Create Your Life Book Tamara Laporte, 2017-12-19 Inspired by artist Tamara Laporte's popular online art classes (willowing.org), Create Your Life Book presents 18 step-by-step mixed-media drawing and painting projects that encourage self-fulfillment through the creative process. Tamara's kind, non-judgmental voice guides your way. What is holding you back? Where do you want to go? Let go of the past! Use these expressive exercises to help you recognize your personal challenges and other obstacles, then work through them. Let go of limiting beliefs, find courage, feel gratitude, heal pain, and develop self-love as you playfully create. Each themed chapter presents four to five two-part projects. First, you will explore a common issue that hampers creativity and/or positive self-worth. The second portion is a step-by-step mixed-media art project designed to help you work through that issue. Just a few of the explorations: Let go of what no longer serves you by taking stock of what's holding you back, then create a zentangle butterfly to symbolize you flying away from those limiting things. Embrace and love your inner quirky bird by taking an inventory of your quirky traits, then create a bird that celebrates them. Heal old wounds by writing a letter to yourself as a child, then create a house to keep your inner

child safe. Adding rich variety to the messages and art inspiration, some of the project outlines have been contributed by Tamara's guest teachers: Roxanne Coble, Andrea Gomoll, Alena Hennessy, Mystele Kirkeeng, Ivy Newport, and Effy Wild, each of whom are noted mixed-media artists in their own right. The final chapter presents a simple binding method for creating a keepsake book of your Life Book projects. Steeped in inspirational images and uplifting affirmations, Create Your Life Book can help you achieve both personal and creative growth.

Called to Create Jordan Raynor, 2017-11-07 We were created by an infinitely creative God to reflect his love and character to the world. One way we do that is by continuing his creative work. In this energizing book, serial entrepreneur and bestselling author Jordan Raynor helps artists, entrepreneurs, writers, and other creatives reimagine our work as service to God and others, addressing such penetrating questions as - Is my work as a creative really as God-honoring as that of a pastor or missionary? - What does it look like to create not to make a name for myself but to glorify God and serve others? - How can I use my work to fulfill Jesus's command to create disciples? - Will what I make today matter in eternity? To answer these questions, Raynor shares compelling stories from an eclectic group of 40+ Christian entrepreneurs, including the founders of TOMS Shoes, Charity: Water, Chick-fil-A, In-N-Out Burger, Guinness, HTC, and Sevenly, as well as nontraditional entrepreneurs such as C. S. Lewis, Johann Sebastian Bach, and J. R. R. Tolkien. Raynor's show rather than tell, story-driven style makes you feel as if you are sitting at the feet of some of the godliest and most successful entrepreneurs of all time. Perfectly poised to reach today's growing creative class, this unique work restores God's position as the first entrepreneur, helping

readers see the eternal value in the work they do today.

Create Distinction Scott McKain,2013-03-05 Have you

taken your business from good to great, only to find that “great” still isn’t cutting it? Are you making all the right moves in your career and still not receiving the recognition you have earned? Why do companies like Apple get all the attention, when you have difficulty getting anyone to focus on your efforts? In our homogenized world, companies in every sector—from big-box retail to financial services; from fast food to entrepreneurs—appear more and more alike, as do the tweets and LinkedIn pages of professionals across the country. But if people see you or your company as

nothing more than a carbon copy of the competition, how can you expect to attract attention? Scott McKain's original approach to this problem, first captured in his book *Collapse of Distinction*, was conceived and written in the direct aftermath of the 2008 financial meltdown. His forceful case for the importance of distinction—finding success by setting yourself apart from the crowd—resonated with thousands of readers. To reflect the changing reality since that book's publication—and to incorporate new research and up-to-date examples—McKain, an internationally recognized expert on business distinction, has retitled and revised it as *Create Distinction*. Within these updated pages (including one entirely new chapter) you'll find a potent cure for similarity and uniformity—the primary killers of businesses and careers. In engaging, story-filled prose, McKain lays out the cornerstones of distinction and equips you with the specific tools and knowledge you need to stand out. Whether you're in the "C-suite" of a multinational company or just vying for your next promotion, you'll learn how to rise above the fray and make your work unmistakable. With this practical advice, you'll feel confident stepping up from the competition—and toward success.

Wired to Create Scott Barry Kaufman, Carolyn Gregoire, 2016-12-27 Is it possible to make sense of something as elusive as creativity? Based on psychologist Scott Barry Kaufman's groundbreaking research and Carolyn Gregoire's popular article in the Huffington Post, *Wired to Create* offers a glimpse inside the "messy minds" of highly creative people. Revealing the latest findings in neuroscience and psychology, along with engaging examples of artists and innovators throughout history, the book shines a light on the practices and habits of mind that promote creative thinking. Kaufman and Gregoire untangle a series of paradoxes— like mindfulness and daydreaming,

seriousness and play, openness and sensitivity, and solitude and collaboration – to show that it is by embracing our own contradictions that we are able to tap into our deepest creativity. Each chapter explores one of the ten attributes and habits of highly creative people: Imaginative Play * Passion * Daydreaming * Solitude * Intuition * Openness to Experience * Mindfulness * Sensitivity * Turning Adversity into Advantage * Thinking Differently With insights from the work and lives of Pablo Picasso, Frida Kahlo, Marcel Proust, David Foster Wallace, Thomas Edison, Josephine Baker, John Lennon, Michael Jackson, musician Thom Yorke, chess champion Josh Waitzkin, video-game designer Shigeru Miyamoto, and many other creative luminaries, *Wired to Create* helps us better understand creativity – and shows us how to enrich this essential aspect of our lives.

