Create Your Life Book Tamara Laporte,2017-12-19 Inspired by artist Tamara Laporte's popular online art classes (willowing.org), Create Your Life Book presents 18 step-by-step mixed-media drawing and painting projects that encourage self-fulfillment through the creative process. Tamara's kind, non-judgmental voice guides your way. What is holding you back? Where do you want to go? Let go of the past! Use these expressive exercises to help you recognize your personal challenges and other obstacles, then work through them. Let go of limiting beliefs, find courage, feel gratitude, heal pain, and develop self-love as you playfully create. Each themed chapter presents four to five two-part projects. First, you will explore a common issue that hampers creativity and/or positive self-worth. The second portion is a step-by-step mixed-media art project designed to help you work through that issue. Just a few of the explorations: Let go of what no longer serves you by taking stock of what's holding you back, then create a zentangle butterfly to symbolize you flying away from those limiting things. Embrace and love your inner quirky bird by taking an inventory of your quirky traits, then create a bird that celebrates them. Heal old wounds by writing a letter to yourself as a child, then create a house to keep your inner child safe. Adding rich variety to the messages and art inspiration, some of the project outlines have been contributed by Tamara's guest teachers: Roxanne Coble, Andrea Gomoll, Alena Hennessy, Mystele Kirkeeng, Ivy Newport, and Effy Wild, each of whom are noted mixed-media artists in their own right. The final chapter presents a simple binding method for creating a keepsake book of your Life Book projects. Steeped in inspirational images and uplifting affirmations, Create Your Life Book can help you achieve both personal and creative growth.

Called to Create Jordan Raynor,2017-11-07 We were created by an infinitely creative God to reflect his love and character to the world. One way we do that is by continuing his creative work. In this energizing book, serial entrepreneur and bestselling author Jordan Raynor helps artists, entrepreneurs, writers, and other creatives reimagine our work as service to God and others, addressing such penetrating questions as - Is my work as a creative really as God-honoring as that of a pastor or missionary? - What does it look like to create not to make a name for myself but to glorify God and serve others? - How can I use my work to fulfill Jesus's command to create disciples? - Will what I make today matter in eternity? To answer these questions, Raynor shares compelling stories from an eclectic group of 40+ Christian entrepreneurs, including the founders of TOMS Shoes, Charity: Water, Chick-fil-A, In-N-Out Burger, Guinness, HTC, and Sevenly, as well as nontraditional entrepreneurs such as C. S. Lewis, Johann Sebastian Bach, and J. R. R. Tolkien. Raynor's show rather than tell, story-driven style makes you feel as if you are sitting at the feet of some of the godliest and most successful entrepreneurs of all time. Perfectly poised to reach today's growing creative class, this unique work restores God's position as the first entrepreneur, helping readers see the eternal value in the work they do today.

One Truth, One Law Erin Werley,2020 Have you been seeking answers but not really finding them? Have your dreams started to feel like just that—dreams? Has the fear of what other people will think stopped you from being who you want to be and doing what you want to do? Does a fulfilled life feel like something meant for others, not for you? Erin Werley used to feel that way, too. Then, one day, she started to receive deposits from her inner voice, which calls itself I Am. And everything in her life began to change. Most people would call One Truth, One Law: I Am, I Create a channeled book, but I Am is adamant that it isn't. As I Am puts it, Every human is me. Every human can access me. When somebody says they're 'channeling' something outside of themselves, it's because they don't understand that they are God and that we are all one. Written as a series of conversations between I Am and Werley's husband, Phil, the message of One Truth, One Law is simple: Every single one of us is God. We just have a confused filter that thinks we're not God. I Am's intention with this book is not to offer you information that can only come through Werley. It's to teach you how to access your own inner voice so that you'll finally get answers to your questions. So that you'll be able to make your dreams a reality. So that you'll tap into your own God wisdom that no longer worries about what others think. So that you'll know a fulfilled life is something for you and not just other people. Once you really let it soak in that you are God, and you're here to further expand the universe through this physical experience, the limits on your dreams start to fall away.

