Relationship Compatibility Test Olalekan Adebumiti,2016-02-03 It was the most stimulating adventure they had embarked on. The first meeting, the first conversation, the shared dreams, and passions amongst others all pointed to the fact that they had found their perfect match. Even the chemistry between them was apparent to their friends. And they both exchanged vows of undying love, on numerous occasions. They could have sworn that they had beaten the odds of unhappy relationships. Nothing could go wrong, they thought. But things took a different turn, almost suddenly. The slight issues gained prominence and seemingly displaced the butterflies in their belly. And their certainties too! Then the questions flooded in. What went wrong? Is it that what I felt all along wasn't real? Was it love or lust? And they ultimately had to decide what to do with the relationship. More often than not, people emerge from such experiences with scars so big they vow never to venture into relationships again. Over and over again, that story

has been told. We've read it in books. We've seen it in movies. Some of us have even lived it. Of course, the characters and the specifics always differ. Still they point to the same problem - a gross misunderstanding of how relationships work. As if those were not bad enough, stories of marriages ending in divorce abound. And they only add to our disillusionment about relationships as a whole. Don't fall for the lamentable adventure... Get your relationship right by getting relationship compatibility right. Set your future on the path of blissfulness and get past the monstrous menace of heartbreaks. Do you need the seventh heaven experience in your relationship? Then, get this awesome book!

The Good News Is Love Larry A. Johnson,2012-05-10 I want to share some Good News with you. The Good News is that Love is alive and well in the world. As the song says, Love is the Answer to all of the hurts, sickness, anxiety and anger in the world. Love is available to all people. Love soothes our hurts, helps to heal our sickness, and eases our anxiety. Love comforts the grieving, reduces anger, and offers hope for the future. People are hard-wired to crave love, and to respond to love by loving others. We know love is real because we have experienced it ourselves, we observe that love causes people to change their behavior, and we read about or talk to people that are in love. The Good News is that there is a higher form of Love than human love. God loves you and wants a close relationship with you. John, a follower of Jesus, said God is Love (1 John 4:8). John also said, let us love one another, for love comes from God. Everyone who loves has been born of God and knows God(1 John 4:7). If God is Love, then knowing Love means that we also know God. If we believe that Love is real, if we love others and accept John's testimony, then God is also real and has the qualities of Love that we have experienced. Love is always available, faithful, caring and true. God's Love can bring something good out of bad situations, provide hope, and give us the strength to live through the situations. Jesus talked about and demonstrated God's Love for all people. Jesus was the Son of God, which meant that he came from God and lived his life perfectly, as God wanted him to live it. He showed a new relationship with God, a relationship of Love, service, forgiveness and reconciliation. Jesus provides Love, hope, and strength that helps each person live a better life on earth, and an eternal life to come.

Financial Freedom Grant Sabatier,2020-04-07 The International Bestseller New York Public Library's Top 10 Think Thrifty Reads of 2023 This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover. —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him the Millennial Millionaire. By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor adjustments * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to retire at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.
