Church Management Basics Ferdinand J Burger, 2004 Believing that a church or mission should be managed according to a structured module based on Biblical principles, Church Management Basics provides leadership and management with some basic ideas to help the reader become more accountable and responsible in their work. Not only are general topics, such as Finance, Administration and Human Resources discussed, but they are also examined more fully where appropriate. Hands-on examples are used to illustrate the application of solutions offered, and further tools and samples add to the innovative ingredients to make this book a must read for all church leaders, workers in missions and employees of other non-profit organizations. Areas of business covered in Church Management Basics include: Management and Leadership, sharing the vision and keeping the vibrancy going, finance and basic accounting for non-profit organizations, document management, administration, time management, project management, IT-Systems, Human Resources Management in churches and how not to lose the main focus of God's Church on earth while doing all the day to day tasks. 40 Days to Excellence in Church Management Don Corder, 2022-01-04 The modern church is being poorly managed but does not know it. The level of inefficiency and waste in today's churches is staggering. *40 Days to Excellence in Church Management* was written specifically for churches to convey basic business wisdom, management principles, and the best business practices. Unlike intimidating business textbooks, it includes forty short vignettes designed to be read like a daily devotional. Each chapter deals with everyday challenges and offers real-life examples derived from the author's more than thirty years of experience. It shows how to (and sometimes how not to) handle each situation of conducting business for the church.

Mastering Church Management Leith Anderson, Don Cousins, Arthur DeKruyter, 2010-09-20 The Mastering Ministry Series covers the various challenges a ministry encounters and teaches how to deal with them one subject at a time. The Complete Guide to Church Management M. L. Donnellan, M. Div Rev Alan P. Naumann, 2011-07-01 Proponents of the we've-always-done-it-this-way theory of church management will not need this book. But, pastors and lay leaders open to changes in the management of their churches will find in this handbook proven strategies to help them achieve their missions. When I graduated from seminary, I had a pretty good handle on how to speak and lead, but not a clue as to how to manage our church. This book should fill that need quite well. I recommend it. Dr. Ben Bond, First Baptist Church, Clermont, FL This is a complete and helpful guide for church administration for pastors and lay persons. I wish it were available when I began my ministry in 1964. Pastor J. Kenneth Laber, International Interim Pastor, Evangelical Lutheran Church in America Marilyn L. Donnellan -- Spiritual gifts of administration and exhortation; president of Nonprofit Management Services, LLC (NMS); graduate of Multnomah School of the Bible, and George Fox University (B.A. in Human Resources Management); served as the CEO of progressively larger nonprofits in Oregon, Washington, California, Texas and West Virginia; nationally known speaker, consultant and trainer; freelance writer and author of numerous newspaper, magazine articles, and books, including *Core Elements of a Successful Nonprofit*, 2000; marilyn157@aol.com; www.nonprofitmanagementservices.com; Rev. Alan P. Church Administration and Finance Manual Otto Crumroy, Otto F. Crumroy, Jr., Stan Kukawka, Frank M. Witman, Paul D. Witman, 2023 A field-tested guide to the management and finance of church congregations, revised for a new generation. Clergy are generally equipped to preach and provide spiritual care. But when it comes to budgets, insurance, fire safety, and church management many find themselves at a loss. The Church Administration and Finance Manual is the classic guide to running a church, written to answer key questions for clergy and lay leaders. Not simply a theoretical resource, the Manual provides suggestions for almost every aspect of parish administration: position descriptions, financial forms, materials for stewardship and Christian education, building use and safety issues, employee record keeping, and much more. This revised edition offers guidance on many new topics that are of vital importance to churches, including protecting children, information security, approaches to preventing and responding to violence, planned giving, social media, and hybrid work and worship. Whether clergy are just out of seminary or well-seasoned in parish life, the Manual is full of excellent guidelines, tools, and forms for improving the management of the parish.

ministry. But whether they love it or loathe it, they probably spend more time on administration than on any other single area of ministry. This book will help pastors create and maintain effective structures that will enable them to spend most of their time on what they truly value. Describes church administration as a ministry in the small membership church. Outlines key steps to organize and manage time, volunteers, and resources of the small membership churches including multi-point charges. Gives practical methods for creating and maintaining viable structures for effective church management * Helps pastors organize their church(es), so that they can focus on what gives them the most satisfaction in ministry. * Helps pastors recruit and retain the right people for the right jobs, thereby maximizing ministry especially where resources are limited. * Gives pastors ways to sharpen their vision for local church and mission beyond the local church ministry.
