Clip Studio Paint by Example Ludovico Serra,2021-07-23 Get up to speed with the essential tools and workflows for creating a professional portfolio using Clip Studio Paint Key Features Explore the different art tools available for creating your own illustrations, comics, and animations Learn how to make best use of Clip Studio Paint by implementing it in real-world scenarios Use Clip Studio Paint to leverage your artistic skills and create a portfolio Book Description Clip Studio Paint is powerful art software that can help you create artistic work with its in-built material organizer, 3D integration, and group work features. It also provides other features that can speed up the workflow of illustrators, concept artists, and comic artists. With Clip Studio Paint by Example, you'll learn how to use CSP effectively for a wide variety of artistic purposes. The book starts by helping you create the right workspace for concept art, illustration, and comics. You'll create a brush, set up a canvas, and develop an auto-auction. Along with covering how to work with CS Modeler that comes bundled with CSP, this book shows you how to import and rig characters easily. You'll then create reusable changeable scenes and a 3D human character in Blender before exploring concept art, illustrations, comics, and how to create your own portfolio. The book features a glossary with brief explanations of all the main CSP functions. The focus of the book is not on drawing or painting but on helping you enhance your artistic skills using Clip Studio Paint to create an impressive portfolio. By the end of this book, you'll be able to use the impressive capabilities of CSP to create beautiful digital art in a productive way. What you will learn Explore Clip Studio Paint and its use cases Become familiar with the Clip Studio ecosystem for solving your artistic problems Implement the CS Modeler and import and rig characters easily Create reusable and editable scenes and props using CS Modeler Build a 3D human character using the Blender software Set up your workspace using CSP tools Create portfolios for your comics, illustrations, and concept art Who this book is for This Clip Studio Paint book goes beyond the technical stuff that helps beginner-level as well as intermediate artists who are new to working in a digital environment and need a more streamlined and seamless workflow relating to illustrations, concept art, and comics in Clip Studio Paint. No prior knowledge of Clip Studio Paint is required to get started with this book.

Clip, Stamp, Fold Beatriz Colomina, 2021-04-29 An explosion of little architectural magazines in the 1960s and 1970s instigated a radical transformation in architectural culture, as the magazines acted as a site of innovation and debate. Clip/Stamp/Fold takes stock of seventy little magazines from this period. The book brings together a remarkable range of documents and original research which the project has produced during its continuous travels over the last four years starting with the exhibition at the Storefront in November 2006. The book features transcripts from the “Small Talks” events in which editors and designers were invited to discuss their magazines; a stocktaking of over 100 significant issues that tracks the changing density and progression of the little magazine phenomenon; transcripts of more than forty interviews with magazine editors and designers from all over the world; a selection of magazine facsimiles; and a fold out poster that offers a mosaic image of more than 1,200 covers examined during the research.
