Life with Forty Dogs Joseph Robertia,2017-04-04 Winner of Dog Writer's Association of America Best Book: Rescue or Adoption and Dogwise Best Book Award in 2017. From award-winning writer and photographer Joseph Robertia, Life with Forty Dogs is a collection of the funny, fascinating, and sometimes heartbreaking stories of the life-changing canine commitment he and his family made. When Robertia and his wife, Cole, first entered the world of dog sledding in Alaska, they had never expected to have their household grow up to forty dogs—“primarily rogues, runts, and rejects from other kennels.” But quickly they found their lives inextricably intertwined with each dog they rescued as they learned each one’s unique character and personality and how irreplaceable each was for their team and for their family. This book is an invitation to understand the essence of life with forty dogs in its entirety and, through that comprehension, to truly appreciate what Robertia sees every day. Not everyone can sacrifice their spare time, salaries, and sanity to get to know so many characters—from the well-mannered to the wily—but Life with Forty Dogs will reveal the endless adventures and misadventures that come to those like Robertia and his family who have dedicated themselves to their furry companions.

Secondhand Dogs Carolyn Crimi,2021-07-06 A heartwarming—and heart-tugging—middle grade novel about love, loyalty, and what it means to be part of a family—from author Carolyn Crimi, with adorable illustrations by Melissa Manwill. Perfect for fans of A Dog’s Life and Because of Winn-Dixie. Miss Lottie’s home was for second chances. When she adopted Gus, Roo, Tank, and Moon Pie, Miss Lottie rescued each member of the pack—including herself, her helper, Quinn, and her reclusive cat, Ghost—and turned them into a family. But when a new dog, Decker, arrives and tries to hoard Miss Lottie’s heart and home for himself, the pack’s future is threatened. At first, Gus, the insecure pack leader, only notices little things, like tiny Moon Pie being kicked out of the bed and Ghost acting spooked (then again...Ghost is a cat). But things soon go from bad to worse as Decker’s presence causes disharmony in the group. When Decker convinces Moon Pie to embark on an impossible journey, it’s up to Gus to gather his courage, rally his splintered pack, and bring the little dog home. And with coyotes and cars on the loose, the pack must push through obstacles and dangers to reunite with Moon Pie before he can get hurt—or, nearly as bad, get his heart broken.

The Dogs of Avalon: The Race to Save Animals in Peril Laura Schenone,2017-08-22 Named a Best Book of the Year by The Bark magazine After adopting an Irish sight hound, Laura Schenone discovers a remarkable and little-known fight to gain justice for dogs and for all animals. Greyhounds, bred to be the fastest racing dogs on earth, are streaks of lightning. Beautiful, astonishing creatures, countless numbers of them disappear each year once they can no longer compete and win. The Dogs of Avalon introduces us to the strong-willed Marion Fitzgibbon, born in rural Ireland, where animals are valued only for their utility. But Fitzgibbon believes that suffering is felt by all creatures, and she champions the cause of strays, baffling those around her—including her family—as she and a group of local women rescue any animal in need and taking on increasingly risky missions. When Fitzgibbon becomes head of the Irish Society for the Prevention of Cruelty to Animals and focuses on the cause of the greyhound, she faces an entrenched racing industry protected by money and power. She joins forces with an American greyhound activist, a foxhunter’s wife, a British lady, and an influential German animal rescuer to create an international network to find these animals homes, confront the racing industry, and provide safe havens where animals can live in peace. The Dogs of Avalon brings forward the people on the other side of the tracks—Irish Travellers (a people whose Celtic history goes back centuries), dogmen who hope to win big—together with a host of animals on two continents—circus tigers in Ireland, wild monkeys in the Yucatan, dolphins in a marine animal park in Florida, and one very special Irish sight hound in New Jersey named Lily. In this potent David and Goliath story, Schenone’s journey helps us understand our deep connection to animals and gives us inspiration in the form of the unforgettable Fitzgibbon, who grapples with compassion and activism and shows the difference we are all capable of making in the world.
