My College Boyfriend Dumped Me for You Jennifer A. Carle,2011-02-08 If you haven't heard of Facebook, you've probably been living under a rock. Facebook

has become one of the greatest social networking sites to ever hit the World Wide Web. It has spawned new terminology and has a range of users from middle school kids to the elderly to major organizations and small businesses. All over the world, people are on Facebook. When Jennifer A. Carle joined the ranks, she discovered she had a lot to learn. Facebook world was different from the real world. There were old emotions to sort through, new etiquette to practice, the question of what was appropriate to say or do, and she had to figure out how to navigate through the site. But as usual, Jennifer came at it with a sense of humor and good nature. Facebook world, as it turned out, wasn't that much different than the real world. Come along as she starts posting statuses, friending and unfriending, and sending messages like My College Boyfriend Dumped Me For You—Can I Add You as a Friend?.

The Friendship Formula Caroline Millington,2019-05-16 Friendship is such an important part of our lives but how much do we really know about it? Do we understand how it works, what it is and what it means? In her last book, Caroline Millington introduced us to the concept of kindfulness – blending mindfulness with being kind to yourself. Simply, remembering to treat yourself with kindness in all instances. That means setting boundaries to get the best out of your relationships and making your emotional wellbeing a priority. The Friendship Formula shows readers how to apply this concept to create and maintain longlasting, nurturing and functioning friendships. Friendship is a beautiful thing but there are lots of difficult times in life where it can be tricky to navigate: when friendship becomes toxic; how to break up with a friend; what to do if a friend 'ghosts' you and surviving friendship betrayal; how motherhood can impact on female friendships; friendship grief and how to cope with losing a friend. This book shows you

how applying kindfulness to the difficult side of friendship can help you mend your heart, move on and get the best out of those friendships that really matter.

My Friend! Taye Diggs,2021-01-05 Friends lend a hand when they can They help blend and mend it doesn't depend on whether you're doing wrong or right. A friend can send or lend a shining light to a situation. Add some bright to any frustration. On pretty much any occasion. Two best friends do almost everything together. They have each other's backs. But when one friend sees the other treating someone unkindly, he steps in to show that everyone wants to be treated as they would treat others. From the popular picture book team—longtime friends themselves—comes a real and rhythmic look at friendship that any child will relate to.
