Dress Me Up! Maria Carluccio,2018-04-17 In this dress-up novelty board book, flip the patterned flaps to change each character's outfit! Young readers start by choosing a character they like, each with three die-cut items of clothing. Then they select 3 of the colorful, patterned flaps from the back of the book. Placing the flaps under the die-cuts, readers can mix and match patterns and palettes until they've settled on the most fabulous combinations, delighting in the ensembles that result! This introduction to collage, color, and pattern—minus the mess of an art project—offers portable and contained creativity for on-the-go fun!

Color, Cut, Play Dress Up Paper Dolls, Vintage and Cute Basak Tinli,2021-05-03 With this fashion activity book, you can feel like a fashion designer. 3 paper dolls with many charming outfits wait for you to color, cut, and play dress-up with them. For adults, paper dolls may be a gateway to childhood memories but they also make great gifts for children. While cutting out will improve their scissor skills, coloring the line art can help to find good color combinations and developing a sense of style and design. Younger children may need help to cut these dolls out since the dolls and clothes are not perforated. However, this is a nice opportunity for fun family time. Paper dolls can bring adults and children together, and collections of paper dolls have always passed down to younger generations. New generations can learn a lot while playing with paper dolls. In a digital era where dress-up games allow us to change clothes on paper dolls by only touching a screen, cutting these dolls the traditional way is a great help for developing motor skills. Playing together also helps to develop communication and cooperation between friends and family. Playing games goes hand in hand with storytelling, role-playing, and fantasy so everyone can treasure the time spent playing with these paper dolls as memories full of creativity and imagination. Paper dolls have a long history, and although inspired by antique and vintage paper dolls, these are modern fashion dolls. Collecting these paper dolls and sharing them with children can also make fashion and design become one of their passions.

Playing Games in Nineteenth-Century Britain and America Ann R. Hawkins,Erin N. Bistline,Catherine S. Blackwell,Maura Ives,2021-11-01 A vital part of daily life in the nineteenth century, games and play were so familiar and so ubiquitous that their presence over time became almost invisible. Technological advances during the century allowed for easier manufacturing and distribution of board games and books about games, and the changing economic conditions created a larger market for them as well as more time in which to play them. These changing conditions not only made games more profitable, but they also increased the influence of games on many facets of culture. *Playing Games in Nineteenth-Century Britain and America* focuses on the material and visual culture of both American and British games, examining how cultures of play intersect with evolving gender norms, economic structures, scientific discourses, social movements, and nationalist sentiments.

Getting Dressed and Parking Cars Alok Kejriwal,2023-12-18 Getting Dressed and Parking Cars captures the minute-to-minute, event-by-event, nail-biting business adventure of Alok Kejriwal’s fourth entrepreneurial venture—Games2win. The Walt Disney Company acquired Alok’s previous company. Games2win has been creating car parking and dress-up games online with the aim of becoming India’s most successful casual gaming start-up in the global market. Each chapter in this book captures Alok’s real-life experience of building, scaling and routinely failing in his venture. The book throbs with adrenaline as Alok thrills readers with stories of his website traffic vanishing in thin air, his games getting stolen, his arrest and his partner’s amazing creation of ‘invisible’ ads. Getting Dressed and Parking Cars is not a book glorifying a successful start-up but a journey of business adventures that celebrates the spirit of ‘starting something’. Think of it as a playbook for professionals and entrepreneurs to create something new.

Our Masquerade Ruth Hartman MACC,2022-06-02 Do you find yourself caught up in comparing yourself to others, performing for acceptance, or held captive to perfectionism? You are not alone. We all currently live in a world that seems to demand an acceptable identity, especially exaggerated by social media. It seems to drive us to compare how we look, what we have, and how we perform (or fail to perform). This leads us to question ourselves: What if I fail to measure up? What if I don’t have what it takes? What if I’m not enough? It seems logical to hide in safety behind clever masks or high emotional walls created to avoid the judgment of others or the feelings of inadequacy, guilt, fear, or shame. Yet that means you’re trapped in hiding who you are, often questioning your value and worth. *Our Masquerade* invites you to confront your hiding places. You can discover how, why, and where you’ve learned to hide and once you’ve done so, you can say goodbye to tormenting thoughts and feelings that steal your confidence and your peace. You can leave the past behind and find the pathway to escape into a life transformed. This book will guide you to examine the ways in which life has induced you to hide and offers the inspiration to take off your masks, escape your hiding places, and learn to live with confidence.