INSPIRED Marty Cagan,2017-11-17 How do today's most successful tech companies—Amazon, Google, Facebook, Netflix, Tesla—design, develop, and deploy the products that have earned the love of literally billions of people around the world? Perhaps surprisingly, they do it very differently than the vast majority of tech companies. In INSPIRED, technology product management thought leader Marty Cagan provides readers with a master class in how to structure and staff a vibrant and successful product organization, and how to discover and deliver technology products that your customers will love—and that will work for your business. With sections on assembling the right people and skillsets, discovering the right product, embracing an effective yet lightweight process, and creating a strong product culture, readers can take the information they learn and immediately leverage it within their own organizations—dramatically improving their own product efforts. Whether you're an early stage startup working to get to product/market fit, or a growth-stage company working to scale your product organization, or a large, long-established company trying to regain your ability to consistently deliver new value for your customers, INSPIRED

will take you and your product organization to a new level of customer engagement, consistent innovation, and business success. Filled with the author's own personal stories—and profiles of some of today's most-successful product managers and technology-powered product companies, including Adobe, Apple, BBC, Google, Microsoft, and Netflix—INSPIRED will show you how to turn up the dial of your own product efforts, creating technology products your customers love. The first edition of INSPIRED, published ten years ago, established itself as the primary reference for technology product managers, and can be found on the shelves of nearly every successful technology product company worldwide. This thoroughly updated second edition shares the same objective of being the most valuable resource for technology product managers, yet it is completely new—sharing the latest practices and techniques of today's most-successful tech product companies, and the men and women behind every great product.

Create Distinction Scott McKain, 2013-03-05 Have you taken your business from good to great, only to find that “great” still isn't cutting it? Are you making all the right moves in your career and still not receiving the recognition you have earned? Why do companies like Apple get all the attention, when you have difficulty getting anyone to focus on your efforts? In our homogenized world, companies in every sector—from big-box retail to financial services; from fast food to entrepreneurs—appear more and more alike, as do the tweets and LinkedIn pages of professionals across the country. But if people see you or your company as nothing more than a carbon copy of the competition, how can you expect to attract attention? Scott McKain's original approach to this problem, first captured in his book *Collapse of Distinction*, was conceived and written in the direct aftermath of the 2008 financial meltdown. His forceful case for the importance of distinction—finding success by setting yourself apart from the crowd—resonated with thousands of readers. To reflect the changing reality since that book's publication—and to incorporate new research and up-to-date examples—McKain, an internationally recognized expert on business distinction, has retitled and revised it as *Create Distinction*. Within these updated pages (including one entirely new chapter) you'll find a potent cure for similarity and uniformity—the primary killers of businesses and careers. In engaging, story-filled prose, McKain lays out the cornerstones of distinction and equips you with the specific tools and knowledge you need to stand out. Whether you're in the “C-suite” of a multinational company or just vying for your next promotion, you'll learn how to rise above the fray and make your work unmistakable. With this practical advice, you'll feel confident stepping up from the competition—and toward success.

Wired to Create Scott Barry Kaufman, Carolyn Gregoire, 2016-12-27 Is it possible to make sense of something as elusive as creativity? Based on psychologist Scott Barry Kaufman's groundbreaking research and Carolyn Gregoire's popular article in the Huffington Post, *Wired to Create* offers a glimpse inside the “messy minds” of highly creative people. Revealing the latest findings in neuroscience and psychology, along with engaging examples of artists and innovators throughout history, the book shines a light on the practices and habits of mind that promote creative thinking. Kaufman and Gregoire untangle a series of paradoxes—like mindfulness and daydreaming, seriousness and play, openness and sensitivity, and solitude and collaboration—to show that it is by embracing our own contradictions that we are able to tap into our deepest creativity. Each chapter explores one of the ten attributes and habits of highly creative people: Imaginative Play * Passion * Daydreaming * Solitude * Intuition * Openness to Experience * Mindfulness * Sensitivity * Turning Adversity into Advantage * Thinking Differently With insights from the work and lives of Pablo Picasso, Frida Kahlo, Marcel Proust, David Foster Wallace, Thomas Edison, Josephine Baker, John Lennon, Michael Jackson, musician Thom Yorke, chess champion Josh Waitzkin, video-game designer Shigeru Miyamoto, and many other creative luminaries, *Wired to Create* helps us better understand creativity—and shows us how to enrich this essential aspect of our lives.

The Courage to Create Rollo May, 1994-03-17 Extraordinary, wise, and hopeful... nearly poetic meditations.—Boston Globe What if imagination and art are not, as many of us might think, the frosting on life but the fountainhead of human experience? What if our logic and science derive from art forms, rather than the other way around? In this trenchant volume, Rollo May helps all of us find those creative impulses that, once liberated, offer new possibilities for achievement. A renowned therapist and inspiring guide, Dr. May draws on his experience to show how we can break out of old patterns in our lives. His insightful book offers us a way through our fears into a fully realized self.

