Start Your Own Online Coupon or Daily Deal Business Rich Mintzer,/ Entrepreneur magazine,2013-09-17 The online coupon and daily deal industries are booming as people from all socio-economic groups are seeking deals and discounts in these trying economic times. The experts at Entrepreneur deliver the startup details behind this hot opportunity and show eager entrepreneurs how to cash-in on internet-savvy savers.Unlike old-school design your own coupon book titles, this book moves straight into computer technology and proceeds to the latest trend in couponing . . . apps, which provide deals to mobile users in any location. Many daily deal businesses do not work to enhance the experience for their merchants. Readers, however, can learn how to do so. Experts in the industry are also included such as Marc Horne, co-creator of Daily Deal Builder, who discusses what it takes to build a daily deal site, David Teichner, CEO of Yowza!! who brought deal apps to iPhones and several business owners who have tried their luck at running daily deal. They discuss what they have learned from the process.Currently there are few, if any, other books on how to start a daily deal business and the coupon books focus on how to use coupons and even on extreme couponing, but not on running an online coupon business. This is a unique title which provides those who enjoy offering deals and discounts to get started in an industry that is still growing.

Extreme Couponing Joni Meyer-Crothers, Beth Adelman, 2013-03-05 In today's economy, being money savvy is a necessity. For most American households cutting back on the

things they love has become harder and harder to bear. But there are ways to get what you want at a fraction of the cost—if not free. With this book, extreme couponing expert Joni Meyer-Crothers explains precisely how she has managed to save thousands by clipping coupons, using them wisely and never paying full retail price for any product. Coupon Crazy Mary Potter Kenyon, 2013-06-18 A fascinating history of this marketing tactic, and why some shoppers take it to extremes—from a longtime expert couponer. *Coupon Crazy* examines the phenomenon of avid coupon use and the socio-cultural and socioeconomic factors that construct it. By delving into the history of couponing, refunding, the science of shopping, and the dark underbelly of a coupon world the average American doesn't even know about, Mary Potter Kenyon manages to both fascinate and educate. Readers will meet today's "Coupon Queens" (and Kings) and learn about an era when trash really was cash. Not just an observer of this ethnographic research, Mary lived it for over thirty years. "My favorite aspect of the entire book was the candid tone Kenyon takes in sharing her story and others. As someone that both uses coupons and teaches couponing practices, I found the book triggering self-reflection at many points: Do I purchase products just because they are on sale? Do I devalue products I've gotten for free? Do I allow coupons to inform my purchases or the other way around? If you are a couponer, it's quite possible you'll find yourself reflecting on your own shopping

habits as you read this book, too.” —Angela Russell, The Coupon Project

Bargain Fever Mark Ellwood, 2013-10-17 When Coca-Cola offered the first retail coupon in the 1880s, customers were thrilled. But today, one in four American shoppers will buy something only if it's on sale, and almost half of all merchandise carries a promotional price. The relentless pursuit of deals has totally disrupted the relationship between buyers and sellers. In this playful, well-researched book, journalist Mark Ellwood investigates what happens to markets when everything's negotiable.

Modern Lifestyles: Coupon Royale: Save Money with Online Coupon Sites Delany McBay, 2012-05-22 Shopping for an item used to mean paying a premium for buying from a local store, but the rise of e-commerce has all but leveled that issue. With millions of sales and coupon sites already operating, and millions more opening every day, the web has truly become a buyer's market, with price competition—both online and off—continually driving down prices. However, the savvy shopper knows that the trend of declining prices doesn't end with mere retailer wars—in fact, a virtual cache of cash savings awaits in the world of online coupon sites. Knowing how to use these sites gives a shopper access to amazing deals, ranging from percentage discounts off an order to free shipping or gift bonuses. The idea of using a coupon is no

longer restricted to the realm of the dedicated Sunday circular clipper: casual saving through online coupon sites is the new trend.
