How to Create Amazing Tantalizing Book Cover William Medina,2014-03-04 Create professionally polished eBook or print book covers Review: Thank you, I love this and I have shared it with several workers at my elementary school. ~ Mrs. Todd How to create amazing tantalizing book covers for your eBook and print book. You do not have to spend \$300 dollars or more for expensive cover designers, neither should you have to purchase extremely expensive programs to create wonderful looking book covers. This book will provide you with: • How to use software you are already familiar with to produce top notch book covers which compete with the best. • Instructions for setting up and formatting both eBook and Print Book covers to meet publishing requirements. • Creative design guidelines for producing eye catching book covers in eBook and Print Book sizes. • Valuable tool to allow you to maintain control over your book cover designs and keep your costs down. • Source list to more powerful tips. All it takes is a few common software programs that you may already have installed in your computer, of which provide the tools for making excellent book covers. MS PowerPoint is just one of the perfect tools used for producing superior book covers as it is geared towards graphical presentations and has the capability to merge colors, textures, fonts and images together in visually pleasing presentations which can be suitably formatted as book covers. Making your own book covers can be a lot of fun! You can do this too, even if you've never done it before. Author comment:This book is for people who want to publish their book and want to create their own amazing creative book cover. This book is for people who do not have the means to purchase expensive software, neither have the time to learn how to use complex software. What do I need? Everything you need may already be in your computer and if not, can be found online for free. Is this hard? The method itself is pretty easy. The hard part is coming up with ideas for the design for your cover. This book only helps you with the method, not with creating the design concept. This book is not for art professionals or those who are experts at using art software. This book is not for those who can afford the high cost of hiring someone to create their book cover.

[How to Make Money Online](#) Larry Elliott Bussey, 2010-08-16 HOW TO MAKE MONEY ONLINE EBOOK CREATION FOR ENTREPRENEURS DO IT LIKE THE BIG DOGS!! When you hire for a writer for your ebook, what you are doing is enlisting the services of a ghostwriter. A ghostwriter is a writer who publishes under someone else's name, with the consent of both parties. (Its legal and writers are available to provide the service). The straightest route to ebook profits is in the nonfiction ebook market. Fiction is making a story; journalism is finding one. That's the big difference. When I am writing a book, I am usually dealing with events or ideas that have already arranged themselves in memory. With nonfiction, you need to find your prospective before time has arranged it. The trick is to write about something as if you've been thinking about it for 10 years. Larry Bussey resides in Las Vegas, Nevada. He's an expert on Internet Marketing and Ghostwriting. He has successfully pinned numerous books as a ghostwriter. Larry Bussey makes it his business to be aware of the latest developments in his field as a Pro Internet Marketer / Blogger / Social Media Marketer, Business Expert, Social Marketing Trainer and Consultant.
