The Routledge Companion to Experimental Literature Joe Bray, Alison Gibbons, Brian McHale, 2012-07-26 What is experimental literature? How has experimentation affected the course of literary history, and how is it shaping literary expression today? Literary experiment has always been diverse and challenging, but never more so than in our age of digital media and social networking, when the very category of the literary is coming under intense pressure. How will literature reconfigure itself in the future? The Routledge Companion to Experimental Literature maps this expansive and multifaceted field, with essays on: the history of literary experiment from the beginning of the twentieth century to the present the impact of new media on literature, including multimodal literature, digital fiction and code poetry the development of experimental genres from graphic narratives and found poetry through to gaming and interactive fiction experimental movements from Futurism and Surrealism to Postmodernism, Avant-Pop and Flarf. Shedding new light on often critically neglected terrain, the contributors introduce this vibrant area, define its current state, and offer exciting new perspectives on its future. This volume is the ideal introduction for those approaching the study of experimental literature for the first time or looking to further their knowledge.

Readers In Wonderland Deborah O'Keefe, 2004-08-03

O'Keefe examines a wide range of children's fantasy books, and draws on her own experiences as a sympathetic reader as well as on the views of psychologists and social theorists. Readers in Wonderland ranges from William Steig's small picture books to J. R. R. Tolkien's epic series; from utopias like L. Frank Baum's Oz to dystopias like Virginia Hamilton's Dustland; from less-known works like Patricia Wrightson's to the phenomenon that is J. K. Rowling's Harry Potter; from time travel to parallel worlds; and from magical transformations and wishes that come true to lonely journeys and huge battles of good against evil.--BOOK JACKET.

Wonderland Down the Rabbit Hole Patrick

Shand, 2013-12-27 Alice Liddle has escaped a dimension of horror and madness called Wonderland, but not without dire consequences. Struggling with a now shattered psyche, Alice must prevent the evil beings that inhabit that realm from slipping into this world and infecting everyone she holds dear. But that is easier said than done as a mysterious entity is revealed to have been manipulating events from the very beginning. Forget everything you thought you knew and see how deep the rabbit hole goes in this psychological horror series co/written by both bestselling writer Raven Gregory (Wonderland Trilogy, Fly) and up-and-coming wordsmith Pat Shand (Unleashed, Robyn Hood).

Surprising Adventures of the Magical Monarch of Mo and His People (Annotated) L. Frank L. Frank Baum, 2015-08-12

*This Book is annotated (it contains a detailed biography of the author). *This book has been checked and corrected for spelling errors. The Surprising Adventures of the Magical Monarch of Mo and His People is the first full-length children's fantasy book by L. Frank Baum. Originally published in 1899 as A New Wonderland, Being the First Account Ever Printed of the Beautiful Valley, and the Wonderful Adventures of Its Inhabitants, the book was reissued in 1903 with a new title in order to capitalize upon the alliterative title of Baum's successful The Wonderful Wizard of Oz. The book is only slightly altered-Mo is called Phunniland or Phunnyland, but

aside from the last paragraph of the first chapter, they are essentially the same book. Mo is much more of a nonsense book than Oz, bringing to mind Lewis Carroll's Alice's Adventures in Wonderland, which is probably what the original title referred to. Each chapter is a different story, unlike Baum's other books, which are full length stories. They do, however have a general throughline, and can be seen as an episodic novel.

