Carolynn Tucciarone

Saving Dogs and Souls Patrick Metro, 2016-08-17

There are more than 13,000 animal shelters in the United States, and each year approximately four million dogs are turned in to these shelters. Only thirty-five percent of these dogs are adopted out; thirty-one percent are euthanized. Those dogs that are fortunate enough to be adopted many of them saved from certain death are termed rescue dogs. There are a vast number of rescue organizations in the United States, and the volunteers working with them number in the thousands. Author Patrick's wife, Mary Ellen, is one of those rescue workers. In *Saving Dogs and Souls*, Metro narrates Mary Ellen's passion for working with dog rescue. This collection of stories covers her experiences with GRIN, a golden retriever rescue in northern Ohio and later when she started her own organization, Golden Rescue in Naples Inc. in Florida. Each story shares a testament to the remarkable new owners who devoted themselves to saving these dogs. *Saving Dogs and Souls* offers tales mixed with joy, sadness, and humor and pays tribute to the people who work in dog rescue, caring individuals who are responsible for saving countless numbers of dogs and giving them new homes and new lives. They can't save all the dogs in need, but they save as many as they can, never becoming disillusioned or discouraged by the sheer number needing their help.

From Property to Family Andrei S.

Markovits, Katherine Crosby, 2015-03-26 In the wake of the considerable cultural changes and social shifts that the United States and all advanced industrial democracies have experienced since the late 1960s and early 1970s, social discourse around the disempowered has changed in demonstrable ways. In From Property to Family: American Dog Rescue and the Discourse of Compassion, Andrei Markovits and Katherine Crosby describe a "discourse of compassion" that actually alters the way we treat persons and ideas once scorned by the social mainstream. This "culture turn" has also affected our treatment of animals inaugurating an accompanying "animal turn". In the case of dogs, this shift has increasingly transformed the discursive category of the animal from human companion to human family member. One

of the new institutions created by this attitudinal and behavioral change towards dogs has been the breed specific canine rescue organization, examples of which have arisen all over the United States beginning in the early 1980s and massively proliferating in the 1990s and subsequent years. While the growing scholarship on the changed dimension of the human-animal relationship attests to its social, political, moral and intellectual salience to our contemporary world, the work presented in Markovits and Crosby's book constitutes the first academic research on the particularly important institution of breed specific dog rescue.

Second-Chance Dogs Callie Smith Grant, 2018-09-18
Everyone loves an underdog, and nothing gives us
warmer feelings than seeing someone get a second
chance in life. A problem pup who flourishes under
the right kind of training. The struggling veteran
who finds unconditional love wiggling around at
the end of a leash. The lonely child who finds
comfort in the steady breathing of the warm, furry
friend at her side. Each of us needs to be rescued
from something--and each of us has the capacity to
rescue someone, or something, else. This
collection of more than thirty contemporary, true,
feel-good stories spotlights the beauty of being
rescued--dogs rescued by people, people rescued by
dogs, and even dogs who rescue other animals. It's
the perfect companion--well, besides the four-
legged, tail-wagging kind--for your morning cup of
coffee or an evening curled up on the couch.

Every Rescued Dog Has a Tale Deborah

Eades, 2008-12-29 Are you a dog lover? Do you know one? Here is the perfect book for any dog lover! This is not just another book about dogs, but an inspiring book that follows several dogs from death row in a county dog pound to a new life with a loving family. Rescue Dogs Gene Stone, Pete Paxton, 2019-10-01 A fascinating look at rescue dogs--where they come from, why every dog lover should consider adopting one, and how to make them part of your family.

America's leading undercover animal investigator, Pete Paxton, has, among other exploits, infiltrated more than seven hundred puppy mills, worked undercover to close one of the largest and most infamous puppy mills in the United States, and shuttered the most notorious trafficker of dogs for experimentation in history. In this book, he shares stories of the amazing dogs he has rescued and brought to loving families, and also offers invaluable guidance and wisdom for anyone living with rescue dogs. Far too many people think rescue dogs have irredeemable anxieties, behavior issues, or other problems. In truth, rescue dogs can--and do--become wonderful companions. This groundbreaking book will help readers understand these dogs' unique ways of thinking, learning, and loving, and leaves no questions unanswered about the plight of dogs commercially bred in the United States--and what every dog lover can do about it.

