Studio Ghibli Rayna Denison, 2023-02-21 Studio Ghibli: An Industrial History takes us deep into the production world of the animation studio co-founded by Oscar-winning director Hayao Miyazaki. It investigates the production culture at Studio Ghibli and considers how the studio has become one of the world's most famous animation houses. The book breaks with the usual methods for studying Miyazaki and Ghibli's films, going beyond textual analysis to unpack the myths that have grown up around the studio during its long history. It looks back at over 35 years of filmmaking by Miyazaki and other Ghibli directors, reconsidering the studio's reputation for egalitarianism and feminism, re-examining its relationship to the art of cel and CG animation, investigating Studio Ghibli's work outside of feature filmmaking from advertising to videogames and tackling the studio's difficulties in finding new generations of directors to follow in the footsteps of Miyazaki and Isao Takahata. By reconstructing the history of Studio Ghibli through its own records, promotional documents and staff interviews, Studio Ghibli: An Industrial History offers a new perspective not just on Ghibli, but on the industrial history of Japanese animation.

The Story Of Naxos Nicolas Soames, 2012-05-03 In 1987, a budget classical record label was started in Hong Kong by Klaus Heymann, a German businessman who loved classical music. Swiftly, it gained a world wide reputation for reliable new digital recordings of the classics at a remarkably low price. Despite opposition from the classical record establishment, it grew at a

remarkable pace, and soon expanded into opera, early music, contemporary music and specialist repertoire so that it became appreciated by specialist collectors as well as the general music lover. It is now the leading provider of classical music and as an innovator in digital delivery. At the heart of Naxos is one man: Klaus Heymann. The combination of his broad knowledge of classical music and his acute business acumen has enabled him to build the most varied classical music label in the world, but also the most effective distribution network to ensure that his recordings are available everywhere. This fascinating story explains how it happened, how a one-time tennis coach in Frankfurt became a classical recording mogul in Hong Kong and how, at the age of 75, he still holds the reins as firmly as ever.
