The Home Edit Clea Shearer, Joanna Teplin, 2019-03-19 NEW YORK TIMES BESTSELLER • From the stars of the Netflix series *Get Organized with The Home Edit* (with a serious fan club that includes Reese Witherspoon, Gwyneth Paltrow, and Mindy Kaling), here is an accessible, room-by-room guide to establishing new order in your home. “A master class on how to arrange even your most unattractive belongings—and spaces—in an aesthetically pleasing and easy-to-navigate way.”—*Glamour* (10 Books to Help You Live Your Best Life) Believe this: every single space in your house has the potential to function efficiently and look great. The mishmash of summer and winter clothes in the closet? Yep. Even the dreaded junk drawer? Consider it done. And the best news: it’s not hard to do—in fact, it’s a lot of fun. From the home organizers who made their orderly eye candy the method that everyone swears by comes Joanna and Clea’s signature approach to decluttering. The Home Edit walks you through paring down your belongings in every room, arranging them in a stunning and easy-to-find way (hello, labels!), and maintaining the system so you don’t need another do-over in six months. When you’re done, you’ll not only know exactly where to find things, but you’ll also love the way it looks. A masterclass and look book in one, *The Home Edit* is filled with bright photographs and detailed tips, from placing plastic dishware in a drawer where little hands can reach to categorizing pantry items by color (there’s nothing like a little ROYGBIV to soothe the soul). Above all, it’s like having your best friends at your side to help you turn the chaos into calm. Includes a link to download and print the labels from a computer (you will need 8-1/2 x 11-inch clear repositionable sticker project paper, such as Avery 4397).

How to Fix Your Academic Writing Trouble: A Practical Guide Inger Mewburn, Katherine Firth, Shaun Lehmann, 2018-12-21 Are you confused by the feedback you get from your academic teachers and mentors? This clear and accessible guide to decoding academic feedback will help you interpret what your lecturer or research supervisor is really trying to tell you about your writing—and show you how to fix it. It will help you master a range of techniques and strategies to take your writing to the next level and along the way you’ll learn why academic text looks the way it does, and how to produce that ‘authoritative scholarly voice’ that everyone talks about. This book is an easy-to-use resource for postgraduate students and researchers in all disciplines, and even professional academics, to diagnose their writing issues and find ways to fix them. This book would also be a valuable text for academic writing courses and writing groups, such as those offered in doctoral and Master's by research degree programmes. 'Whether they have writing problems or not, every academic writer will want this handy compendium of effective strategies and sound explanations on their book shelf—it’s a must-have.' Pat Thomson, Professor of Education, University of Nottingham, UK

MFA vs NYC Chad Harbach, 2014-02-25 Writers write—but what do they do for money? In a widely read essay entitled *MFA vs NYC*, bestselling novelist Chad Harbach (*The Art of Fielding*) argued that the American literary scene has split into two cultures: New York publishing versus university MFA programs. This book brings together established writers, MFA professors and students, and New York editors, publicists, and agents to talk about these overlapping worlds, and the ways writers make (or fail to make) a living within them. Should you seek an advanced degree, or will workshops smother your style? Do you need to move to New York, or will the high cost of living undo you? What's worse—having a day job or not having health insurance? How do agents decide what to represent? Will Big Publishing survive? How has the rise of MFA programs affected American fiction? The expert contributors, including George Saunders, Elif Batuman, and Fredric Jameson, consider all these questions and more, with humor and rigor. *MFA vs NYC* is a must-read for aspiring writers, and for anyone interested in the present and future of American letters.

An Edited Life Anna Newton, 2019-01-10 Declutter every aspect of your life - from your wardrobe, exercise schedule and food budget to your phone, bookshelves and beauty regime - with this realistic guide to getting neat and keeping things that way. Anna Newton is just trying to balance work, her friends, her family, her husband Mark, a growing handbag habit and a love for takeaway pizza. Over the past 8 years of running the blog and corresponding YouTube Chanel ‘The Anna Edit’, she’s grown a loyal viewership who tune in for her weekly videos on everything from house renovations to the best summer foundation. Anna is a typical Virgo - she loves being organised. She’s Marie Kondo’d her house, nearly throwing away her TV remote in the process. She’s waved goodbye to her things with Fumio Sasaki. She’s minimized and bullet-journalled her schedules down to the finest detail. Along the way, she’s realised something key: there’s no one prescription for an organized life, a tidy home and calm mind. Instead, it’s all about editing. Learn how to edit your home, calendar, exercise regime, social life, me-time, wardrobe, household budget, digital detox, beauty routine and office space. It's about how to utilise your time and spend more of it doing what makes you happy.

