The Convert Stefan Hertmans, 2020-02-04 Finalist for the 2020 National Jewish Book Awards In this dazzling work of historical fiction, the Man Booker International-long-listed author of *War and Turpentine* reconstructs the tragic story of a medieval noblewoman who leaves her home and family for the love of a Jewish boy. In eleventh-century France, Vigdis Adelaïs, a young woman from a prosperous Christian family, falls in love with David Todros, a rabbi's son and yeshiva student. To be together, the couple must flee their city, and Vigdis must renounce her life of privilege and comfort. Pursued by her father's knights and in constant danger of betrayal, the lovers embark on a dangerous journey to the south of France, only to find their brief happiness destroyed by the vicious wave of anti-Semitism sweeping through Europe with the onset of the First Crusade. What begins as a story of forbidden love evolves into a globe-trotting trek spanning continents, as Vigdis undertakes an epic journey to Cairo and back, enduring the unimaginable in hopes of finding her lost children. Based on two fragments from the Cairo Genizah—a repository of more than three hundred thousand manuscripts and documents stored in the upper chamber of a synagogue in Old Cairo—Stefan Hertmans has pieced together a remarkable work of imagination, re-creating the tragic story of two star-crossed lovers whose steps he retraces almost a millennium later. Blending fact and fiction, and with immense imagination and stylistic ingenuity, Hertmans painstakingly depicts Vigdis's terrible trials, bringing the Middle Ages to life and illuminating a chaotic world of love and hate.

The Convert Deborah Baker, 2011-05-10 *A 2011 National Book Award Finalist* A spellbinding story of renunciation, conversion, and radicalism from Pulitzer Prize-finalist

biographer Deborah Baker What drives a young woman raised in a postwar New York City suburb to convert to Islam, abandon her country and Jewish faith, and embrace a life of exile in Pakistan? The Convert tells the story of how Margaret Marcus of Larchmont became Maryam Jameelah of Lahore, one of the most trenchant and celebrated voices of Islam's argument with the West. A cache of Maryam's letters to her parents in the archives of the New York Public Library sends the acclaimed biographer Deborah Baker on her own odyssey into the labyrinthine heart of twentieth-century Islam. Casting a shadow over these letters is the mysterious figure of Mawlana Abul Ala Mawdudi, both Maryam's adoptive father and the man who laid the intellectual foundations for militant Islam. As she assembles the pieces of a singularly perplexing life, Baker finds herself captive to questions raised by Maryam's journey. Is her story just another bleak chapter in a so-called clash of civilizations? Or does it signify something else entirely? And then there's this: Is the life depicted in Maryam's letters home and in her books an honest reflection of the one she lived? Like many compelling and true tales, The Convert is stranger than fiction. It is a gripping account of a life lived on the radical edge and a profound meditation on the cultural conflicts that frustrate mutual understanding.

Time's Convert Deborah Harkness, 2018-09-18 From the #1 New York Times bestselling author of *A Discovery of Witches* and *The Black Bird Oracle* comes a novel about what it takes to become a vampire—the fourth in the *All Souls* series. Look for the hit series “*A Discovery of Witches*,” now streaming on AMC+, Sundance Now, and Shudder! On the battlefields of the American Revolution, Matthew de Clermont meets Marcus MacNeil, a young surgeon from Massachusetts, during a moment of political awakening when it seems

that the world is on the brink of a brighter future. When Matthew offers him a chance at immortality and a new life free from the restraints of his puritanical upbringing, Marcus seizes the opportunity to become a vampire. But his transformation is not an easy one and the ancient traditions and responsibilities of the de Clermont family clash with Marcus's deeply held beliefs in liberty, equality, and brotherhood. Fast-forward to contemporary Paris, where Phoebe Taylor--the young employee at Sotheby's whom Marcus has fallen for--is about to embark on her own journey to immortality. Though the modernized version of the process at first seems uncomplicated, the couple discovers that the challenges facing a human who wishes to be a vampire are no less formidable than they were in the eighteenth century. The shadows that Marcus believed he'd escaped centuries ago may return to haunt them both--forever. A passionate love story and a fascinating exploration of the power of tradition and the possibilities not just for change but for revolution, Time's Convert, the fourth books in the All Souls Series channels the supernatural world-building and slow-burning romance that made the previous books instant bestsellers to illuminate a new and vital moment in history, and a love affair that will bridge centuries.

The Most Reluctant Convert David C. Downing, 2004-01-01 An ECPA 2003 Gold Medallion Finalist! Listed in Booklist's Best Adult Religion Books of the Year in 2002! His books have sold millions, including classics like *Mere Christianity*, *The Screwtape Letters* and *The Lion, the Witch and the Wardrobe*. Yet C. S. Lewis was not always a literary giant of Christian faith. How did he leave behind a staunch atheism to become one of the most beloved and renowned Christian authors of our time? Other biographies of Lewis explore his childhood or his dramatic conversion to Christianity. But as David Downing reveals in this fascinating book, the rarely discussed period from Lewis's childhood to his early thirties took him on a tumultuous journey of spiritual and intellectual exploration before he became a most reluctant convert. It was not despite this journey but precisely because of it that Lewis understood the search for life's ultimate meaning so well and went on to become one of the

most compelling authors of the twentieth century. Weaving the people, places and events of Lewis's life together with excerpts from Lewis's own writing, Downing shows how Lewis's spiritual quest can also light the path for other seekers.