Transformed in Wonderland Dani Hoots,2021-02-23 The Duchess has taken over Wonderland. Alice is still trying to wrap her head around it all—Chase has betrayed them and was working for the Duchess the entire time. Not only did Alice's best friend disappear in front of her eyes, but all of Wonderland has now been rewritten. Only she and Malcolm escaped by running to the safety(?) of the Dark Forest. Now they needed to work harder than ever to restore Wonderland, and revive Kate, if that is even possible. This is the conclusion of Wonderland Chronicles

Jeff In Wonderland Jason Burglar,2020-08-11 This is a book that no one needed and no one asked for, but I gotta say it's pretty entertaining - Jeff.In this strange and humorous retelling of Lewis Carroll's classic Alice in Wonderland, author Jason Burglar (that's me) answers the age old question 'What if everyone's name was Jeff? True to the story of the original, but full of extra flavor. Jeff chases The Fluffy White Jeff down a Jeff-hole, tries not to get beheaded by the crazed Jeff Queen of Hearts while playing disc golf, and has to get inventive to escape a run-in with Jeff the Sasquatch.Free of any references to politics or pop-culture, this book can be enjoyed by anyone! As long as you can read, I suppose. Audio book version coming soon.

Beyond the Walls of Wonderland M. K. Cook,2016-11-12 When Alice finds yet another opportunity to travel to Wonderland, she has no hesitation dragging her younger sister, Edith, along as well. When their older sister comes looking for them in worry, the three get swept into the mysterious world of Wonderland. It is not the same as it had once been. It is no longer fun and games. There is

only so much time before off with your head. As friendships are built and love intertwines, Wonderland turns out to be darker than Alice had ever imagined. Join Alice and her sisters on this unforgettable adventure that may just be their last.

A New Wonderland by L. Frank Baum, Fiction, Fantasy, Fairy Tales, Folk Tales, Legends & Mythology L. Frank Baum,2006-11

Much more of a nonsense book than Oz, bringing to mind Lewis Carroll's Alice's Adventures in Wonderland, which is probably what the original title referred to. The Wizard In Wonderland (Oz-Wonderland Book 1) Ron

Glick,2013 Dorothy Gale has been to some strange lands, but none as unexpected as 19th century Oxford, England. Yet this is exactly where Dorothy meets Alice Liddell, a young woman with her own fanciful stories of a place called Wonderland. Alice finds herself pulled into Oz to face a new Wicked Witch, while Dorothy must follow the Wizard into a Wonderland civil war. Unknown to either girl though, plots have arisen against both faery lands, and they must uncover the hidden history shared between these lands if they are ever to set things right again. Written with a faithful eye to the original Baum and Carrol classics, The Wizard In Wonderland reveals the secrets of Oz and Wonderland in a story

that brings together both classic heroines in a new epic adventure.

Stevi and Henry's Adventures In Wonderland Aj

Diaz,2023-06-21 I've never not read this book. In fact, I'm reading it right now. - Mad Hatter Embark on the most fun you'll ever have (other than that time you tried putting a fork in that outlet) with Stevi and Henry as they embark on their greatest adventure yet: Falling down the rabbit hole into WONDERLAND. This charming and as-exciting-as-a-telephone-pole (when telephone poles were first invented, of course) novel is a rewrite of the beloved classic, Alice's Adventures In Wonderland, but with modern twists and heaps of charm -- and Martians, sentient gnomes, and a few shades of the Arabian Nights. When Stevi and Henry, best friends forever and a day, fall down the rabbit hole, their lives are turned topsy-turvy and a little bit upside-down. They face off against giant snakes and spiders in the caverns of Arabia, they quench tremendous hunger with curiously-obtained and delicious churros, and they meet Paul Bunyan and his wrecking house of a dog. Things get a little crazy in Wonderland. Enter if you dare. But, remember, it's a mad world. This is a great novel for young and intermediate readers. And parents will enjoy the charms and wiles of this iteration of the trippy and unexpected Wonderland. For generations to come. And even a few generations after those ones. And toast. With butter. NOTE FROM THE AUTHOR. Hi, I'm the author. And this is a note. From me. The author.

