iLife '09 Portable Genius Guy Hart-Davis,2009-03-16 Mac users are passionate and loyal and these books capture that same feeling in pedagogy and series style. Titles in the Portable Genius series are not comprehensive; instead they aim to provide readers with the most accessible, useful information possible by giving readers tips and techniques for the most used features in a product or software. A handy smaller trim size makes it easy for readers to carry with them essential information on the hottest tips and tricks for their Mac. They'll find essential information coupled with savvy advice on everything from simple tasks like getting started, to intermediate information, and hip tips that cover how to use all the applications in iLife. As many iLife users initially find iMovie, GarageBand, and iWeb somewhat daunting, this book offers fast-moving coverage of the essentials of these applications as well as more advanced features.
