The Little Book of Big Dividends Charles B.

Carlson, 2010-01-21 Everyone needs to invest, but where do you invest during bear markets? The massive stock declines over the past year have eroded savings, but this doesn't mean you should stuff your money under a mattress. It needs to be put to work getting some return so that it will grow. Smart investors will turn to high dividend paying stocks to get a stable and growing stream of income. Dividend investing-that provides an income beyond any gain in the share price-may be the investor's best weapon. Dividends are safe, largely reliable, and maybe at their cheapest levels in many years. While the best paying dividend stocks of recent years, such as financials, took a huge beating in 2008, opportunities will abound in 2010 and beyond-if you know where to look. In *The Little Book of Big Dividends*, dividend stock expert Chuck Carlson presents an action plan for dividend-hungry investors. You'll learn about the pitfalls, how to find the opportunities, and will learn how to construct a portfolio that generates big, safe dividends easily through the BSD (Big, Safe Dividends) formula. If you're a bit adventurous, Carlson has you covered, and will teach you how to find big, safe dividends in foreign stocks, preferred stocks, ETFs, real estate investment trusts, and more. Contains the simple tools, strategies, and recommendations for finding big, safe dividends Helps you put a complete portfolio together that pays dividends every month Show you the top dividend paying stocks with their dividend payment dates It doesn't get any easier than this, and in these turbulent times, you can't afford to ignore the power of dividends. Read *The Little Book of Big Dividends* and gain a better perspective of how you can protect yourself for the future.

Get Rich with Dividends Marc

Lichtenfeld,2012-05-29 A comprehensive guide to dividend investing that shows how to obtain double-digit returns with ease. Dividends are responsible for 44% of the S&P 500's returns over the last 80 years. Today they present an excellent opportunity, especially with investors who have been burned in the dot com and housing meltdowns, desperate for sensible and less risky ways to make their money grow. Designed to show investors how they can achieve double-digit average annualized returns over the long-term, *Get Rich with Dividends: A Proven System for Earning Double-Digit Returns* is the book you'll need to get started making money in any market. The beauty of dividend investing is that it's extremely easy to understand and takes up almost none of the investor's time. The investor doesn't have to constantly watch over their investments, and can and focus on other things, secure in the knowledge that the system is working and they are accumulating wealth or generating the income they need on a quarterly or even monthly basis. Using the author's proprietary 10-11-12 System, investors can achieve average annual returns of 12% or more, if they know which stocks to invest in and how to do so – even with below average growth in the share price. Dividend investments are easy to set up and require little to no maintenance, and this book shows you how to do it. A method so easy to use, you'll want to teach your children how to do it early, setting them up for financial independence and avoiding the problems that plagued many investors over the past decade Full of expert advice from a 15-year veteran of equity markets. By showing investors how to find and invest in these unique but conservative and proven stocks, *Get Rich with Dividends* is the only book on dividend investing you'll ever need.

2016 Book of the Year award winner by the Institute for Financial Literacy Set it and forget it investing, with less risk and higher returns *Get Rich with Dividends* is the bestselling dividend-investing book that shows investors how to achieve double-digit returns using a time-tested conservative strategy. Written by a nineteen-year veteran of the equity markets, this invaluable guide shows you how to set up your investments for minimal maintenance and higher returns, so you can accumulate wealth while you focus on the things that matter. Using the author's proprietary 10-11-12 system, you'll learn how to generate the income you need on a quarterly or even monthly basis. You'll discover the keys to identifying stocks that will return twelve percent or more every year, and how to structure your investments for greater security and financial well being. This method is so easy to use, you'll want to teach it to your children early to set them up for financial independence and help them avoid the problems that plagued many investors over the past decade. Dividends are responsible for 44 percent of the S&P 500's returns over the last eighty years. They represent an excellent opportunity today, especially for investors who have been burned in recent meltdowns and are desperate for sensible and less risky ways to make their money grow. This book describes a framework that allows investors to reap higher returns with a low-to-no maintenance plan. Set up an investment system that requires little to no maintenance Achieve double-digit average annualized returns over the long term Focus on other things while your money works for you Increase returns even with below-average growth in share price Market risk is high and interest rates are low, making it a perfect time to get

started on a more sensible wealth generation strategy. With expert guidance toward finding and investing in these unique but conservative and proven stocks, *Get Rich with Dividends* is the only book on dividend investing you'll ever need.