Fragrant Heart Daily Meditations Elisabeth Blaikie, 2015-04-10

Co-Create David Nour, 2017-05-09 What if your customers had a vested interest in guiding your company toward greater success? What if your employees had a personal as well as professional commitment to elevating your

organization? Imagine how different your results would be if investors, vendors, and even analysts treasured the relationship they have built with you? Most important . . . is your company capable of setting aside a bit of its own self-interest to become part of dramatically more rewarding collaborative effort? That's the provocative and ultimately earthshaking question David Nour poses. He argues that co-creation is a transformational journey that naturally leads to growth and evolution . . . because it gives birth to shared interests that dwarf anything that existed previously. In Co-Create, David Nour makes the case that co-creation leads to Market Gravity™, a force that attracts stakeholders to your business because they recognize that many others have also united their interests with yours. It's the sense-backed by tangible metrics—that this is bigger than any of us imagined . . . except that you imagined precisely such an outcome. That's the power of co-creation.

Rebel and Create Ned W. Schaut, 2019-06-16 As men, we are on a quest for greatness! But the demands of life can make our search for adventure and meaning feel allusive like chasing the horizon. What if we rebel against the status quo and create passionate world-impacting lives right where we are?

Explore/Create Richard Garriott, David Fisher, 2017-01-10 An inventor, adventurer, entrepreneur, collector, and entertainer, and son of legendary scientist-astronaut Owen Garriott, Richard Garriott de Cayeux has been behind some of the most exciting undertakings of our time. A legendary pioneer of the online gaming industry—and a member of every gaming Hall of Fame—Garriott invented the multi-player online game, and coined the term “Avatar” to describe an individual's online character. A lifelong adventurer and member of the Explorers Club, Garriott has used the fortune he amassed from the gaming business to embark on a number of thrilling expeditions. He has plumbed the depths of the Atlantic ocean to see the remains of the Titanic, hunted for meteorites in Antarctica, and in 2008 became one of the first private citizens to be launched into space. Richard has been one of the foremost pioneers of the private space industry, investing his time and energy into making space travel more accessible. In this fascinating memoir, Garriott invites readers on the great adventure that is his life. Yet his is no ordinary autobiography; throughout, Garriott engages readers with interactive activities and challenges them with “secret codes” for his games. An audacious genius with an insatiable curiosity and an irrepressible playfulness, Garriott takes readers on an unforgettable intellectual experience that is enlightening, adventurous, and fun.

Bookcraft Heather Weston, 2008-09-01 Binding, folding, and decorating techniques to create beautiful artists' books and more From heirloom memories to unique journals, albums, and altered books—or simple tag books for your kids—Bookcraft contains all the skills you will ever need. Books are a central part of life, and have been with us for around 2,000 years. Although most books we use are produced commercially, many of us are drawn to the book form in its various guises, and are interested in exploring how to make books of our own, whether as a vehicle for telling stories, as scrapbooks, or as notebooks and journals. This guide provides the essential ingredients for designing and making your own books, from simple binding and finishing techniques to complex complete products. Projects are designed to suit a variety of skill levels from beginner to advanced, and use a step-by-step approach to learning the necessary skills. Each project begins with basic techniques and progresses through to thought-provoking applications of those techniques. Each technique includes an example of a finished book that fully and beautifully utilizes the methods described by the techniques. This book explores more experimental binding and page treatment techniques, and has a comprehensive gallery of ideas outlining the skills and materials needed to apply techniques often reserved for professionals.

Create Rebellion Robbie Tripp, 2015-11-25 An avant-garde stream of consciousness written to inspire creative minds to listen to their inner desires to create, to be disruptive with their creations, and to disregard those who don't see the beauty of their inspired vision.

Create Emily Henson, 2022-11-08 Creativity before consumption is about reinvention and sustainability for the sake of the planet, but also for the pure joy and satisfaction of creating a home that is truly unique. Using her experience as a stylist and set designer, in the first part of the book Emily shows how to create homes that meet our needs yet have style, dash and personality aplenty without relying on yet more disposable ‘stuff’ for the next generation to deal with. In Gather, she shows how to establish a sense of personal style, while in Shop your Home she suggests we think twice before getting sucked into the ‘bin and buy’ cycle. Instead of ripping out a kitchen, opt for new worktops or paint the cabinets, or update a lampshade by adding a fringe or trim to spark the satisfaction of creativity and give it a second lease of life. Reuse before you Replace contains a wealth of simple ideas for easy yet creative home updates, and in In Mix-Master Emily explains how to combine high-street items with customized, repurposed or vintage pieces. The second part of the book visits real-life homes that display incredible creativity and reflect their owners' needs, tastes and style.

Create Introduction

In today's digital age, the availability of Create books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Create books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Create books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Create versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Create books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Create books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a

nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Create books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Create books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Create books and manuals for download and embark on your journey of knowledge?
