Unleashed: A FREE Reverse Harem Dark Fantasy Shifter Romance Bella Jacobs, 2021-05-10 One woman on the run. Four dangerously sexy bodyguards. And a war brewing that will change the shifter world forever... I'm living on borrowed time, fighting for survival against a deadly new virus that has no cure and a cult doing its best to brainwash me. But when a mysterious note shows up on my windowsill one night, its chilling message--Run, Wren-- launches me out of the frying pan and into the fire. Within hours, everything I thought I knew about my life, my family, and my origins is obliterated, and I'm racking up enemies at an alarming rate. Between the cult I've just escaped, a violent shifter faction out for my blood, and an ancient evil who eats chosen ones like me for breakfast, my last hope is to join forces with four dangerous-looking men who claim they were sent to guard my life. Luke, a werewolf with a rap sheet. Creedence, a lynx shifter who never met a mark he couldn't con. Kite, a bear kin with a mean right hook and heart of gold. And Dust, my childhood best friend and dude voted least likely to be a secret shape-shifting griffin. But are these men really what they seem? Or are my

alpha guardians hiding a secret agenda of their own? I'm not sure, but one thing is for certain—choosing the right allies will mean the difference between life and death. For me, and everyone I love. UNLEASHED is book one in the Dark Moon Shifter's series. It is a true reverse harem featuring one woman and her four mates.

Reverse Entrepreneurship in Latin America Pável Reyes-Mercado,Guillermo Jesús Larios Hernández,2018-09-11 This book explores the concept of reverse entrepreneurship, providing real-life examples of innovative start-ups and ventures hoping to internationalize. Traditionally, entrepreneurial ideas have flowed from developed countries to emerging markets. This book, however, examines entrepreneurial ideas flowing in the opposite direction, with case studies from organizations that were initially launched in emerging markets. With a specific focus on Latin America, the cases examine the experiences of entrepreneurs and reveal much-needed strategies for entry into developed markets. This book will undoubtedly be useful to both academics and practitioners as it covers a wide range of industries, products and services and takes a closer look at market platforms and high-impact entrepreneurship. Providing a valuable contribution to a relatively unexplored area, this is a compelling collection of insights into reverse entrepreneurship which presents practical solutions for entrepreneurs looking to expand their businesses in the future.
