Flip the Script Oren Klaff, 2019-08-13 THE BESTSELLING AUTHOR OF PITCH ANYTHING IS BACK TO FLIP YOUR ENTIRE APPROACH TO PERSUASION. Is there anything worse than a high-pressure salesperson pushing you to say yes (then sign on the dotted line) before you're ready? If there's one lesson Oren Klaff has learned over decades of pitching, presenting, and closing long-shot, high-stakes deals, it's that people are sick of being marketed and sold to. Most of all, they hate being told what to think. The more you push them, the more they resist. What people love, however, is coming up with a great idea on their own, even if it's the idea you were guiding them to have all along. Often, the only way to get someone to sign is to make them feel like they're smarter than you. That's why Oren is throwing out the old playbook on persuasion. Instead, he'll show you a new approach that works on this simple insight: Everyone trusts their own ideas. If, rather than pushing your idea on your buyer, you can guide them to discover it on their own, they'll believe it, trust it, and get excited about it. Then they'll buy in and feel good about the chance to work with you. That might sound easier said than done, but Oren has

taught thousands of people how to do it with a series of simple steps that anyone can follow in any situation. And as you'll see in this book, Oren has been in a lot of different situations. He'll show you how he got a billionaire to take him seriously, how he got a venture capital firm to cough up capital, and how he made a skeptical Swiss banker see him as an expert in banking. He'll even show you how to become so compelling that buyers are even more attracted to you than to your product. These days, it's not enough to make a great pitch. To get attention, create trust, and close the deal, you need to flip the script.

Flash CS5.5 Chris Grover, 2011-06-21 A guide to Flash CS5 covers the basics of animation, ways to create movement between images, adding audio and video, creating reusable elements, and testing and publishing Web sites.

**Flash 8: The Missing Manual** E. A. Vander Veer, 2006-03-22 Macromedia's Flash 8 is the world's premier program for adding animation to websites. And with the latest version, this popular program becomes more versatile, letting beginning webmasters and expert developers alike create sophisticated web content. But Flash isn't intuitive. And it doesn't come with a manual. Whether you want to learn the basics or unleash the program's true power, Flash 8: The Missing Manual is the ideal instructor. This hands-on guide to today's hottest web design tool is aimed at nondevelopers, and it teaches you how to translate your ideas into great web content. It begins with a solid primer on animation, which helps you get comfortable with the Flash interface. Once you have these basics under your belt, Flash 8: The Missing Manual moves on to advanced animations, including adding special effects and audio, video, and interactivity to your presentations. When you're really feeling steady, the book

shows how to use a dollop of ActionScript to customize your content. It then teaches you how to publish your Flash creations for web surfers everywhere to enjoy. Along the way, the book shows you good design principles and helps you avoid elements that can distract or annoy an audience. Author Emily Vander Veer has more than a dozen books to her credit, including titles on web design and scripting--most written for non-technical readers. Her background makes her the perfect author for a straightforward book on a complex subject. She takes Flash 8: The Missing Manual from the basics to the advanced, yet avoids a hasty jump into tough topics that can leave readers confused. Not only will Flash 8: The Missing Manual help you turn a concept into unique, dynamic content, but it will continue to serve as a reference as you develop your website.

Flower Flash Lewis Miller, 2021-11-02 From Lewis Miller, the celebrated floral designer and Flower Bandit himself, an intimate and joyous behind-the-scenes look at his signature Flower Flashes as they introduced bright moments of natural beauty into the city when they were needed most.

Before dawn one morning in October 2016, renowned New York-based floral designer Lewis Miller stealthily arranged hundreds of brightly colored dahlias, carnations, and mums into a psychedelic halo around the John Lennon memorial in Central Park. The spontaneous floral installation was Miller's gift to the city—an effort to spark joy during a difficult time. Nearly five years and more than ninety Flower Flashes later, these elaborate flower bombs—bursts of jubilant blooms in trash cans, over bus canopies, on construction sites and traffic medians—have brought moments of delight and wonder to countless New Yorkers and flower lovers everywhere, and earned Miller a following of dedicated fans and the nickname the Flower Bandit. After New York City entered lockdown, Miller doubled down, creating Flower Flashes outside hospitals to express gratitude to frontline health workers and throughout the city to raise spirits. This gorgeous and poignant visual diary traces the phenomenon from the first, spontaneous Flower Flash to the even more profound installations of the pandemic through a kaleidoscopic collage of photos documenting the Flower Flashes, behind-the-scenes snapshots, Miller's inspiration material, fan contributions, and more.