Dividend Investing Mark Lowe, 2021-01-28 Do you want to know the secret behind billionaire investors like Warren Buffet and Bill Gates who have successfully increased the size of their holdings over the years? Are you interested to participate in the stock market, but you are afraid to lose your investment capital? Are you looking for effective investment strategies that will provide you with regular passive income and potential wealth accumulation? Then, this book is for you! *Dividend Investing Simplified: The Step-by-Step Guide to Make Money and Create Passive Income in the Stock Market with Dividend Stocks* will help you learn the fundamental concepts behind a specific strategy used by investors who are currently reaping the rewards of their carefully designed investment portfolio. Inside, you will discover: - The benefits and drawbacks of investing in dividend stocks - The common terms used by dividend investors - The different factors you need to consider before you buy dividend stocks - The different strategies used by successful dividend investors - The specific steps in conducting due diligence - The top reasons why investors are reinvesting their dividends instead of cashing out - And a whole lot more! If the books you have read so far have failed to help you understand the dynamics of dividend investing, this one can. With specific actionable steps that you can use to guide your decisions from buying to selling dividend stocks, this book can help you understand why savvy stock investors are attracted to companies that are paying regular dividends. Featuring the top strategies used in dividend investing (HGDRS, HDYS,

diversification, and DRIPs) this book explains why it is important that you must follow a specific game plan to help you win the exciting yet volatile game of dividend stock investing. You can really make money in the stock market by investing in companies that are paying regular dividends. For example, if you have invested in dividend stocks of these companies, you might be reaping the rewards of payouts plus capital growth: - Chevron Corp has returned 200% - Altria Group has returned 300% - Con Edison (formerly known as New York Gas Light Company) has returned 130% So, crack this one open today so you can start implementing the strategies used by millionaire stock market investors. P. S. As the popular Chinese adage goes, "The best time to plant trees was 20 years ago, and today is the second-best time." But avoid the "Just Do It Mentality"! You can't just randomly pick stocks from the list of dividend-paying companies in the stock exchange. You need a plan, and this book will teach you how to build your own game plan to win. So scroll up, click "Buy Now" and start investing in profitable dividend stocks today!

Stocks are fun! Heikin Ashi Trader,2020-07-16 Stocks are fun! Achieving financial freedom with dividends Earlier generations invested in stocks because they had an income that never ran dry. In contrast to investors, who bet on price increases, wealthy people of all ages buy dividend stocks, and they consistently reinvest either the regular distributions, or they use them as income in their old age. In this first part of the series of books on stocks, the author shows how investing in dividend stocks can, over time, lead to a significant accumulation of wealth that an individual can live on for decades, even in old age. Building wealth does not have to be boring. In fact, it can even be a lot of fun. If you observe how your shares pay you dividends every month, you stay motivated and continue to invest. Moreover, you do not even need starting capital to get going. Even investors with little money can build up significant assets in the age of online brokers. The author shows exactly how to do this in a separate chapter, in which he uses true-to-life examples to explain how much you need to save every month, in order to achieve your financial goals. Table of contents Part 1: If it is not fun, you

will not hold out Why shares are fun! Why you should become an income investor Why dividend income offers more security than your job What you need most when you get older: A regular income! Why you need to understand the term cash flow if you want to become financially independent Why your bank advisor does not recommend that you become an income investor As an income investor you are (and remain) involved in economic life Part 2: Introduction to the World of Dividends What are dividends? Why do companies pay dividends? When will the dividends be paid? What is the dividend yield? What is the payout ratio (dividend payout ratio)? Why should you invest in dividend stocks? Ordinary people who have become millionaires, thanks to dividends Example 1: Anne Scheiber Example 2: Ronald Read Example 3: Grace Groner What is the compound interest effect? High dividends or dividend growth? Which sectors pay the highest dividends? Part 3: How do I prepare for income investment? How much should I save? How do I set up a Watchlist? What shares does Warren Buffett buy? Why I prefer American stocks Who are the dividend kings? How to open a broker account? What is the security identification number? Which dividend shares should I buy now? How does the Dollar Cost Average Method work? What is a dividend reinvestment plan (DRIP)? Why monthly payers are interesting How often should I check my shares? What to do if the stock market crashes? Part 4: Alternatives to shares What are Real Estate Investment Trusts (REITs)? What are Business Development Companies (BDCs)? What are dividend ETFs? Part 5: How much do you need to save, in order to reach your financial goal? Example 1: Anita, nurse, 52 years Example 2: Michael, student, 22 years Example 3: Matthias, branch manager at Aldi, 33 years Part 6: And finally, the taxes Addendum: interesting

The Dividend Imperative: How Dividends Can Narrow the Gap between Main Street and Wall Street

Daniel Peris, 2013-04-05 IF YOU'RE INVESTED IN THE FUTURE OF THE STOCK MARKET, THIS IS YOUR WAKE-UP CALL. You've seen the markets swing from bubble to scandal and back again. You've watched the divide between Wall Street and Main Street grow larger each year. You've wished there was a strategic approach to investing that strengthened portfolios, benefited companies, and bolstered the economy as well. The answer, according to business investor Daniel Peris, is simple. You need to focus on dividends. Investors need to demand bigger dividends and U.S. corporations need to pay out more of their profits as dividends. This is THE DIVIDEND IMPERATIVE. A powerful new call to action for investors and corporate leaders by the acclaimed author of The Strategic Dividend Investor "Peris makes a compelling case that investors and companies need to focus more on dividends, which have accounted for the lion's share of stock market returns." —John Heinzl, Toronto Globe & Mail "All investors and corporate leaders can benefit from Peris's simple insight." —J. Christopher Donahue, CEO, Federated Investors
