Do Not Erase Jessica Wynne, 2021-06-22 A photographic exploration of mathematicians' chalkboards "A mathematician, like a painter or poet, is a maker of patterns," wrote the British mathematician G. H. Hardy. In *Do Not Erase*, photographer Jessica Wynne presents remarkable examples of this idea through images of mathematicians' chalkboards. While other fields have replaced chalkboards with whiteboards and digital presentations, mathematicians remain loyal to chalk for puzzling out their ideas and communicating their research. Wynne offers more than one hundred stunning photographs of these chalkboards, gathered from a diverse group of mathematicians around the world. The photographs are accompanied by essays from each mathematician, reflecting on their work and processes. Together, pictures and words provide an illuminating meditation on the unique relationships among mathematics, art, and creativity. The mathematicians featured in this collection comprise exciting new voices alongside established figures, including Sun-Yung Alice Chang, Alain Connes, Misha Gromov, Andre Neves, Kasso Okoudjou, Peter Shor, Christina Sormani, Terence Tao, Claire Voisin, and many others. The companion essays give insights into how the chalkboard serves as a special medium for mathematical expression. The volume also includes an introduction by the author, an afterword by New Yorker writer Alec Wilkinson, and biographical information for each contributor. *Do Not Erase* is a testament to the myriad ways that mathematicians use their chalkboards to reveal the conceptual and visual beauty of their discipline—shapes, figures, formulas, and conjectures created through imagination, argument, and speculation.

Erase Tom DeWeese, 2016-07-01 A political activist is mysteriously murdered, and a major publisher faces ruin as a powerful, yet unknown force threatens his industry. A TV preacher discovers a movement inside his own religion to remove God, and a high school teacher is told he can no longer teach facts in his classroom. By night, a graffiti artist splashes paint on the sides of government buildings and people feel a shiver of trepidation, wondering what his cryptic messages mean. Five heroes wonder why these seemingly separate occurrences are happening, and whether they might be connected. Is it the failed policies of a popular, yet weak president causing them, or might there be a sinister force hiding in the darkness controlling it all? Can the events be stopped before it brings down the nation? A mysterious document rumored to be hidden in the dark corners of the Internet might have the clues, but will they be able to find it in time? *ERASE* is a thrill ride of twists and turns as each clue is discovered through a maze of murder, mayhem and intrigue, and villains and heroes push against each other as they race to a surprising finish.

Erase Sins & Raise Ranks ShaykhPod Books, People are prone to committing sins but Allah, the Exalted, has given people many ways to erase these sins and even raise their ranks. This short book will discuss a single Hadith of the Holy Prophet Muhammad, peace and blessings be upon him, found in Jami At Tirmidhi, number 3235, which advises muslims how they can erase their sins and raise their ranks so that they can Achieve Noble Character. According to the Hadith found in Jami At Tirmidhi, number 2003, the Holy Prophet Muhammad, peace and blessings be upon him, has advised that the heaviest thing in the Scales of Judgment Day will be Noble Character. It is one of qualities of the Holy Prophet Muhammad, peace and blessings be upon him, which Allah, the Exalted, complimented in Chapter 68 Al Qalam, Verse 4 of the Holy Quran: "And indeed, you are of a great moral character." Therefore, it is a duty on all Muslims to gain and act on the teachings of the Holy Quran and the traditions of the Holy Prophet Muhammad, peace and blessings be upon him, in order to Achieve Noble Character.
