Powerful Technology for the New Legal Information Age Jonathan Van Ee, 2010-09-10 The technology approach outlined in this book is the best because it is based on battle-hardened, proven results. It's that simple. My super busy life has driven me to find these proven strategies for efficiently practicing law. Clients need cost-effective results immediately. Opposing parties assert unreasonable demands. I have found technology is a powerful tool to control those pressures. After handling well over 100 lawsuits in Silicon Valley and a number of transactional matters over the last decade, I have distilled my findings into this book. This book is also the product of the suggestions of the many tech-savvy friends I've been privileged to have.
