Forex Trading Made Easy For Beginners: Software, Strategies and Signals Marlon Green, 2014-06-15 There is quite a buzz in the marketplace about Forex trading. More and more persons are trying their hands at this form of trading in a bid to make additional income to support their families. Some are even looking at Forex as a job that they can do from home so they can spend more time with their families. Forex Trading Made Easy For Beginners: Software, Strategies and Signals helps the reader to learn all about this form of trading. The world of trading can be unforgiving and it is essential that persons learn how to trade properly before they put all their money in. The book is a great introductory text for the Forex novice. It teaches all of the basics and so much more!

Strap! Forex Automated Trading Software Can Make You Millions! Jasuli Suliadi, 2019-08-14 This book aims to debunk beliefs that Forex Robot (EAs for short) is a myth and that there is no software out there that can trade Forex automatically totally without human supervision. From a simple EA to a compound EA to a multi-time frame compound EA I aim to prove the skeptics wrong by showing how in nine years I had developed one of the most accurate EAs you can find in the market where profit/loss win ratio is concerned. My findings in this book could save you years if you're a budding EA developer. I will show you how I make a simple MacD EA, how I combine EAs and how I use higher time frames and time factors to improve their performances. I came across truths in of Law of Large Numbers (rigorous testing), Law of Diminishing Returns (using too much filters), Fibonacci Sequence (the larger Cycle is interdependent on the smaller Cycles) and many more learning experiences as an EA developer. If you work in the Trading Department of a bank this book is proof that not all Algorithms exist in High Speed. With the COMP EAs all losses are paper losses ...

Thirty Days of FOREX Trading Raghee Horner, 2012-07-03 Whether you're a full-time trader looking to make a living or a part-time trader looking to make some extra money, the foreign exchange (forex) market has what you desire--the potential to make sizeable profits and 24/7 accessibility. But to make it in today's forex market, you need more than a firm understanding of the tools and techniques of this discipline. You need the guidance of someone who has participated, and prevailed, in this type of fast-paced environment. Raghee Horner has successfully traded in the forex market for over a decade, and now, in Thirty Days of Forex Trading, she shares her experiences in this field by chronicling one full month of trading real money. First, Horner introduces you to the tools of the forex trade, and then she moves on to show you exactly what she does, day after day, to find potentially profitable opportunities in the forex market. Part instructional guide, part

trading journal, *Thirty Days of Forex Trading* will show you--through Horner's firsthand examples--how to enter the forex market with confidence and exit with profits.

Forex Trading Using Intermarket Analysis Louis B. Turning Losing Forex Trades into Winners Gerald E. Greene, 2008-09-15 An effective way to reverse a trade's fortune Almost all trading books focus on winning trades. But winning trades can be hard to come by, especially when you're just starting out. *Turning Losing FOREX Trades into Winners* takes a look at this discipline from a different angle, examining effective methods for dealing with trades that are in a losing position. First, it guides the trader through the various steps of determining if a trade is with or against the overall trend. Then, it explains how to decide when a trade should be closed or left open. While this reliable resource is filled with in-depth insights and expert advice that will help readers gain a better understanding of today's FOREX market, it also contains hundreds of chart examples that will provide step-by-step instructions on how traders can recover from losses.

FOREX Perfection In Manual, Automated And Predictive Trading Mostafa Afshari, 2018-08-31 From the very beginning and during writing this book one question was always in my mind: how much this book will benefit the reader? Finally I organized the book in three parts (Manual, Automated and Predictive Trading) to make sure at least one method solves the problem of Forex trading for the reader. In Manual Trading I have explained the best manual trading strategies and the most probable entry and exit signals. Automated Trading is the next part in which you will learn to develop your own trading ideas and strategies using a super easy, smart, advanced, free and all in one software in no time and make your trading 100% automated. Forex income on autopilot is not a dream anymore. In Predictive Trading, as it appears from the topic, you will learn top methods of next day price prediction. Just imagine how much difference will it make if you know prices of tomorrow in advance! This book is aimed to all retail traders (beginner or experienced), institutional traders, automated and algorithmic trading developers, Forex and financial markets researchers and all people who want to learn about some new possibilities in Forex trading.

Forex on Five Hours a Week Raghee Horner,2010-01-12 A top forex trader reveals how to ease into this market and excel Trading the forex market has become one of the most popular forms of trading, mainly because of its twenty-four-hour access and the fact that there is always a bull market available in this arena. But not everyone is interested in quitting their jobs and spending all day trying to make a living trading. That's where Forex in Five Hours a Week comes in. This book shows readers how they can master a few techniques, focus their efforts on their choice of time frame, and profit in the forex market. Readers with a day job and little time to dedicate to the market will learn all they need to know to capture consistent profits

Forex Trading David Reese,2021-02-06 Are you searching for a reliable source of passive income to supplement your salary? Would you like to gain financial freedom and eventually quit your day job? Are you new to investing and looking for expert guidance to help you enhance your skills? If you're ready to take your fortune into your own hands by making smart investments, this is the book for you. Read on! Forex, also known as exchange or FX, involves buying and selling different currencies with the aim of earning profits based on fluctuations in the values of these currencies. This essential guidebook empowers you to understand the ins and outs of forex trading, develop winning strategies and identify the indicators necessary for success. While stock market investments can generate a great deal of profit, the average investor actually loses money over the course of a year. Effective trading requires applying specific strategies and developing a certain mindset. Trading blindly is nothing more than gambling --- and not worth the risk. The forex market is the largest market in the world. Because it is decentralized and even bigger than the stock exchange market, forex attracts a large number of traders, from beginners to experts. This makes finding a buyer or seller easier than in other trade markets. Despite the inherent risks that come with any type of trading, Forex offers many advantages, from leverage to fast returns to simple tax rules. In the past, traders had to go through brokers. Today, advancements in technology enable traders to transact directly using trading platform software and apps. In this guidebook, David Reese will guide you step-by-step with powerful tactics for accessing the foreign exchange market and its great potential to become a highly lucrative stream of income. You will learn all about: Day

trading and swing trading strategies in the forex market How to take advantage of volatility and liquidity The 12 greatest benefits of forex trading 7 approaches to fundamental analysis, explained in plain English 8 simple day trading strategies that work Recommendations for the best tools and software to assist you The 5 most common mistakes to avoid And much more! The time-tested practices in this book are simple to follow. If you are willing to put forth the effort, with focus and persistence you'll start to see and benefit from the results. Even if you're a brand-new beginner to forex trading, you can discover confidence and success with the help of the tools and techniques outlined in this book. The information clearly presented here will provide you with the key strategies you need. Ready to uplevel your investment skills? Start today by SCROLLING UP AND CLICKING THE BUY NOW BUTTON!

Naked Forex Alex Nekritin, Walter Peters, 2012-01-25 A streamlined and highly effective approach to trading without indicators Most forex traders rely on technical analysis books written for stock, futures, and option traders. However, long before computers and calculators, traders were trading naked. Naked trading is the simplest (and oldest) trading method. It's simply trading without technical indicators, and that is exactly what this book is about. Traders who use standard technical indicators focus on the indicators. Traders using naked trading techniques focus on the price chart. Naked trading is a simple and superior way to trade and is suited to those traders looking to quickly achieve expertise with a trading method. Offers a simpler way for traders to make effective decisions using the price chart Based on coauthor Walter Peters method of

trading and managing money almost exclusively without indicators Coauthor Alexander Nekritin is the CEO and President of TradersChoiceFX, one of the largest Forex introducing brokers in the world Naked Forex teaches traders how to profit the simple naked way!
