*The Case for a Creator* Lee Strobel, 2009-05-18 Discover the astonishing evidence for intelligent design in this New York Times bestselling book by award-winning journalist Lee Strobel. My road to atheism was paved by science . . . but, ironically, so was my later journey to God, Strobel says. During his academic years, Lee Strobel became convinced that God was obsolete, a belief that colored his journalism career. Science had made the idea of a Creator irrelevant--or so Strobel thought. But today science points in a different direction. A diverse and impressive body of research has increasingly supported the conclusion that the universe was intelligently designed. At the same time, Darwinism has faltered in the face of concrete facts and hard reason. Has science discovered God? At the very least, it's giving faith an immense boost, as new findings emerge about the incredible complexity of our universe. Join Strobel as he reexamines the theories that once led him away from God. Through his compelling and highly readable account, you'll encounter the mind-stretching discoveries from cosmology, cellular biology, DNA research, astronomy, physics, and human consciousness that present compelling evidence in *The Case for a Creator*. Also available: *The Case for a Creator* small group video study and study guide, Spanish edition, kids' edition, student edition, and more.

EPUB Straight to the Point Elizabeth Castro, 2010-07-28 Almost overnight, EPUB has become the favored standard for displaying digital text on ereaders. The EPUB specification is a powerful method for creating gorgeous ebooks for EPUB-capable readers such as the iPad, Nook, and Kindle. Alas, it is far from perfect, with frustrating limitations, sketchy documentation, and incomplete creation tools. This extensively researched guide to

creating EPUB files by best-selling author Elizabeth Castro shows you how to prepare EPUB files, make the files look great on the screen, work around EPUB weaknesses, and fix common errors. In this essential book, Liz shares her hard-earned experience for how to: Create EPUB files from existing Microsoft Word or Adobe InDesign files, or from scratch. Tweak EPUB files to take full advantage of the power of EPUB in each respective ereader. Control spacing, indents, and margins. Insert images and sidebars and wrap text around them. Create links to external sources and cross-references to internal ones. Add video to ebooks for the iPad.

**The Creator's Game** Allan Downey, 2018-02-21 Lacrosse has been a central element of Indigenous cultures for centuries, but once non-Indigenous players entered the sport, it became a site of appropriation – then reclamation – of Indigenous identities. *The Creator's Game* focuses on the history of lacrosse in Indigenous communities from the 1860s to the 1990s, exploring Indigenous-non-Indigenous relations and Indigenous identity formation. While the game was being appropriated in the process of constructing a new identity for the nation-state of Canada, it was also being used by Indigenous peoples to resist residential school experiences, initiate pan-Indigenous political mobilization, and articulate Indigenous sovereignty. This engaging and innovative book provides a unique view of Indigenous self-determination and nationhood in the face of settler-colonialism.

*Creator's Economy in Metaverse Platforms: Empowering Stakeholders Through Omnichannel Approach* Singla, Babita, Shalender, Kumar, Singh, Nripendra, 2024-02-26 In the era of the metaverse, a big challenge permeates the digital landscape—a challenge that resonates both with creators seeking to thrive in this dynamic space and policymakers

attempting to navigate its uncharted territories. Creators, driven by innovation, grapple with a myriad of uncertainties in monetizing their virtual content effectively. Simultaneously, policymakers find themselves at a crossroads, caught between the rapid evolution of the virtual realm and the lack of clear regulatory guidelines. This struggle is exacerbated by the issue of cybersecurity threats that cast a shadow over the metaverse's transformative potential. It is within this context of challenges that Creator's Economy in Metaverse Platforms emerges, poised to tackle the pressing issues at the intersection of creativity, regulation, and the ever-expanding metaverse. Creator's Economy in Metaverse Platforms dissects, analyzes, and offers solutions to the multifaceted challenges prevailing in the metaverse. By addressing fundamental questions about the creator economy, the elusive concept of the metaverse economy, and the indispensable role policymakers play, the book provides a holistic understanding of the landscape. Delving into topics such as stakeholder engagement, digital asset management, and the intricacies of various monetization models, it equips readers with actionable insights. Not content with a reactive approach, the book takes a proactive stance, offering solutions to foster interoperability and create an ecosystem where creators and policymakers can mutually thrive. It envisions not just a book but a catalyst for transformative change in the metaverse.

Creator Jeremy Leven, 1980 Dr. Harry Wolper, an aging Noble Prize-winning biologist, is attempting to create life-specifically, to re-create his adored late wife by implanting her clone in a loving but reluctant 19-year-old nymphomaniac, and do it before his conventional son can have him committed to an asylum. Creator is a love story, a comedy, a zany account of science running amok, and a moving and tragic account of our biological and

imaginative limitations and the struggle we wage against them.

**Creator'S Dream Thesis** Jonathan Prawiromaruto,2011-12-05 Author Jonathan Prawiromaruto has been forced to confront his own mortality all his life, as he was born afflicted with kidney failure. Even so, thanks to the faith in Christ instilled in him by his loving Christian parents, Jonathan continues to thrive as a living witness to the power of hope and faith. His story has been the source of limitless inspiration to many who may have lost sight of their dreams, but his ministry has only just begun. Now, at nineteen years old, Jonathan has risen to a new challenge to produce his autobiographical testament to the power and willingness of God to work miracles in the lives of his children. He writes with the belief that each individual is uniquely and especially created by God to fulfill his plan. Only you can fulfill the task you were created for, so never lose hope. Dont give up on your dreams. Rise up and make them real!

*Creator Culture* Stuart Cunningham, David Craig, 2021-06-22 Explores new perspectives on social media entertainment There is a new class of cultural producers—YouTube vloggers, Twitch gameplayers, Instagram influencers, TikTokers, Chinese wanghong, and others—who are part of a rapidly emerging and highly disruptive industry of monetized “user-generated” content. As this new wave of native social media entrepreneurs emerge, so do new formations of culture and the ways they are studied. In this volume, contributors draw on scholarship in media and communication studies, science and technology studies,

and social media, Internet, and platform studies, in order to define this new field of study and the emergence of creator culture. *Creator Culture* introduces readers to new paradigms of social media entertainment from critical perspectives, demonstrating both relations to and differentiations from the well-established media forms and institutions traditionally within the scope of media studies. This volume does not seek to impose a uniform perspective; rather, the goal is to stimulate in-depth, globally-focused engagement with this burgeoning industry and establish a dynamic research agenda for scholars, teachers, and students, as well as creators and professionals across the media, communication, creative, and social media industries. Contributors include: Jean Burgess, Zoë Glatt, Sarah Banet-Weiser, Brent Luvaas, Carlos A. Scolari, Damián Fraticelli, José M. Tomasena, Junyi Lv, Hector Postigo, Brooke Erin Duffy, Megan Sawey, Jarrod Walzcer, Sangeet Kumar, Sriram Mohan, Aswin Punathambekar, Mohamed El Marzouki, Elaine Jing Zhao, Arturo Arriagada, Jeremy Shtern, Stephanie Hill
