What Editors Do Peter Ginna, 2017-10-06 Essays from twenty-seven leading book editors: "Honest and unflinching accounts from publishing insiders . . . a valuable primer on the field." –Publishers Weekly Editing is an invisible art in which the very best work goes undetected. Editors strive to create books that are enlightening, seamless, and pleasurable to read, all while giving credit to the author. This makes it all the more difficult to truly understand the range of roles they inhabit while shepherding a project from concept to publication. *What Editors Do* gathers essays from twenty-seven leading figures in book publishing about their work. Representing both large houses and small, and encompassing trade, textbook, academic, and children's publishing, the contributors make the case for why editing remains a vital function to writers—and readers—everywhere. Ironically for an industry built on words, there has been a scarcity of written guidance on how to approach the work of editing. Serving as a compendium of professional advice and a portrait of what goes on behind the scenes, this book sheds light on how editors acquire books, what constitutes a strong author-editor relationship, and the editor's vital role at each stage of the publishing process—a role that extends far beyond marking up the author's text. This collection treats editing as both art and craft, and also as a career. It explores how editors balance passion against the economic realities of publishing—and shows why, in the face of a rapidly changing publishing landscape, editors are more

important than ever. "Authoritative, entertaining, and informative."

Editors on Editing Gerald Gross, 1993 An indispensable guide for editors, would-be editors, and especially writers who want to understand the publishing process. In this classic handbook, top professionals write about the special demands and skills necessary for particular areas of expertise--mass market, romance, special markets, and more.

The Editor's Companion Steve Dunham, 2015-01-01 Excel at editing! The editor's job encompasses much more than correcting commas and catching typos. Your chief mission is to help writers communicate effectively--which is no small feat. Whether you edit books, magazines, newspapers, or online publications, your ability to develop clear, concise, and focused writing is the key to your success. The Editor's Companion is an invaluable guide to honing your editing skills. You'll learn about editing for:

- **CONTENT:** Analyze and develop writing that is appealing and appropriate for the intended audience.
- **FOCUS:** Ensure strong beginnings and satisfying endings, and stick with one subject at a time.
- **PRECISE LANGUAGE:** Choose the right words, the right voice, and the right tense for every piece.
- **GRAMMAR:** Recognize common mistakes in punctuation, parts of speech, and sentence structure--and learn how to avoid them. You'll also find valuable editing resources and checklists, advice on editorial relationships and workflow, and real-life samples of editing with explanations of what was changed and why.

The Editor's Companion provides the tools you need to pursue high quality in editing, writing, and publishing--every piece, every time.

The Layers of Magazine Editing Michael Robert Evans, 2004-08-25 Unlike the myriad writing manuals that emphasize grammar, sentence structure, and other skills necessary for entry-level editing jobs, this engaging book adopts a broader view, beginning with the larger topics of audience, mission, and tone, and working its way down, layer by layer, to the smaller questions of grammar and punctuation. Based on Michael Evans's years of experience as an editor and supplemented by invaluable observations from the editors of more than sixty magazines—including The Atlantic, Better Homes and Gardens, Ebony, Esquire, and National Geographic—this book reveals the people-oriented nature of the job.

MFA vs NYC Chad Harbach, 2014-02-25 Writers write—but what do they do for money? In a widely read essay entitled MFA vs NYC, bestselling novelist Chad Harbach (The Art of Fielding) argued that the American literary scene has split into two cultures: New York publishing versus university MFA programs. This book brings together established writers, MFA professors and students, and New York editors, publicists, and agents to talk about these overlapping worlds, and the ways writers make (or fail to make) a living within them. Should you seek an advanced degree, or will workshops smother your style? Do you need to move to New York, or will the high cost of living undo you? What's worse—having a day job or not having health insurance? How do agents

decide what to represent? Will Big Publishing survive? How has the rise of MFA programs affected American fiction? The expert contributors, including George Saunders, Elif Batuman, and Fredric Jameson, consider all these questions and more, with humor and rigor. *MFA vs NYC* is a must-read for aspiring writers, and for anyone interested in the present and future of American letters.