The Savior's Sister Jenna Moreci, 2020-09-29 *The Savior's Sister* is utterly unputdownable. It's compulsive, addictive, and mesmerizing. If you love romance, fantasy, and bloodshed, ignore your TBR pile, this is the only dark fantasy novel you need. - Sacha Black, BESTSELLING fantasy and nonfiction writing craft author In the thrilling companion to one of Book Depository's Best Books of All Time, experience the peril and heart-stopping romance through Leila's fresh perspective. Leila Tūs Salvatíraas, Savior of Thessen and magical Queen of Her realm, is worshiped by all. Except Her father. He wants Her dead. The Sovereign's Tournament-a centuries-long tradition designed to select The Savior's husband-is days away, but Brontes's plan to overthrow his daughter ignites, shifting the objective of the competition from marriage to murder. With the help of Her sisters and some unexpected allies, Leila must unravel Brontes's network and prevent Her own assassination. But as the body count rises, She learns the deception runs far deeper than She imagined. When She finds Herself falling for one of the tournament competitors, Her father finds himself another target for murder. Can Leila save Herself and Her beloved, or is their untimely end-and the corruption of Her realm-inevitable? TRIGGER WARNINGS: This book contains graphic violence, sexual situations, physical abuse, adult language, and references to suicide. *The Savior's Sister* is one of those gritty, sexy (and occasionally violent) books you can't put down. I can't wait to see what's next for Leila and Tobias. - Meg LaTorre, FOUNDER of iWriterly and science fiction and fantasy author

Story Engineering Larry Brooks, 2011-01-27 What makes a good story or a screenplay great? The vast majority of writers begin the storytelling process with only a partial understanding where to begin. Some labor their entire lives without ever learning that successful stories are as dependent upon good engineering as they are artistry. But the truth is, unless you are master of the form, function and criteria of successful storytelling, sitting down and pounding out a first draft without planning is an ineffective way to begin. Story Engineering starts with the criteria and the architecture of storytelling, the engineering and design of a story—and uses it as the basis for narrative. The greatest potential of any story is found in the way six specific aspects of storytelling combine and empower each other on the page. When rendered artfully, they become a sum in excess of their parts. You'll learn to wrap your head around the big pictures of storytelling at a professional level through a new approach that shows how to combine these six core competencies which include:

- Four elemental competencies of concept, character, theme, and story structure (plot)
- Two executional competencies of scene construction and writing voice

The true magic of storytelling happens when these six core competencies work together in perfect harmony. And the best part? Anyone can do it!

Simple, elegant, and easy to use, Grammar of the Edit is a staple of the filmmaker's library.

What Editors Do Peter Ginna, 2017-10-06 Essays from twenty-seven leading book editors: "Honest and unflinching accounts from publishing insiders . . . a valuable primer on the field." —Publishers Weekly Editing is an invisible art in which the very best work goes undetected. Editors strive to create books that are enlightening, seamless, and pleasurable to read, all while giving credit to the author. This makes it all the more difficult to truly understand the range of roles they inhabit while shepherding a project from concept to publication. *What Editors Do* gathers essays from twenty-seven leading figures in book publishing about their work. Representing both large houses and small, and encompassing trade, textbook, academic, and children's publishing, the contributors make the case for why editing remains a vital function to writers—and readers—everywhere. Ironically for an industry built on words, there has been a scarcity of written guidance on how to approach the work of editing. Serving as a compendium of professional advice and a portrait of what goes on behind the scenes, this book sheds light on how editors acquire books, what constitutes a strong author-editor relationship, and the editor's vital role at each stage of the publishing process—a role that extends far beyond marking up the author's text. This collection treats editing as both art and craft, and also as a career. It explores how editors balance passion against the economic realities of publishing—and shows why, in the face of a rapidly changing publishing landscape, editors are more important than ever.
