Folia Orchidacea John Lindley,1852

The Fool's Progress Edward Abbey,1998-08-15 The Fool's Progress, the fat masterpiece as Edward Abbey labeled it, is his most important piece of writing: it reveals the complete Ed Abbey, from the green grass of his memory as a child in Appalachia to his approaching death in Tuscon at age sixty two. When his third wife abandons him in Tucson, boozing, misanthropic anarchist Henry Holyoak Lightcap shoots his refrigerator and sets off in a battered pick-up truck for his ancestral home in West Virginia. Accompanied only by his dying dog and his memories, the irascible warhorse (a stand-in for the real Abbey) begins a bizarre cross-country odyssey--determined to make peace with his past--and to wage one last war against the ravages of progress. A profane, wildly funny, brash, overbearing, exquisite tour de force. -- The Chicago Tribune

The Myrtle ,1873

Red Cavalry Isaac Babel,2015-05-12 Based on Babel's own diaries that he wrote during the Russo-Polish war of 1920, Red Cavalry is a lyrical, unflinching and often startlingly ironic depiction of the

violence and horrors of war. A classic of modern fiction, the short stories are as powerful today as they were when they burst onto the Russian literary landscape nearly a century ago. The narrator, a Russian-Jewish intellectual, struggles with the tensions of his dual identity: fact blends with fiction; the coarse language of soldiers combines with an elevated literary style; cultures, religions and different social classes collide. Shocking, moving and innovative, *Red Cavalry* is one of the masterpieces of Russian literature.

Selected Poems Theodore Russell Weiss, 1995 This new selection of poems by one of America's most distinguished and original writers recovers work that is immensely contemporary and at the same time reaches back to the roots of his remarkable generation of poets. In highly wrought and passionately felt lines, Weiss explores paradox, history, and love. His distinctive, idiosyncratic poems, noted for their syntactic compression, linguistic playfulness, and characteristic linking of intimate experience and historic incident, are a major accomplishment. This volume is the definitive selection of his work.

The European Garden Flora Flowering Plants James Cullen, Sabina G. Knees, H. Suzanne Cubey, J. M. H. Shaw, 2011-08-11
The European Garden Flora is the definitive manual for the accurate identification of cultivated ornamental flowering plants. Designed to meet the highest scientific standards, the vocabulary has nevertheless been kept as uncomplicated as possible so that the work is fully accessible to the informed gardener as well as to the professional

botanist. This new edition has been thoroughly reorganised and revised, bringing it into line with modern taxonomic knowledge. Although European in name, the Flora covers plants cultivated in most areas of the United States and Canada as well as in non-tropical parts of Asia and Australasia. Volume 2 contains accounts of the first 71 families of Dicotyledons, including the Aizoaceae and Cactaceae (large and important families of succulents), as well as many tree families (Juglandaceae, Betulaceae, Fagaceae, Ulmaceae) and popular herbaceous plants (Ranunculaceae, Papaveraceae, Cruciferae).

The Last Day and the First Theodore Russell Weiss, 1968

Quarterly Review of Literature Theodore Russell Weiss, Renée Karol Weiss, 1967

Wild Flowers at a Glance Mabel Colebrooke Carey, 1954

From Princeton One Autumn Afternoon Theodore Russell Weiss, 1987 This volume includes more than 400 pages of poetry chosen from books spanning over 30 years. The typical Weiss poem rushes from line to line; it is vigorous and animated, so much so that at times it seems about to burst with an excess of emotion and intense language--And showering its words on them, parched/listeners enrapt an April spray when;/raging, flakes like fiery shafts sure-aimed. He is a recognizable poet who sounds extreme and oldfashioned. Still he has many admirers. ISBN 0-02-625761-0: \$27.50.