One Truth, One Law Erin Werley, 2020 Have you been seeking answers but not really finding them? Have your dreams started to feel like just that-dreams? Has the fear of what other people will think stopped you from being who you want to be and doing what you want to do? Does a fulfilled life feel like something meant for others, not for you? Erin Werley used to feel that way, too. Then, one day, she started to receive deposits from her inner voice, which calls itself I Am. And everything in her life began to change. Most people would call *One Truth, One Law: I Am, I Create* a channeled book, but I Am is adamant that it isn't. As I Am puts it, Every human is me. Every human can access me. When somebody says they're 'channeling' something outside of themselves, it's because they don't understand that they are God and that we are all one. Written as a series of conversations between I Am and Werley's husband, Phil, the message of *One Truth, One Law* is simple: Every single one of us is God. We just have a confused filter that thinks we're not God. I Am's intention

with this book is not to offer you information that can only come through Werley. It's to teach you how to access your own inner voice so that you'll finally get answers to your questions. So that you'll be able to make your dreams a reality. So that you'll tap into your own God wisdom that no longer worries about what others think. So that you'll know a fulfilled life is something for you and not just other people. Once you really let it soak in that you are God, and you're here to further expand the universe through this physical experience, the limits on your dreams start to fall away.

INSPIRED Marty Cagan, 2017-11-17 How do today's most successful tech companies—Amazon, Google, Facebook, Netflix, Tesla—design, develop, and deploy the products that have earned the love of literally billions of people around the world? Perhaps surprisingly, they do it very differently than the vast majority of tech companies. In *INSPIRED*, technology product management thought leader Marty Cagan provides readers with a master class in how to structure and staff a vibrant and successful product organization, and how to discover and deliver technology products that your customers will love—and that will work for your business. With sections on assembling the right people and skillsets, discovering the right product, embracing an effective yet lightweight process, and creating a strong product culture, readers can take the information they learn and immediately leverage it within their own organizations—dramatically improving their own product efforts. Whether you're an early stage startup working to get to product/market fit, or a growth-stage company working to scale your product organization, or a large, long-established company trying to regain your ability to consistently deliver new value for your customers, *INSPIRED* will take you and your product organization to a

new level of customer engagement, consistent innovation, and business success. Filled with the author's own personal stories—and profiles of some of today's most-successful product managers and technology-powered product companies, including Adobe, Apple, BBC, Google, Microsoft, and Netflix—INSPIRED will show you how to turn up the dial of your own product efforts, creating technology products your customers love. The first edition of INSPIRED, published ten years ago, established itself as the primary reference for technology product managers, and can be found on the shelves of nearly every successful technology product company worldwide. This thoroughly updated second edition shares the same objective of being the most valuable resource for technology product managers, yet it is completely new—sharing the latest practices and techniques of today's most-successful tech product companies, and the men and women behind every great product.

Fragrant Heart Daily Meditations Elisabeth

The Courage to Create Rollo May, 1994-03-17
Extraordinary, wise, and hopeful... nearly poetic meditations.—Boston Globe What if imagination and art are not, as many of us might think, the frosting on life but the fountainhead of human experience? What if our logic and science derive from art forms, rather than the other way around? In this trenchant volume, Rollo May helps all of us find those creative impulses that, once liberated, offer new possibilities for achievement. A renowned therapist and inspiring guide, Dr. May draws on his experience to show how we can break out of old patterns in our lives. His insightful book offers us a way through our fears into a fully realized self.

Rebel and Create Ned W. Schaut, 2019-06-16 As men,

we are on a quest for greatness! But the demands of life can make our search for adventure and meaning feel allusive like chasing the horizon. What if we rebel against the status quo and create passionate world-impacting lives right where we are?

Create the Future + The Innovation Handbook Jeremy Gutsche,2020-03-10 Learn to Innovate and Make Real Change In our era of disruption and possibility, there are so many great opportunities within your grasp; however, most smart and successful people miss out. Unfortunately, your capabilities are limited by the seven traps of path dependency, which cause you to repeat past decisions. These traps can limit you from seeing the potential of what could be. If you could overcome these traps, what could you accomplish? How much more successful could you be? Create the Future teaches you how to think disruptively, providing specific steps to create real innovation and change. This book combines Jeremy's high energy, provocative thinking with tactics that have been battle-tested through thousands of his team's projects advising leading innovators like Disney, Starbucks, Amex, IBM, Adidas, Google, and NASA. On top of all that, this is a double-sided book, paired with *The Innovation Handbook*, a revised edition of Jeremy's award-winning book, *Exploiting Chaos*.