My Old Dog Laura T. Coffey, 2015-09-18 "No Dog Should Die Alone" was the attention-grabbing – and heart-stirring – headline of journalist Laura T. Coffey's TODAY show website story about photographer Lori Fusaro's work with senior shelter pets. While generally calm, easy, and already house-trained, these animals often represent the highest-risk population at shelters. With gorgeous, joyful photographs and sweet, funny, true tales of "old dogs learning new tricks," Coffey and Fusaro show that adopting a senior can be even more rewarding than choosing a younger dog. You'll meet endearing elders like Marnie, the irresistible shih tzu who has posed for selfies with Tina Fey, James Franco, and Betty

White; Remy, a soulful nine-year-old dog adopted by elderly nuns; George Clooney's cocker spaniel, Einstein; and Bretagne, the last known surviving search dog from Ground Zero. They may be slower moving and a tad less exuberant than puppies, but these pooches prove that adopting a senior brings immeasurable joy, earnest devotion, and unconditional love.

This is the extraordinary story of one man who has driven more than 1 million miles to rescue thousands of dogs from hunger, abuse and neglect and give them a second chance at life and love. Miracle Dogs Liz Stavrinides, 2014-10-07 78 million dogs live as pets in the USA. These are the lucky ones. Five to seven million companion animals enter shelters every year, and more than half are euthanized due to the lack of space. *Miracle Dogs* celebrates and honors the rescuers and the dogs whose lives they've saved. It features wonderful stories and photographs of dog rescuers, dog trainers, and rescue organizations such as The Gentle Barn and Tamar Geller's Operation Heroes and Hounds, along with celebrity pet owners such as Chevy Chase, Hoda Kotb, Bob Einstein, Amanda Hearst, Jamie Lynn Siegler, and Lance Bass. Mutual Rescue Carol Novello, 2019-04-09 A moving and scientific look at the curative powers--both physical and mental--of rescuing a shelter animal, by the president of Humane Society Silicon Valley. MUTUAL RESCUE profiles the transformational impact that shelter pets have on humans, exploring the emotional, physical, and spiritual gifts that rescued animals provide. It explores through anecdote, observation, and scientific research, the complexity and depth of the role that pets play in our lives. Every story in the book brings an unrecognized benefit of adopting homeless

animals to the forefront of the rescue conversation. In a nation plagued by illnesses--16 million adults suffer from depression, 29 million have diabetes, 8 million in any given year have PTSD, and nearly 40% are obese--rescue pets can help: 60% of doctors said they prescribe pet adoption and a staggering 97% believe that pet ownership provides health benefits. For people in chronic emotional, physical, or spiritual pain, adopting an animal can transform, and even save, their lives. Each story in the book takes a deep dive into one potent aspect of animal adoption, told through the lens of people's personal experiences with their rescued pets and the science that backs up the results. This book will resonate with readers hungering for stories of healing and redemption.

The Art of Urban People With Adopted and Rescued Dogs Methodology Billie Groom, 2019-07-17 "The Art of UPWARD Methodology: Rescued Dogs, The Misunderstood Breed" is a thought provoking journey into the world of dog rescue, rehabilitation, and canine behavior. The companion animal world has experienced enormous changes over the last three decades, yet has remained disappointingly stagnant, and, in some ways, regressed. Ego, rules, gadgets, gimmicks, fear of disrupting the status-quo, and the perceived need for dominance, has created a society void of logic, struggling to meet the needs of dogs with disadvantaged and checkered pasts. Billie openly shares her experiences and knowledge, in a straight-forward and often humorous manner, acquired over three decades of working with dogs,

rescuers, fosters, adopters, and industry experts. She describes how dogs think, learn, process, and absorb our urban world, compared to that of puppies, and explains, without judgement, the inherent limitations of conventional training methods. Billie, then, introduces us to UPWARD Dogology, a formula grounded in Cognitive Behavioral Therapy (CBT) and scientifically proven to address behaviors associated with the adolescent stage, adopted dogs, aggression, and anxiety. Billie is the expert in Canine CBT, a methodology designed to recognize pre-established thought patterns, respect emotions, harness cognitive abilities, and embrace the human-animal bond. To successfully integrate rescued dogs into our lives, eliminate aversive methods, and prevent behavioral euthanasia and surrender, it is urgent industry leaders open their minds to incorporating UPWARD Dogology (CCBT), alongside other non-aversive, effective methods, into mainstream dog education.

Dogtripping David Rosenfelt, 2013-07-23 David Rosenfelt's Dogtripping is moving and funny account of a cross-country move from California to Maine, and the beginnings of a dog rescue foundation When mystery writer David Rosenfelt and his family moved from Southern California to Maine, he thought he had prepared for everything. They had mapped the route, brought three GPSs for backup, as well as refrigerators full of food, and stoves and microwaves on which to cook them. But traveling with twenty-five dogs turned out to be a bigger ordeal than he anticipated, despite the RVs, the extra kibble, volunteers (including a few

readers), and camping equipment. Rosenfelt recounts the adventure of moving his animal companions across the United States with humor and warmth, and tells the tale of how he and his wife became passionate foster parents for rescue dogs, culminating in the creation of the Tara Foundation and successfully placing several thousand dogs with loving families.
