

East Europe

Robert Bideleux,Ian Jeffries

Eastern Europe! Tomek E. Jankowski,2014-05-20 Eastern Europe! is a brief and concise (but informative) introduction to Eastern Europe and its myriad customs and history. When the legendary Romulus killed his brother Remus and founded the city of Rome in 753 BCE, Plovdiv -- today the second-largest city in Bulgaria -- was already thousands of years old. Indeed, London, Paris, Berlin, Vienna, Madrid, Brussels, Amsterdam are all mere infants compared to Plovdiv. This is just one of the paradoxes that haunts and defines the New Europe, that part of Europe that was freed from Soviet bondage in 1989 which is at once both much older than the modern Atlantic-facing power centers of Western Europe while also being in some ways much younger than them. Even those knowledgeable about Western Europe often see Eastern Europe as terra incognita, with a sign on the border declaring Here be monsters. This book is a gateway to understanding both what unites and separates Eastern Europeans from their Western brethren, and how this vital region has been shaped by, but has also left its mark on, Western Europe, Central Asia, the Middle East and North Africa. Ideal for students, businesspeople, and those who simply want to know more about where Grandma or Grandpa came from, Eastern Europe! is a user-friendly guide to a region that is all too often mischaracterized as remote, insular, and superstitious. Illustrations throughout include: 40 photos, 40 maps and 40 figures (tables, charts, etc.) From the Trade Paperback edition.

Eastern Europe in the Twentieth Century - And After R. J. Crampton,2002-04-12 Covering all key Eastern European states and their history right up to the collapse of communism, this second edition of Eastern Europe in the Twentieth Century - And After is a comprehensive political history of Eastern Europe taking in the whole of the century and the geographical area. Focusing on the attempt to create and maintain a functioning democracy, this new edition now: examines events in Bosnia and Herzegovina includes a new consideration of the evolution of the region since the revolutions of 1989-91 surveys the development of a market economy analyzes the realignment of Eastern Europe towards the West details the emergence of organized crime discusses each state individually includes an up-to-date bibliography. Eastern Europe in the Twentieth Century - And After provides an accessible introduction to this key area which is invaluable to students of modern and political history.

A History of Eastern Europe Robert Bideleux,Ian Jeffries,2007-09-12 This welcome second edition of A History of Eastern Europe provides a thematic historical survey of the formative processes of political, social and economic change which have played paramount roles in shaping the evolution and development of the region. Subjects covered include: Eastern Europe in ancient, medieval and early modern times the legacies of Byzantium, the Ottoman Empire and the Habsburg Empire the impact of the region's powerful Russian and Germanic neighbours rival concepts of 'Central' and 'Eastern' Europe the experience and consequences of the two World Wars varieties of fascism in Eastern Europe the impact of Communism from the 1940s to the 1980s post-Communist democratization and marketization the eastward enlargement of the EU. A History of Eastern Europe now includes two new chronologies - one for the Balkans and one for East-Central Europe - and a glossary of key terms and concepts, providing comprehensive coverage of a complex past, from antiquity to the present day.

The Other Europe E. Garrison Walters,1988-06-01 The Other Europe is a general history of Eastern Europe, from the earliest times to the end of World War II. Walters provides an informed and interpretively refreshing focus on this key region. Walters' objective is to acquaint the student and nonspecialist reader with the complex past of this politically and culturally important area. The general lack of knowledge about Eastern Europe is in part due to the vast diversity of its lands (language barriers themselves have daunted many scholars) and to the fact that, before the imposition of the Soviet template in 1944-45, what is now called Eastern Europe was not usually perceived as a distinct geopolitical entity. The other Europe as defined by Walters encompasses Poland, Czechoslovakia, Hungary, Romania, Yugoslavia, Bulgaria, and Albania. Today these countries form the strategic zone between Western Europe and the Soviet Union. Walters emphasizes the phenomenon of nationalism because of its varied manifestations in the region, and he examines the way each nation sees itself, its neighbors, and the world beyond. The Other Europe describes the major events—predominantly revolution and war—that have shaped these countries' national consciousnesses and their distinctive cultural heritages.

East Europe Theodore E. Kyriak,1963

A History of Eastern Europe 1918 to the Present Ian D. Armour,2021-04-08 Why is Eastern Europe still different from Western Europe, more than a quarter-century after the collapse of Communism? A History of Eastern Europe 1918 to the Present shows how the roots of this difference are based in Eastern Europe's tortured 20th century. Eastern Europe emerged in 1918 as the 'lands between', new states whose weakness vis-à-vis Germany and Soviet Russia soon became obvious. The region was the main killing-field of the Second World War, which visited unimaginable horrors on its inhabitants before their 'liberation' by the Soviets in 1945. The imposition of Communist dictatorships on the region, ironically, only deepened Eastern Europe's backwardness. Even in the post-Communist period, its problems continue to make it a fertile breeding-ground for nationalism and political extremism. A History of Eastern Europe 1918 to the Present explores the comparative backwardness of Eastern Europe and how this has driven strategies of modernisation; it looks at the ways in which the region has served as a giant test-tube for political experimentation and, in particular, at the enduring strength of nationalism, which since 1989 has re-emerged more virulent than ever. This book is the essential textbook for any student of 20th-century Eastern Europe.