Explore/Create Richard Garriott,David Fisher,2017-01-10 An inventor, adventurer, entrepreneur, collector, and entertainer, and son of legendary scientist-astronaut Owen Garriott, Richard Garriott de Cayeux has been behind some of the most exciting undertakings of our time. A legendary pioneer of the online gaming industry—and a member of every gaming Hall of Fame—Garriott invented the multi-player online game, and coined the term “Avatar” to describe an individual’s online

character. A lifelong adventurer and member of the Explorers Club, Garriott has used the fortune he amassed from the gaming business to embark on a number of thrilling expeditions. He has plumbed the depths of the Atlantic ocean to see the remains of the Titanic, hunted for meteorites in Antarctica, and in 2008 became one of the first private citizens to be launched into space. Richard has been one of the foremost pioneers of the private space industry, investing his time and energy into making space travel more accessible. In this fascinating memoir, Garriott invites readers on the great adventure that is his life. Yet this is no ordinary autobiography; throughout, Garriott engages readers with interactive activities and challenges them with “secret codes” for his games. An audacious genius with an insatiable curiosity and an irrepressible playfulness, Garriott takes readers on an unforgettable intellectual experience that is enlightening, adventurous, and fun.

Designed for Use Lukas Mathis, 2016-04-07 This book is for designers, developers, and product managers who are charged with what sometimes seems like an impossible task: making sure products work the way your users expect them to. You'll find out how to design applications and websites that people will not only use, but will absolutely love. The second edition brings the book up to date and expands it with three completely new chapters. Interaction design - the way the apps on our phones work, the way we enter a destination into our car's GPS - is becoming more and more important. Identify and fix bad software design by making usability the cornerstone of your design process. Lukas weaves together hands-on techniques and fundamental concepts. Each technique chapter explains a specific approach you can use to make your product more user friendly, such as storyboarding, usability tests, and

paper prototyping. Idea chapters are concept-based: how to write usable text, how realistic your designs should look, when to use animations. This new edition is updated and expanded with new chapters covering requirements gathering, how the design of data structures influences the user interface, and how to do design work as a team. Through copious illustrations and supporting psychological research, expert developer and user interface designer Lukas Mathis gives you a deep dive into research, design, and implementation--the essential stages in designing usable interfaces for applications and websites. Lukas inspires you to look at design in a whole new way, explaining exactly what to look for - and what to avoid - in creating products that get people excited.

Where Women Create Jo Packham, Jenny Doh, 2010 The Where Women Create brand--including the first book and a national magazine--has proven hugely popular, and this inspiring volume builds on that success. Bookcraft Heather Weston, 2008-09-01 Binding, folding, and decorating techniques to create beautiful artists' books and more From heirloom memories to unique journals, albums, and altered books—or simple tag books for your kids—Bookcraft contains all the skills you will ever need. Books are a central part of life, and have been with us for around 2,000 years. Although most books we use are produced commercially, many of us are drawn to the book form in its various guises, and are interested in exploring how to make books of our own, whether as a vehicle for

telling stories, as scrapbooks, or as notebooks and journals. This guide provides the essential ingredients for designing and making your own books, from simple binding and finishing techniques to complex complete products. Projects are designed to suit a variety of skill levels from beginner to advanced, and use a step-by-step approach to learning the necessary skills. Each project begins with basic techniques and progresses through to thought-provoking applications of those techniques. Each technique includes an example of a finished book that fully and beautifully utilizes the methods described by the techniques. This book explores more experimental binding and page treatment techniques, and has a comprehensive gallery of ideas outlining the skills and materials needed to apply techniques often reserved for professionals.

Creating Home Keith Summerour, 2017-03-14 From acclaimed architect and designer Keith Summerour comes an alluring new book of carefully crafted dwellings that redefine the idea of home for today. When we think about what home is, many of us would say a house that is soulful and welcoming, a place with an inviting porch and a lush garden, a welcoming entryway and well-crafted living spaces that will nurture our private moments and expand to welcome guests. In this alluring new book, Keith Summerour shares nine houses, exploring their architecture, interiors, and grounds, to illustrate a new idea of home. Reinterpreting and making new his own Southern legacy that speaks both of aristocratic charm and homespun appeal, these homes range from rustic retreats that draw their power from the land to elegant manor houses, but all share extraordinary character and charm that nod to history while reflecting the way people wish to live in the world today. Enriched by the work of some of the top interior decorators working today, including Beth Webb,

Barbara Westbrook, Circa Interiors, and Liza Bryan, as well as world-renowned landscape designers Jeremy Smearman and John Howard, and beautifully illustrated with all-new photography, *Creating Home* is the ultimate dream book.

Create Introduction

In the digital age, access to information has become easier than ever before. The ability to download Create has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Create has opened up a world of possibilities. Downloading Create provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone

are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Create has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Create. These websites range from academic databases offering research papers and journals to online libraries

with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Create. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Create, users should also consider the potential security risks associated with online

platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Create has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and

intellectual growth.
