2 **SKINNY BASTARD** RORY FREEDMAN,KIM BARNOUIN,2009-04-28 For every Skinny Bitch, there’s a kick-ass man just as eager to take control of his weight and health. The New York Times bestselling authors now share their tips for turning Dad bods into Skinny Bastards. What’s good for the Bitch is good for the Bastard. Hundreds of thousands of women have been inspired to use their head and get real about the food they eat after reading the best-selling manifesto Skinny Bitch. But it turns out some men have been reading over their girlfriends’ shoulders. Professional athletes such as Milwaukee Brewers’ Prince Fielder and the Dallas Mavericks’ Jerry Stackhouse have adopted a whole new eating plan because of the book. Now authors Rory Freedman and Kim Barnouin think it’s time for the guys to have a book of their own. In Skinny Bastard, they’ll explain why the macho meat and potatoes diet is total crap, why having a gut is un-cool (and a turn-off), and how to get buff on the right foods. Eating well shouldn’t be a girlie thing-and the bitches will whip any man into shape with their straight-talk, sound guidance, and locker room language.

2 **REFLECTIONS ON REALITY** Jeffrey Hopkins,2007 This is the second volume in Jeffrey Hopkins’ valuable series on the Mind-Only School of Buddhism and a focal description of it in Dzong-Ka-ba’s The Essence of Eloquence. Dzong-Ka-ba (1357-1419) is generally regarded as one of the greatest Tibetan philosophers, and his Mind-Only discourse on emptiness is considered a landmark in Buddhist philosophy. In Volume I, Emptiness in the Mind-Only School of Buddhism, Hopkins provided a translation of the introduction and the section on the Mind-Only School in The Essence of Eloquence. The present volume places this enigmatic and influential exposition in its historical and philosophical contexts. Reflections on Reality conveys the intellectual vibrancy of the different cultural interpretations of this text and expands the key philosophical issues it addresses. Hopkins, one of the leading scholarly voices in Tibetan studies, begins this volume with two introductory chapters contextualizing Tibetan scholarship in general. He then goes on to discuss in detail the religious significance of the central topic of the three natures in the Mind-Only School. He also considers various views on the status of reality, including the doctrine of other-emptiness promulgated by the fourteenth century Jo-nang savant Shay-rap-gyel-tsen. Presenting accurate and insightful translations of a large amount of material that has never been available in English before, he shows how these topics have been debated among scholars in Tibet over six centuries. Comparing these with presentations in Europe, Japan, and the United States today, he created a lively conversation between normally disparate voices.
