Indistractable Nir Eyal, 2019-09-10 *Indistractable* provides a framework that will deliver the focus you need to get results. —James Clear, author of *Atomic Habits* If you value your time, your focus, or your relationships, this book is essential reading. I'm putting these ideas into practice. —Jonathan Haidt, author of *The Righteous Mind* National Bestseller Winner of the Outstanding Works of Literature (OWL) Award Included in the Top 5 Best Personal Development Books of the Year by Audible Included in the Top 20 Best Business and Leadership Books of the Year by Amazon Featured in The Amazon Book Review Newsletter, January 2020 Goodreads Best Science & Technology of 2019 Finalist You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best intentions? What could you accomplish if you could stay focused? What if you had the power to become indistractable? International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for making technology habit-forming. Five years after publishing *Hooked*, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In *Indistractable*, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. *Indistractable* reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals: • Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it • What really drives human behavior and why time management is pain management • Why your relationships (and your sex life) depend on you becoming indistractable • How to raise indistractable children in an increasingly distracting world Empowering and optimistic, *Indistractable* provides practical, novel techniques to control your time and attention—helping you live the life you really want.

Awkward Family Photos Mike Bender, Doug Chernack, 2010-05-04 Based on the hit website, AwkwardFamilyPhotos.com (“painful, regrettable, horrifyingly awesome snaps of family bonding, you will laugh so hard that people in adjoining offices will ask what’s wrong with you”—*Esquire*), this full color book features never-before-seen photos and hilarious personal stories covering everything from uncomfortable moments with relatives, teen angst, sibling rivalry, and family vacations from hell. Cringe at the forced poses, bad hair, and matching outfits--all prompting us to look at our own families and celebrate the fact that we're not alone. Nothing says awkward better than an uncomfortable family photograph!

Pit Bull Flower Power Sophie Gamand, 2018 For decades, pit bulls have been demonized by society and portrayed as hellhounds. They've become the most feared, hated, and abused of all companion animals. Some cities and even entire countries ban them, while the media persist in associating them with viciousness. This unjust reputation has sealed the fate of millions of dogs, who face prejudice around the world and languish in shelters, where they are the most euthanized. In America alone, hundreds of thousands of pit bulls are put to sleep every year. Since 2014, French photographer Sophie Gamand has been composing portraits of adoptable pit bulls from more than thirty shelters and rescues throughout the United States. Many had been waiting for years for a home. Adorning her models with handmade flower-crowns, Gamand tells each dog's story and celebrates their inherent personality, vulnerability, and individuality.

Posted and shared widely on social media, the portraits--at once charming, candid, and deeply affecting--have not only led to hundreds of dogs finding loving, forever homes, but have also spurred efforts to destigmatize an animal whose reputation for violence says more about us than it does the character of the dogs themselves. Full of moving, honest, and inspiring stories of individual dogs and their lives (and deaths), Pit Bull Flower Power presents a vivid, beautifully composed cross-section of Gamand's extraordinary work. The book also serves as a testament to the caring people who work in animal rescue, the passion and dedication of those who provide homes for these animals, and the dignity, forbearance, and love of these dogs, who are at the mercy of humans.

The Bullet Journal Method Ryder Carroll, 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a

manifesto for what Ryder calls intentional living: making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***