Inventing Eastern Europe Larry Wolff,1994 Wolff explores how Western thinkers contributed to defining and characterizing Eastern Europe as half-civilized and barbaric.

East Europe ,1975

Eastern Europe in the Twentieth Century R. J. Crampton,1994 Covering all key Eastern European states and their history right up to the collapse of communism, this second edition of Eastern Europe in the Twentieth Century - And After is a comprehensive political history of Eastern Europe taking in the whole of the century and the geographical area. Focusing on the attempt to create and maintain a functioning democracy, this new edition now: examines events in Bosnia and Herzegovina includes a new consideration of the evolution of the region since the revolutions of 1989-91 surveys the development of a market economy analyzes the realignment of Eastern Europe towards the West details the emergence of organized crime discusses each state individually includes an up-to-date bibliography. Eastern Europe in the Twentieth Century - And After provides an accessible introduction to this key area which is invaluable to students of modern and political history.

Eastern Europe! 2nd Edition Tomek Jankowski,2022-03 The long-awaited new edition of the acclaimed, first-ever comprehensive, informative, and entertaining history of Eastern Europe in English—thoroughly updated, with a major new section on the postcommunist era and a foreword by BBC Central Europe Correspondent Nick Thorpe. When the legendary Romulus killed his brother Remus and founded the city of Rome in 753 BCE, Plovdiv--today the second-largest city in Bulgaria--was thousands of years old. Indeed, London, Paris, Berlin, Vienna, Madrid, Brussels, Amsterdam are all mere infants compared to Plovdiv. This is just one of the paradoxes that haunts and defines the New Europe, that part of Europe that was freed from Soviet bondage in 1989, and which is at once both much older than the modern Atlantic-facing power centers of Western Europe while also being much younger than them. Eastern Europe! is a brief and concise (but informative) introduction to Eastern Europe and its myriad customs and history. Even those knowledgeable about Western Europe often see Eastern Europe as terra incognita, with a sign on the border declaring Here be monsters. Tomek Jankowski's book is a gateway to understanding both what unites and separates Eastern Europeans from their Western brethren, and how this vital region has been shaped by but has also left its mark on Western Europe, Central Asia, the Middle East, and North Africa. It is a reader-friendly guide to a region that is all too often mischaracterized as remote, insular, and superstitious. The book comprises three parts, The first sums up modern linguistic, geographic, and religious contours of Eastern Europe, while the second, main part delves into the region's history, from the earliest origins of Europe up to the end of the Cold War, as well as--new to the 2nd edition--a section on the post-Cold War period. Closing the book is a section that makes sense of geographical name references -- many cities, rivers, or regions have different names -- and also includes an Eastern Europe by Numbers feature that provides charts describing the populations, politics, and economies of the region today. Throughout are boxed-off anecdotes (Useless Trivia) describing fascinating aspects of Eastern European history or culture.

From Warsaw to Sofia Henry Bogdan,1989 The comprehensive history of Eastern Europe. This highly readable, informed & objective work covers the political, cultural & economic history of the area -- the perfect reference for the history aficionado or for college courses. In-depth study of

each of the East European nations, from their inception to the present: Albania, Bulgaria, Czechoslovakia, Eastern Germany, Hungary, Poland, Romania, Yugoslavia. Origins of diverse Cultures & Languages; Invasions of the 2nd to 9th Centuries; Formation of Nation States; Humanism & Renaissance in the 14-15th Centuries; Domination by the Ottoman Turks, the Hapsburgs, & the Russians; Rise of Nationalism; Revolutions of 1848; The Austro-Hungarian Empire; Two World Wars; Treaties & Alliances; Stalinism; Life under Communism & the U. S. S. R.; The Hungarian Revolution of 1956, the Prague Spring & Solidarity in Poland; Gorbachev & the Reform era; The dissolution of the Iron Curtain; Also, Ethnic tensions & conflicts over national minorities; Economic problems & foreign debt; Religious persecution, anti-Semitism, Communist Party purges; Political prisoners & Human rights issues; Resistance movements; & much more. Special update insert, covering the astonishing events of late-1989 to mid-1990 in Eastern Europe.

The German Lands and Eastern Europe Karen Schönwälder,Roger Bartlett,2016-07-27 The relationship between Germans and their non-German counterparts in Central and East Europe has been a fundamental feature of European History. The twelve essays in this volume address key aspects of this complex and multifaceted relationship which has been marked by friendship and cooperation as well as enmity and strife. The topics range from medieval peasant settlement to present-day relations between Germans and Poles. Central themes are national identity, the emergence and development of mixed communities and inter-cultural communication.

The Rebirth of East Europe Michael G. Roskin,1991 Including coverage of the events of 1989 and 1990, this comprehensive introduction to post-communist Eastern Europe analyzes the collapse of the communist regimes and the difficult economic, social and political situations now facing them.

