts are clearly illustrated in this compelling, fascinating and ground-breaking book by Drs. Grand and Goldberg. Brain-based principles of body-based memory, neurosensitization and cue-related anxiety from the trauma literature clearly prove that the yips come from post-traumatic stress syndrome. And Brainspotting has shown to be dramatically effective in mitigating, and even healing, this vexing syndrome. Robert Scaer, MD Author of THE BODY BEARS THE BURDEN and THE TRAUMA SPECTRUM THIS IS YOUR BRAIN ON SPORTS: Beating Blocks, Slumps and Performance Anxiety for Good is the ground-breaking book that will change the face of sports performance forever. This book introduces the breakthrough concept of STSD (Sport Traumatic Stress Disorder). Grand and Goldberg have discovered that STSDs are the cause of most significant performance problems. Performance blocks and

anxiety, including the yips, stem from accumulated sports traumas including sports injuries, failures and humiliations. The authors also introduce the Brainspotting Sports Performance System (BSPS) which quickly finds, releases and resolves the sports traumas held in your brain and body. An easy read, THIS IS YOUR BRAIN ON SPORTS is filled with engaging, informative, inspiring stories. These case examples illustrate how professional, elite, collegiate and junior athletes have been freed for good from this silent epidemic of performance blocks and anxiety including: the yips, Steve Blass disease, Mackey Sasser syndrome, protracted slumps, balking, choking and freezing. THIS IS YOUR BRAIN ON SPORTS provides the answers and the cure for athletes, their coaches and parents about Beating Blocks, Slumps and Performance Anxiety for Good Grand and Goldberg also show how their BSPS can take all athletes to levels they could only heretofore dream of www.thisisyourbrainonsports.com
