**The Fighters** C. J. Chivers, 2019-05-21 NEW YORK TIMES BESTSELLER \* "A CLASSIC OF WAR REPORTING...THERE IS NO DOWNTIME IN THIS RELENTLESS BOOK."—The New York Times \* "REMARKABLE...A MEMORIAL IN PAGES."—The Washington Post \* "GRIPPING AND THOUGHT-PROVOKING."—USA Today \* "EVOCATIVE."—Publishers Weekly, (Starred Review) \* "IT JOINS THE BEST WAR LITERATURE THIS COUNTRY HAS EVER PRODUCED."—Sebastian Junger, bestselling author of *Tribe* and War Pulitzer Prize winner C.J. Chivers's unvarnished New York Times bestseller is a chronicle of modern combat, told through the eyes of the fighters who have waged America's longest wars: "A classic of war reporting...there is no downtime in this relentless book" (The New York Times). More than 2.7 million Americans have served in Afghanistan or Iraq since September 11, 2001, and C.J. Chivers reported on both wars from their beginnings. *The Fighters* vividly conveys the physical and emotional experience of war as lived by six combatants: a fighter pilot, a corpsman, a scout helicopter pilot, a grunt, an infantry officer, and a Special Forces sergeant. Chivers captures their courage, commitment, sense of purpose, and ultimately their suffering, frustration, and moral confusion as new enemies arise and invasions give way to counterinsurgency duties for which American forces were often not prepared. *The Fighters* is a "gripping, unforgettable" (The Boston Globe) portrait of modern warfare. Told with the empathy and understanding of an author who is himself an infantry veteran, *The Fighters* is "a masterful work of atmospheric reporting, and it's a book that will have every reader asking—with varying degrees of urgency or anger or despair—the final question Chivers

himself asks: 'How many lives had these wars wrecked?'" (Christian Science Monitor).

**A Fighter's Heart** Sam Sheridan, 2008-02-19 This “whirling, no-holds-barred,” national bestselling memoir of mixed martial arts by the author of *The Fighter's Mind* is “adrenaline-addled and addictive” (Playboy). In *A Fighter's Heart*, former merchant marine and Harvard graduate Sam Sheridan shares a “fascinating” first-person account of his life inside the world of professional MMA fighting “and his behind-the-scenes access makes for a gripping read” (Sara Cardace, *The Washington Post*). In 1999, after a series of adventurous jobs—construction at the South Pole, ranching in Montana, and sailing private yachts around the world—Sheridan found himself in Australia with time to finally indulge a long-dormant obsession: fighting. After training in Bangkok at the legendary Fairtex Gym, Sheridan stepped through the ropes for a professional bout, embarking on an epic journey to discover what only a fighter can know about fear, violence, and most of all, himself. From small-town Iowa to the beaches of Rio, from the streets of Oakland to the arenas of Tokyo, Sheridan trained, traveled, and fought with Olympic boxers, Brazilian jiu-jitsu stars, and Ultimate Fighting champions. This chronicle offers an insightful look at violence as a spectator sport, as well as a dizzying account of what it's like to hit—and be hit by—some of the best fighters in the world.

The Food Fighters Alexander Justice Moore, 2014 Robert Egger wasn't impressed when his fiancée dragged him out one night to help feed homeless men and women on the streets of Washington, DC. That was twenty-five years ago, and it wasn't that the cocky nightclub manager didn't want to help people—he just felt that the process was more meaningful to those serving the meals than those receiving them. He vowed to come up with something better. Egger named his gritty, front-line nonprofit DC Central Kitchen, and today it has become a national model for feeding and empowering people in need. By teaming up with chefs, convicts, addicts, and other staffers seeking second chances, Egger has helped DC's homeless and hungry population trade drugs, crime, and dependency for culinary careers—and fed thousands in the process. Written by a DC Central Kitchen insider, *The Food Fighters* shows how Egger's innovative approach to combating hunger and creating opportunity has changed lives and why the organization is more relevant today than ever before. This retrospective goes beyond the simplistic moralizing used to describe the work of many nonprofits by interviewing dozens of DC Central Kitchen leaders, staff, clients, and stakeholders from the past two-and-a-half decades. It captures the personal and organizational struggles of DC Central Kitchen, offering new insights about what doing good really means and what we expect of those who do it. "The women and men of DC Central Kitchen are in the business of changing lives. I have felt first-hand the energy and enthusiasm in that basement kitchen, and it's infectious. This book is a testament to what is possible when we break down stereotypes, rethink old models, and challenge ourselves to become true agents of change." —Carla Hall, co-host of ABC's *The Chew* "Robert Egger and DC Central Kitchen ... changed my life, and I have never looked

back. Their story will open a door to a new way of thinking about bringing dignity and hope to those in need.” —José Andrés, James Beard award winner, chef and owner of ThinkFoodGroup

**Ultimate Fighting and Embodiment** Dale C. Spencer, 2013-06-19 Mixed martial arts (MMA) is an emergent sport where competitors in a ring or cage utilize strikes (punches, kicks, elbows and knees) as well as submission techniques to defeat opponents. This book explores the carnal experience of fighting through a sensory ethnography of MMA, and how it transgresses the cultural scripts of masculinity in popular culture. Based on four years of participant observation in a local MMA club and in-depth interviews with amateur

and professional MMA fighters, Spencer documents fighters' training regimes and the meanings they attach to participation in the sport. Drawing from the philosophical phenomenology of Martin Heidegger, Maurice Merleau-Ponty and Jean-Luc Nancy, this book develops bodies-centered ontological and epistemological grounding for this study. Guided by such a position, it places bodies at the center of analysis of MMA and elucidates the embodied experience of pain and injury, and the sense and rhythms of fighting.

*World War II Resistance Fighters* Matt Doeden, 2018 During World War II, many people felt powerless. They didn't have the numbers or weapons to fight back directly. So they used sabotage to fight back against the Nazis.--Provided by publisher.

Victory Fighters: The Veterans' Story Stephen Darlow, 2012-07-30 A collection of eyewitness accounts of the struggle that raged in the skies over occupied Europe after the Battle of Britain during World War II. Expertly selected and interwoven by Stephen Darlow, *Victory Fighters* centers on the stories of six pilots and one navigator, the telling of which covers every aspect of this battle over land and sea. The author describes and analyzes the relevant command decisions from the highest level down, and against this background the men give their accounts from the start of their flying careers through to the preparations for operation Overlord, the invasion itself, the liberation of France, the

crossing of the Rhine, to the end of the war in Europe on VE-Day. Through their eyes, the reader is introduced to a series of different tasks and situations, a multitude of aircraft types—Sunderlands, Mustangs, Tempests, Typhoons, Spitfires, Whirlwinds, Mosquitoes—and a great many squadrons. Having conducted numerous interviews and undertaken diligent research of documents, diaries and correspondence, the author has produced a fitting testament to these men and the countless others they represent.