Preaching to Convert John Fletcher, 2013-11-13 *Preaching to Convert* offers an intriguing new perspective on the outreach strategies of U.S. evangelicals. Author John Fletcher frames these activities, from door-to-door proselytizing to the spirited sermons of superstar televangelists, as examples of activist performance, broadly defined here as acts performed before an audience in the hopes of changing hearts and minds. Most writing about activist performance has focused on left-progressive causes, events, and actors, and if evangelicals have appeared at all, they often appear as one-dimensional forces of ignorance or bigotry against which brave (left-leaning) activists must fight. *Preaching to Convert* argues against such a constricted view of activism and for a more nuanced understanding of U.S. evangelicalism as a movement defined by its desire to win converts and spread the gospel. In other words, evangelicals are activist performers par excellence. The book positions evangelicals as a diverse, complicated group confronting the loss of conservative Christianity's default status in twenty-first-century U.S. culture. In the face of an increasingly secular age, evangelicals have been reassessing models of outreach. In acts like handing out Bible tracts to strangers on the street or going door-to-door with a Bible in hand, in elaborately staged horror-themed morality plays or multi-million-dollar creationist discovery centers, in megachurch services beamed to dozens of satellite campuses, and in controversial "ex-gay" ministries striving to return gays and lesbians to the straight and narrow, evangelicals are redefining what it means to be deeply committed in a pluralist

world. The book's engaging style and careful argumentation make it accessible and appealing to scholars and students across a range of fields.

But what if you built a business around long-term relationships with customers, using data to understand who they are, what they need, and where to find more customers just like them? You can. And you'll leave your competitors, with all of their data and their short-term thinking, to poke around in the scraps. In *Converted*, you will learn how to:

- Understand the full value of each relationship
- Engage in an ongoing conversation with your best customers
- Ask the right questions so you can anticipate your customers' needs
- Find more great customers

A real person is always on the other end of the transaction. *Converted* shows you how to win their hearts.

something deeper and ended up falling in love with Jesus. By charting her own journey toward wholeness, Heidland invites young Catholics to pursue their own relationship with Jesus. The Oxford Handbook of Religious Conversion Lewis R. Rambo, Charles E. Farhadian, 2014-03-06 The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion, which for centuries has profoundly shaped societies, cultures, and individuals throughout the world. Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon. This volume examines the experiences of individuals and communities who change religions, those who experience an intensification of their religion of origin, and those who encounter new religions through colonial intrusion, missionary work, and charismatic and revitalization movements. The thirty-two innovative essays provide overviews of the history of particular

religions, including Hinduism, Buddhism, Confucianism, Taoism, Sikhism, Islam, Christianity, Judaism, indigenous religions, and new religious movements. The essays also offer a wide range of disciplinary perspectives-psychological, sociological, anthropological, legal, political, feminist, and geographical-on methods and theories deployed in understanding conversion, and insight into various forms of deconversion.

The Art of Conversion Cécile Fromont,2014-12-19 Between the sixteenth and the nineteenth centuries, the west central African kingdom of Kongo practiced Christianity and actively participated in the Atlantic world as an independent, cosmopolitan realm. Drawing on an expansive and largely unpublished set of objects, images, and documents, Cecile Fromont examines the advent of Kongo Christian visual culture and traces its development across four centuries marked by war, the Atlantic slave trade, and, finally, the rise of nineteenth-century European colonialism. By offering an extensive analysis of the religious, political, and artistic innovations through which the Kongo embraced Christianity, Fromont approaches the country's conversion as a dynamic process that unfolded across centuries. The African kingdom's elite independently and gradually intertwined old and new, local and foreign religious thought, political concepts, and visual forms to mold a novel and constantly evolving Kongo Christian worldview. Fromont sheds light on the cross-cultural exchanges between Africa, Europe, and Latin America that shaped the early modern world, and she outlines the religious, artistic, and social background of the countless men and women displaced by the slave trade from central Africa to all corners of the Atlantic world.

Defense Conversion Jacques S. Gansler, 1996-07-25 Jacques Gansler takes a hard look at the need to convert the industry from an inefficient and noncompetitive part of the U.S. economy to an integrated, civilian/military operation. Author of two widely-read books on the defense industry, Jacques Gansler takes a hard look at the need to convert the industry from an inefficient and noncompetitive part of the U.S. economy to an integrated, civilian/military operation. He defines the challenges, especially the influence of old-line defense interests, and presents examples of restructuring. Gansler discusses growing foreign involvement, lessons of prior industrial conversions, the best structure for the next century, current barriers to integration, a three-part transformation strategy, the role of technological leadership, and the critical workforce. He concludes by outlining sixteen specific actions for achieving civil/military integration. In Gansler’s view, the end of the Cold

War with the former Soviet Union represents a permanent downturn rather than a cyclical decline in the defense budget. He argues that this critical transition period requires a restructuring of the defense acquisitions process to achieve a balance between economic concerns and national security, while maintaining a force size and equipment modernization capable of deterring future conflicts. Gansler argues that for the defense industry to survive and thrive, the government must make its acquisitions process more flexible, specifically by lowering barriers to integration. This includes, among other things, rethinking the production specifications for new equipment and changing bids for contracts from a cost basis to a price basis. Gansler point out that by making primarily political and procedural changes (rather than legislative ones), companies will be able to produce technology for both civilian and military markets, instead of exclusively for one or the other as has been the norm. This dual-use approach would save the government billions of dollars annually and would enable the military to diversify by utilizing state-of-the-art.
