**Defragment Your Mind** Vito DeLuca,2013-04-09 Like a computer, your MIND needs to be DEFRAGMENTED and all VIRUSES and SPAM need to be detected and removed.This book will show you a simple but powerful method to reorganize your mind and put you back in control of your life.We are shaped by our thoughts; we become what we think. When the mind is pure, joy follows like a shadow that never leaves. BuddhaI've been in the computer business for over 30 years, and I've always wanted to write a book about

how the mind is similar to a computer in its inherent ability to be refreshed, or de-programmed in a similar manner. Like a computer, your mind starts out with a clean, clear information storage system; but slowly, over time, it can be overloaded with bad information and programming. Unfortunately, just like a computer, you get out of it only what you put into it. In computer speak, it is called GIGO, which means garbage in, garbage out. It could also, however, stand for good stuff in, good stuff out. The mind is much more than a simple computer, and it is connected to something far more powerful than the Internet. Your mind, just like a computer, has its own internal processes for cleaning up and reorganizing the information stored within. The promise in this book is simple: if you follow the instructions, you will have a mind that is clean, clear and capable of doing just about anything you want it to. Because the mind is connected to the body and influences it on multiple levels, your entire being will function better throughout your life simply by keeping your mind in order.