Under Eastern Eyes Wendy Bracewell,Alex Drace-Francis,2008-01-01 Twelve studies explicitly developed to elaborate on travel writing published in book form by east Europeans travelling in Europe from ca. 1550 to 2000. How did east Europeans have positioned themselves with relation to the notion of Europe, and how has the genre of travel writing served as a means of exploring and disseminating these ideas? A truly comparative and collective work with a substantial introductory study, the book has taken full advantage of the interdisciplinary and comparative potential of the team of project scholars working in the different national literatures, from different disciplinary perspectives

Eastern Europe Unmapped Irene Kacandes,Yuliya Komska,2017-10-01 Arguably more than any other region, the area known as Eastern Europe has been defined by its location on the map. Yet its inhabitants, from statesmen to literati and from cultural-economic elites to the poorest emigrants, have consistently forged or fathomed links to distant lands, populations, and intellectual traditions. Through a series of inventive cultural and historical explorations, Eastern Europe Unmapped dispenses with scholars’ long-time preoccupation with national and regional borders, instead raising provocative questions about the area’s non-contiguous—and frequently global or extraterritorial—entanglements.

Eastern Europe Sabrina P. Ramet,1998 Eastern Europe addresses the emergence of uncertain pluralism in the region following the disintegration of the communist regimes in 1989. Taking a broad historical approach, the volume considers issues and challenges that have marked Eastern Europe from 1939 through World War II and the era of socialism, up to the present. Eight comprehensive country studies are augmented by detailed assessments of economic developments, security issues, religious currents, cultural policies, and gender relations in the region.

The Making of Eastern Europe Philip Longworth,1992-08-18 Why has the collapse of Communism resulted in so much disappointment for the hopeful millions of Eastern Europe? In this original and provocative book Philip Longworth argues that their predicament is only partly due to the imposition of the Soviet system but rather they are the heirs of misfortune which dates back centuries. In exploring the origins of current problems, this sweeping history ranges from the present day to the time of Constantine the Great, from the Urals to the Mediterranean and the Baltic, and emphasises culture and society, as well as politics and economics. The resulting analysis provides the crucial, and until now much-needed, long-term background to the difficulties now facing Eastern Europe. This new perspective and the insight it brings will improve our understanding of this complex region and be of immense value to all who want to understand Eastern Europe's past and present.

Eastern Europe Bibliography ,1993 A selective work that documents the formative impact of the region's earlier history. Includes reference aids and bibliographies, general and descriptive histories of the land, peoples, and economies, and works depicting intellectual and cultural life.

From Peoples into Nations John Connelly,2020-01-21 A sweeping narrative history of Eastern Europe from the late eighteenth century to today In the 1780s, the Habsburg monarch Joseph II decreed that henceforth German would be the language of his realm. His intention was to forge a unified state from his vast and disparate possessions, but his action had the opposite effect, catalyzing the emergence of competing nationalisms among his Hungarian, Czech, and other subjects, who feared that their languages and cultures would be lost. In this sweeping narrative history of Eastern Europe since the late eighteenth century, John Connelly connects the stories of the region's diverse peoples, telling how, at a profound level, they have a shared understanding of the past. An ancient history of invasion and migration made the region into a cultural landscape of extraordinary variety, a patchwork in which Slovaks, Bosnians, and countless others live shoulder to shoulder and where calls for national autonomy often have had bloody effects among the interwoven ethnicities. Connelly traces the rise of nationalism in Polish, Austro-Hungarian, and Ottoman lands; the creation of new states after the First World War and their later absorption by the Nazi Reich and the Soviet Bloc; the reemergence of democracy and separatist movements after the collapse of communism; and the recent surge of populist politics throughout the region. Because of this common experience of upheaval, East Europeans are people with an acute feeling for the precariousness of history: they know that nations are not eternal, but come and go; sometimes they disappear. From Peoples into Nations tells their story.

Eastern Europe [3 volumes] Richard Frucht,2004-12-22 A contemporary analysis of the people, cultures, and society within the regions that make up Eastern Europe. Eastern Europe: An Introduction to the People, Lands, and Culture sheds light on modern-day life in the 16 nations comprising Eastern Europe. Going beyond the history and politics already well documented in other works, this unique three-volume series explores the social and cultural aspects of a region often ignored in books and curricula on Western civilization. The volumes are organized by geographic proximity and commonality in historical development, allowing the countries to be both studied individually and juxtaposed against others in the region. The first volume covers the northern tier of states, the second looks at lands that were once part of the Hapsburg empire, and the third examines the Balkan states. Each chapter profiles a single country—its geography, history, political development, economy, and culture—and gives readers a glimpse of the challenges that lie ahead. Vignettes on various topics of interest illuminate the unique character of each country.

Fuel your quest for knowledge with Learn from is thought-provoking masterpiece, Explore **East Europe** . East Europe Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free East Europe PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of

free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free East Europe PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of East Europe free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About East Europe Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. East Europe is one of the best book in our library for free trial. We provide copy of East Europe in digital format, so the resources that you find are reliable. There are also many Ebooks of related with East Europe. Where to download East Europe online for free? Are you looking for East Europe PDF? This is definitely going to save you time and cash in something you should think about.
