Expired Paper ,2017 Divided into sections that represent the breadth of Alison Rossiter's (born 1953) process and vision, 'Expired Paper' offers a comprehensive look at the artist's body of cameraless photo-art?Latent, Landscapes, Pools, Pours, Dips, Blurs, Fours and Collages. Art critic Leah Ollman has been contemplating Rossiter's work for years, and her accompanying text serves as an ideal complement to the images: 'All of the works pay homage to the rich idiosyncrasies of photographic papers across history, and restore a sanctity to the photograph as object. Made without cameras, lenses or film, the works are nothing but process and materiality.' The book also includes a selection of early 20th-century photographic paper packages (which the artist has collected for over 10 years) in a separate booklet.

*Expiration Date* R.E. Wallace,2010-06-01 At thirty-nine, Bobby Thomshaft is working sixteen-hour days, six days a week delivering milk on the eastern plains of Colorado while yearning to live the lusty life that has always been out of his reach. When his twenty-two-year marriage to a newly-transformed yuppie princess turns sour, Bobby's partner and friend, Rudy Tvorsky, takes him out for a night on the town and introduces him to his eclectic group of friends who are into more than just cocktails. After Bobby tastes methamphetamine for the first time, he bids farewell to his former life. Bobby's meth use increases and his normally positive nature warps into a delusional mix of Pollyanna optimism and meth-fueled arrogance. As his marriage disintegrates into nothingness, Bobby hooks up with Allegra, a twenty-something divorcee and recent Colorado transplant who loves cocaine and a good time. Meanwhile, Bobby is starting to believe the rosy illusions of what he wishes to be true and creates an elaborate plan of self-deception that keeps him from acknowledging the slew of meth complications piling up around him. As Rudy attempts to wake Bobby from his illusions, he suddenly discovers that people, just like milk, are not exempt from nearing their expiration dates.

Time Expired Susan Dunlap,1993 It was part street theater, part civil disobedience, and pure Berkeley: Someone was waging guerrilla warfare on the city's meter maids and their beloved parking meters. But when the prankster took detective Jill Smith and her colleagues on a wild chase into a deep, overgrown ravine, the game led to murder. The dead woman was Madeleine Riordan. A firebrand attorney who was not above an act of civil disobedience herself, Madeleine spent her last days in a nursing home that was perched on the edge of a ravine. Praying into the extraordinary life and times of Madeleine Riordan, Jill discovered a strange connection between the meter capers and the frail, cancer-stricken woman who had once been an unyielding defender of individual liberties. And then Jill found something else: a crime Madeleine had witnessed, and died trying to stop. . .

**Love Doesn't Come with an Expiration Date Or Instructions** B. Anthony,2019-01-08 When it comes to love, there are no guarantee identifiers to hidden causes of relationship failure to guide you through a step by step process to avoid getting your heart broken. It shows you why love by itself does not guarantee you'll enjoy a successful relationship. Love is not just words, its words that must be validated by corresponding

actions. A person loves you according to how they treat you not by what they tell you. In every loving relationship, you must have trust, trust that comes from a consistent behavior. When a person says, I love you-you should be able to trust that they do because it was proven repeatedly. When you get a broken heart it's not because that person doesn't love you, it's because you love them. If you're able to love someone, you'll be in a vulnerable position and subject to getting hurt. If you must ask or have doubts that someone loves your chances are; they don't love you and or you haven't experienced what real love is. Although there's no guaranteed way to prevent getting your heart broken, you can ease the pain and shorten the process by loving yourself first, more and often.

**America's Expiration Date** Cal Thomas,2020-01-21 A warning and a wake-up call to learn history so we are not doomed to repeat it. A must-read for anyone who longs for a promising future for our great nation. What is wrong with America today? Is it possible that America could crumble and our democracy fail? Questions like these plague Americans and cause us to be anxious about the future of the land that we love. Individuals may come to different conclusions, but there seems to be a common thread - the deep-seated feeling that we need to improve our country. Our culture is increasingly immoral, the family structure is threatened from all sides, and government programs consistently overreach, creating massive debt. In this powerful and prophetic book, nationally syndicated columnist and trusted political commentator Cal Thomas offers a diagnosis of what exactly is wrong with the United States by drawing parallels to once-great empires and nations that declined into oblivion. Citing the historically proven 250-year pattern of how superpowers rise and fall, he predicts that America's expiration date is just around the corner and shows us how to escape their fate. Through biblical insights and hard-hitting truth, he reminds us that real change comes when America looks to God instead of Washington. Scripture, rather than politics, is the GPS he uses to point readers to the right road - a road of hope, life, and change. Because, he says, if we're willing to seek God first, learn from history, and make changes at the individual and community level, we can not only survive, but thrive, again. This powerful, timely, and much-needed perspective is a must-read for anyone who longs for a promising future for our great nation.

Expired Listings D. M. Barr,2016-08-27 Someone is 'deactivating' the Realtors in Rock Canyon and almost no one seems to care. Not the surviving brokers, who consider the serial killings a competitive boon. Not the town's residents, who see the murders as a public service. In fact, the only person who's even somewhat alarmed is Dana Black, a kinky, sharp-witted yet emotionally skittish Realtor who has no alibi for the crimes because during each, she was using her empty listings for games like Bondage Bingo with her sadistic lover, Dare. And yet, mysteriously, all clues are pointing her way. Along with clearing her name and avoiding certain death at the hands of the 'Realtor Retaliator, ' Dana has an even bigger problem: she's inadvertently become a person of interest in more ways than one to Aidan Cummings, the sexy albeit vanilla detective investigating the case. While his attentions are tempting, Dana is torn-does she continue her ironically 'safe' but sterile BDSM relationship with Dare, or risk real intimacy with Aidan? Kink, Suspense and Satire--Expired Listings masterfully combines all three while exploring the universal need for validation and

the toxic nature of revenge.