Selected Takes Vincent LoBrutto, 1991-06-30 Interviews with 21 prominent feature film editors highlight this long-overdue look at the role of film editors, the importance of their work, and the nature of their craft. Organized to provide historical continuity and to trace professional collaborations among the subjects, *Selected Takes* features editors whose credits include such diverse films as *Ben Hur*, *The French Connection*, *The Godfather*, and *E.T.* Each chapter includes a brief introduction to the artist, background information, a filmography of feature-length works, and personal recollections of specific films, producers, and directors, as well as helpful comments on editing techniques. A glossary of terms commonly used in film editing and pertinent references found in the interviews complement the work. Film students, scholars, and educators, as well as film industry professionals and moviegoers, will find *Selected Takes* both entertaining and instructive.

Agents, Editors, and You Michelle Howry, 2002 Dozens of industry professionals provide writers with essential information about a variety of

important topics -- everything from preparing a manuscript, getting it into the hands of an editor, how to market their books and gain publicity, plus what they should know about sub rights.

Editors Talk about Editing Susan L. Greenberg, 2015 The work of «editing» is by and large something that happens behind the scenes, noticed only when it is done badly, or not done at all. There is not much information about what editors do. The result is that editing is not often talked about in its own right - not even by the people who do it. This collection of interviews attempts to fill some of the gaps. The author, a former editor herself, interviews practitioners at the top of their game - from newspapers, magazines, broadcast news, book publishing, scholarly editing, academic publishing and digital curation. The interviewees think out loud about creativity and human judgment; what they have in common and what makes them different; how editing skills and culture can be shared; why editing continues to fascinate; and why any of this might matter.

Editors as Gatekeepers Rita James Simon, James J. Fyfe, 1994 Why do some scholarly manuscripts get published while others do not? Who makes the decisions at scholarly journals and presses, and how do they reach those decisions? This volume brings together the experiences of editors of sociology, anthropology, political science, criminal justice, psychology, and other social science journals, and editors and directors of university and commercial presses that focus on the social sciences. Each chapter of this

book provides insight into the editor's definition of his/her role, and a look at the relationships among editors, authors, reviewers and readers. The authors offer advice about where to submit, and how to read editors' letters about revising and resubmitting manuscripts. They explore the pleasures and pains, disappointments and successes experienced in their role as 'gatekeeper.'

Self-Editing for Fiction Writers, Second Edition Renni Browne, Dave King, 2010-06-15 Hundreds of books have been written on the art of writing. Here at last is a book by two professional editors to teach writers the techniques of the editing trade that turn promising manuscripts into published novels and short stories. In this completely revised and updated second edition, Renni Browne and Dave King teach you, the writer, how to apply the editing techniques they have developed to your own work. Chapters on dialogue, exposition, point of view, interior monologue, and other techniques take you through the same processes an expert editor would go through to perfect your manuscript. Each point is illustrated with examples, many drawn from the hundreds of books Browne and King have edited.

The Editor's Companion Janet Mackenzie, 2004-07-21 The Editor's Companion explains the traditional skills of editing for publication. It describes the editorial tasks for all kinds of print and screen publications and is an essential tool not only for professional editors but also for media and publications officers, self-publishers and writers editing their own work.

Secrets of Economics Editors Michael Szenberg, Lall Ramrattan, 2014-01-24 Experienced economics editors discuss navigating the world of scholarly journals, with details on submission, reviews, acceptance, rejection, and editorial policy. Editors of academic journals are often the top scholars in their fields. They are charged with managing the flow of hundreds of manuscripts each year—from submission to review to rejection or acceptance—all while continuing their own scholarly pursuits. Tenure decisions often turn on who has published what in which journals, but editors can accept only a fraction of the papers submitted. In this book, past and present editors of economics journals discuss navigating the world of academic journals. Their contributions offer essential reading for anyone who has ever submitted a paper, served as a referee or associate editor, edited a journal—or read an article and wondered why it was published. The editors describe their experiences at journals that range from the American Economic Review to the Journal of Sports Economics. The issues they examine include late referee reports, slow resubmission of manuscripts, and plagiarism—as well as the difficulties of “herding cats” and the benefits of husband-wife

