After ex-detective Nick Bottom's wife died in a car accident, he went under the flash to be with her; he's lost his job, his teenage son, and his livelihood as a result. Nick may be a lost soul but he's still a good cop, so he is hired to investigate the murder of a top governmental advisor's son. This flashback-addict becomes the one man who may be able to change the course of an entire nation turning away from the future to live in the past.

Flashback Nevada Barr,2013-06-06 Escaping a proposal of marriage from Sheriff Paul Davidson, Anna Pigeon takes a post as a temporary supervisory ranger on remote Garden Key in Dry Tortugas National Park, a grouping of tiny islands in a natural harbour seventy miles off Key West. This island paradise has secrets it would keep, not just in the present, but in shadows from its gritty past, when it served as a prison during the Civil War, and for the Lincoln assassination conspirators afterward. Here, on this last lick of the United States, in a giant crumbling fortress, Anna has little company besides the occasional sunburned tourist or unruly shrimper. When her sister, Molly, sends her a packet of letters from a great-great-aunt who lived at the fort with her husband, a career soldier, Anna's fantasy life is filled with visions of this long-ago time. But a mysterious boat explosion and the discovery of unidentifiable body parts keeps Anna anchored to the present, and she soon finds crimes of yesterday and today closing in on her. A tangled web that was woven before she arrived threatens her sanity and her life. Cut off from the mainland by miles of water, poor phone service, and sketchy radio contact, Anna must find answers and weather a storm that rivals the hurricanes for which the islands are famous.

Flashbacks in Film Maureen Turim,2013-12-17 The flashback is a crucial moment in a film narrative, one that captures the cinematic expression of memory, and history. This author's wide-ranging account of this single device reveals it to be an important way of creating cinematic meaning. Taking as her subject all of film history, the author traces out the history of the flashback, illuminating that history through structuralist narrative theory, psychoanalytic theories of subjectivity, and theories of ideology. From the American silent film era and the European and Japanese avant-garde of the twenties, from film noir and the psychological melodrama of the forties and fifties to 1980s art and Third World cinema, the flashback has interrogated time and memory, making it a nexus for ideology, representations of the psyche, and shifting cultural attitudes.
