Form Me, Fire Me, Fill Me Lynn Lacher,2017-07-19 When my way seems too hard, Lord, it really isnt. You are with me. When my load feels too heavy, its not. You carry it. When my heart feels like its breaking into pieces, it isnt. You are molding me. When I feel overwhelmed by the pressures of life, Im really not. Im at rest in you. You keep me in perfect peace when I trust in you, when all of my thoughts are fixed upon you. Letting go of who I have always believed myself to be, I reach for who you have created me to be. Starved for lasting joy and peace, Im now ready to reach for the life and purpose you have chosen for me. Moving to the edge of what I have never had the courage to allow, I launch into the depths of what has been my uncertainty. One breath and one moment at a time, you form me, you fire me, and you fill me. Are you ready for these depths? Are you tired of wondering why you arent moved by the wind of his Spirit? Are you exhausted from lasting change that has eluded you? Form Me, Fire Me, Fill Me invites you on a daily devotional journey of surrender and abundant fulfillment. It is one that implores you to reach beyond the words you have read and to discover Gods healing purpose for your life.

Counselling Skills for Social Workers Hilda Loughran,2018-11-20 Counselling skills are very powerful. Really listening and providing compassionate empathy without judging is a core part of social work practice with service users. This book provides a theoretically informed understanding of the core skills required to provide counselling interventions that work. It provides detailed discussion of three core skills which are identified as: talking and responding, listening and observing and thinking. Over 11 chapters these core skills are described in terms of what they mean, how they can be learned and developed, how they can be used and misused and, most importantly, how specific skills can be employed in a coherent and evidence-informed counselling approach. Loughran also looks in detail at the skills required to deliver interventions consistent with three approaches: Motivational Interviewing, Solution-Focused Work and Group work. Illustrative case examples and

exercises offer further opportunities for reflection and exploration of self-awareness as well as for practising and enhancing skills development, thus making the book required reading for all social work students, professionals looking to develop their counselling skills and those working in the helping professions more generally. Terms such as social worker, therapist and counsellor will be included as they inform counselling skills in social work.