Calie Liddle was once a normal high school student with a loving family and a great boyfriend. But in the shadows of her picture perfect life something was always watching and waiting. the answers to the questions that have defined her life. As Alice's mental health deteriorates, Calie will discover the truth behind her mother's illness as she is pulled into the same realm Alice traveled to many years before. Now Calie must survive in a world where terror runs rampant, a place where the adventures of Alice were only the beginning, as she discovers the shocking truth behind what Wonderland really is. Will Calie find the strength to escape or will she succumb to the insanity that has already taken so much from her mother? Discover for yourself the madness with no method and an evil with no motive ... discover for yourself the world that is Wonderland.--Page 4 of cover

The Surprising Adventures of the Magical Monarch of Mo and His People Lyman Baum, 2021-10-10 Book Excerpt: weeps. I beg pardon, your Majesty, said the wood-chopper, meekly, I'll not do it again. Well, see that you don't, returned the head more cheerfully. The people were greatly amazed at this, and took the wood-chopper to the palace, where all was soon explained. When the Queen saw the King's head she immediately kissed it; but the King rebuked her, saying she must kiss only him. But it is your head, said the poor Queen. Probably it is, replied the King; but it is on another man. You must confine yourself to kissing my wooden head. I'm sorry, sighed the Queen, for I like to kiss the real head best. And so you shall, said the King's head; I don't approve your kissing that wooden head at all. The poor lady looked from one to the other in perplexity. Finally a happy thought occurred to her.

Why don't you trade heads? she asked. Just the thing! cried the King; and, the wood-chopper consenting, the exchange was made, and the Monarch of Mo found himself in posse Read More

Alice's Adventures in Wonderland Decoded David

Day,2015-09-29 This gorgeous 150th anniversary edition of Alice's Adventures in Wonderland is also a revelatory work of scholarship. Alice's Adventures in Wonderland--published 150 years ago in 1865--is a book many of us love and feel we know well. But it turns out we have only scratched the surface. Scholar David Day has spent many years down the rabbit hole of this children's classic and has emerged with a revelatory new view of its contents. What we have here, he brilliantly and persuasively argues, is a complete classical education in coded form--Carroll's gift to his wonder child Alice Liddell. In two continuous commentaries, woven around the complete text of the novel for ease of cross-reference on every page, David Day reveals the many layers of teaching, concealed by manipulation of language, that are carried so lightly in the beguiling form of a fairy tale. These layers relate directly to Carroll's interest in philosophy, history, mathematics, classics, poetry, spiritualism and even to his love of music--both sacred and profane. His novel is a memory palace, given to Alice as the great gift of an education. It was delivered in coded form because in that age, it was a gift no girl would be permitted to receive in any other way. Day also shows how a large number of the characters in the book are based on real Victorians. Wonderland, he shows, is a veritable Who's Who of Oxford at the height of its power and influence in the Victorian Age. There is so much to be found behind the imaginary characters and creatures that inhabit the pages of Alice's Adventures in Wonderland. David Day's warm, witty and brilliantly insightful guide--beautifully designed and stunningly illustrated throughout in full colour--will make you marvel at the book as never before.

The Outfit Gus Russo,2008-12-02 This is the story of the Outfit, the secretive organized crime cartel that began its reign in

prohibition-era Chicago before becoming the real puppet master of Hollywood, Las Vegas, and Washington D.C. The Outfit recounts the adventures and exploits of its bosses, Tony 'Joe Batters' Accardo (the real Godfather), Murray 'The Camel' or 'Curly' Humphreys (one of the greatest political fixers and union organizers this country has ever known), Paul 'The Waiter' Ricca, and Johnny Rosselli (the liaison between the shadowy world and the outside world). Their invisibility was their strength, and what kept their leader from ever spending a single night in jail. The Outfit bosses were the epitome of style and grace, moving effortlessly among national political figures and Hollywood studio heads-until their world started to crumble in the 1970s. With extensive research including recently released FBI files, the Chicago Crime files of entertainer Steve Allen, first-ever access to the voluminous working papers of the Kefauver Committee, original interviews with the members of the Fourth Estate who pursued the Outfit for forty years, and exclusive access to the journals of Humphrey's widow, veteran journalist Gus Russo uncovers sixty years of corruption and influence, and examines the shadow history of the United States.
