**When Pencil Met Eraser** Karen Kilpatrick,Luis O. Ramos, Jr.,2019-05-28 Named one of the “Best Children’s Books of 2019” by Parents magazine, this funny, clever picture book tells the true story of how Pencil and Eraser became the best of friends. When Pencil draws on the pages of this book, Eraser erases parts of Pencil’s work, and the book itself becomes a canvas for their different takes on creativity—until the two discover their artwork is even better when they work together. From Karen Kilpatrick, Luis O. Ramos, Jr., and illustrator Germán Blanco, When Pencil Met Eraser brings to life something kids use every day at school and at home. Engaging art, adorable characters, and a clever ending create a memorable message about friendship and creativity. An Imprint Book An imaginative and engaging look into artistic possibility. —Kirkus Reviews “Readers young and old alike will love this imagining of the dynamic duo that is Pencil and Eraser.” —School Library Journal

**The Divine Eraser** Charles Martin,2010-07 A day to turn from my sins And accept His condition for life. Eternity in the heavenly Where there'll be no sorrow or strife. He gave me strength and courage To do what I'm called to do... Write praises to Him that He gave me And pass them along to you. So I pray His blessing upon you As you read what's given to me. Words of truth from the heart That will bless and set you free.

**The Magic Eraser #1** Aaron Starmer,2020-07-07 A laugh-out-loud tour de force. --Kirkus, starred review Ever wish you had a way to magically solve all of your problems? The kids at Hopewell Elementary School might have exactly what you're searching for--just walk down the hall and stop at Locker 37. This highly illustrated series is a fun and accessible read, perfect for reluctant readers looking for a little magic! In the first book of the Locker 37 series, Carson Cooper realizes that he has a very inconveniently located stain on his pants. That is NOT the way to start things off on the first day of school. Fortunately, Carson finds a letter written by last year's fourth graders stuck to the bottom of his desk with some watermelon bubble gum. The note explains the existence of Locker 37, which will provide a solution to any problem! And when Carson sneaks off to the locker it does, indeed, provide a solution--an eraser! But the problem is that the eraser works a little too well, erasing anything it's rubbed against three times. ANYTHING.

THE PENCIL AND THE ERASER Kaitlyn Jennings,2015-03-03 Enjoy reading the journey of the Pencil and Eraser. The twists and turns are extremely creative and unexpected. This book was written by a savvy seven year old. It looks at friendship, appreciation and respect from the perspective of a seven year old and relates that story through objects used everyday by children in that similar age group.

**The Erasers** Alain Robbe-Grillet,2015-06-23 The first book from the French avant-gardist and author of Jealousy. “Robbe-Grillet is the forerunner of a revolution in the novel” (Claude Mauriac, cultural critic for Le Figaro). Alain Robbe-Grillet is internationally hailed as the chief spokesman for the nouveau roman and one of the great novelists of the twentieth century. The Erasers, his first novel, reads like a detective story but is primarily concerned with weaving and then probing a complete mixture of fact and fantasy. The narrative spans the twenty-four-hour period following a series of eight murders in eight days, presumably the work of a terrorist group. After the ninth murder, the investigation is turned over to a police agent—who may in fact be the assassin. Both an engrossing mystery and a sinister deconstruction of reality, The Erasers intrigues and unnerves with equal force as it pulls us along to its ominous conclusion. “On the surface, and surface is the key word with this author, The Erasers is a mystery story, where a police agent named Wallas stalks an unknown assassin through a nameless puzzleboard Flemish town . . . Nothing is certain. The only thing the reader can be sure of is the laser precise detail in which all that isn’t clear is described, catalogued and analyzed.” —The Millions “A haunting, mystifying evocation of a murder that will keep your attention riveted.” —The Dallas Morning News Praise for Alain Robbe-Grillet “I can think of no other writer who can render the banal so fearfully fantastic.” —Books and Bookmen “I doubt that fiction as art can any longer be seriously discussed without Robbe-Grillet.” —The New York Times

**When Pencil Met the Markers** Karen Kilpatrick,Luis O. Ramos, Jr.,2020-07-21 A purple marker shows his friends that being creative means sometimes coloring outside the lines in When Pencil Met the Markers, the imaginative, inspiring, and colorful follow-up to When Pencil Met Eraser from writers Karen Kilpatrick and Luis O. Ramos, Jr., and illustrator German Blanco. Meet the Markers! They love to color. But Purple Marker colors everywhere—even outside the lines. When the other markers call his creativity a mistake, it’s up to Pencil and Eraser to help Purple discover how making mistakes and making art go hand-in-hand. This hilarious and clever picture book allows Pencil and Eraser to show Purple Marker—and the rest of us—how to turn our messes into successes and do what makes us happy. When Pencil Met the Markers brings engaging art, adorable characters, and a clever story to the everyday. The result? A funny, effective message about how the best art can come from trying something new. An Imprint Book An Amazon Best Book of the Month

*Eraser World* H. Louise Webb,2015-07 Sitting in a favorite comfortable position, reviewing memories of the past, can often be like playing a game of cards. Thinking about the next move or step to take towards becoming a winner. It does not take very long for someone to reminisce about loving memories you never want to forget and memories you want to erase. Waking up everyday knowing you have a task ahead of you but you do not know how it will be played out. From childhood until you become an adult, it's a journey everyone will take. You start the day opening your eyes and your family are the first people you encounter. Your feet touch the floor and the journey begins. You never feel you are poor, with only limited amount of material things, you only have rich feelings with lots of love. Knowing within yourself you are a good, strong and loving

person, makes you feel special and, with this feeling you can conquer anything you want to do. With the help of loving parents and siblings makes this voyage a safe and secure passage. Our thoughts and memories from the past are in two columns: one column to erase memories, and one column, we will treasure forever. All of them combined are situations humans try to control, some of them we can control and some we can do nothing to prevent, only accept them and move on with life. About the Author Being born in a northern state and having parents from the Deep South was a pleasure to H. Louse Webb. Her parents raised their six children to be loving and trustworthy people. Her parents taught their children if you share and be kind to others it will come back to you in the future. The family had very little money, but they had lots of love. They had a vegetable garden and chickens, ducks, dogs and cats. In high school, Webb knew she wanted to be a writer. She received an A for an autobiography. Many years have passed since high school, but never say never. You may surprise yourself as Webb has.

With an eraser following me Malin Bohman,2021-08-19 Having the ability to remember what you have previously experienced, or at least the essential parts of it, is something most people take for granted. But that is not the case for everyone, and some people lack access to their so-called autobiographical memories. A condition that is called Severely Deficient Autobiographical Memory, or SDAM. Malin is one of those with this condition. In this book, she tries to describe what it means to have SDAM, how it affects her, and reflects on what the neurological causes may be and what might work a little differently in her brain. She also muses about her long and painful journey in the world of psychiatry, since it took almost 28 years before she finally received her diagnosis: autism and memory disorder. WITH AN ERASER FOLLOWING ME is thus a book for those of you who want to learn a little more about this unusual memory problem and what it can be like to live with it. It is also a book for those who may want to get an insight into how wrong things can go when knowledge and understanding are lacking in healthcare, and when a patient gets hurt, despite the best intentions. Here is a book that is both touching and full of valuable information, that reads like a novel at times, like a thriller at others, and like a textbook too. NOUCHINE HADJIKHANI Professor of Experimental Child and Adolescent Psychiatry at Sahlgrenska Academy at Gothenburg University. Associate Professor at Harvard Medical School, Boston.
