A Once-and-coming Spirit at Pentecost Raymond Edward Brown,1994 Father Brown completes his look at the great seasons of the liturgical year, making the rich insights of modern biblical exegesis conveniently available to all, with this volume for the season from Easter to Pentecost. During this season the Church reads consecutively from the Acts of the Apostles, recounting the external life of the Church after Pentecost. The accompanying readings from the Gospel according to John portray the internal life of Christian disciples and promise a coming Paraclete to be sent by the Father. Father Brown's title A Once-and-Coming Spirit signifies these two great biblical sources that he reflects on. He shows how these readings speak to our time as we live out the external history of a visible Church while internally drawing life from Jesus as branches on the vine. His comments offer an opportunity to appreciate the intent of the season after Easter and to prepare ourselves for the intensified gift of the spirit at Pentecost.

The early fathers used to speak of it as the feast of feasts, the queen of days, the desirable festival of our salvation. And Pope Leo I called it the day alone great.