editorial partnerships. They consider the role of the editor, as gatekeeper or developer of content; and they advise authors to write more carefully and clearly, to include citations that locate their articles in the context of the existing literature, and to update their work after it has been submitted and rejected elsewhere. The chapters also offer a timely, insider's perspective on the general effectiveness of the system of academic journals in economics. Contributors Richard V. Adkisson, Richard G. Anderson, William A. Networking for Freelance Editors Brittany Dowdle, Linda Ruggeri, 2022-05-23

Can we realistically network better? Though networking may seem like an unwieldy, overwhelming task, especially for freelancers, this practical workbook will show that building the network you need and want is completely within your power. Step by step, we will help you create a network that is uniquely yours, based on your goals, your personal communication style, and

your everyday activities. This book is for editors, proofreaders, indexers, fact-checkers, translators, writers, and anyone else pursuing a freelance career in the publishing industry. *Networking for Freelance Editors* teaches you how to engage with others in ways that show rather than tell that you're ready to help, ready to engage, ready to talk, and ready to listen. The result is a targeted strategy that gets you noticed and frames you as an editor who's part of the solution rather than part of the problem. Dowdle and Ruggeri have created a truly outstanding how-to resource-one I highly recommend for any editor at any stage of their career. It's networking guidance that actually makes a difference. Read it and do it.-Louise Harnby, Fiction Editor and Proofreader

Whether you're early in your freelance editing career, an industry veteran transitioning to freelance work, or an experienced freelancer who wants to network with less stress and more to show for it, *Networking for Freelance Editors* will show you how to identify and dismiss the stale, stress-inducing ideas about networking that are holding you back; discover an easy, incremental approach that gives you a foundation for building long-lasting professional relationships; and leverage your strengths to create a networking practice that gets results. By reimagining your approach to networking and using the worksheets provided with *Networking for Freelance Editors*, you'll build the network you need right now and also the one you can rely on tomorrow. Conquer impostor syndrome, wasted effort, and overwhelm, and grow the network you want-the one that provides support,

connections, and opportunities.

What Editors Want Philippa J. Benson, Susan C. Silver, 2013 Research publications have always been key to building a successful career in science, yet little if any formal guidance is offered to young scientists on how to get research papers peer reviewed, accepted, and published by leading scientific journals. With *What Editors Want*, Philippa J. Benson and Susan C. Silver, two well-respected editors from the science publishing community, remedy that situation with a clear, straightforward guide that will be of use to all scientists. Benson and Silver instruct readers on how to identify the journals that are most likely to publish a given paper, how to write an effective cover letter, how to avoid common pitfalls of the submission process, and how to effectively navigate the all-important peer review process, including dealing with revisions and rejection. With supplemental advice from more than a dozen experts, this book will equip scientists with the knowledge they need to usher their papers through publication.

Editing for Today's Newsroom Carl Sessions Stepp, 2008-06-30 *Editing for Today's Newsroom* provides training, support and advice for prospective news editors. Through history, analyses, and anecdotes, this book offers a solid grounding to prepare potential editors for the full range of their responsibilities in today's newsrooms: developing ideas; evaluating and editing copy; working with writers; determining what is news; understanding presentation and design; directing news coverage; managing people; making

decisions under pressure; and coping with a variety of ethical, legal, and professional considerations, all while operating in today's multimedia, multiplatform news arena. Author Carl Sessions Stepp focuses on editors as newsroom decision makers and quality controllers; accordingly, the book features strategies and techniques for coping with a broad spectrum of editing duties. Covering basic and advanced copyediting skills, it also provides intellectual context to the editor's role, critically examining the history of editing and the changing job of the contemporary editor.
