The Fruit Machine Thomas Waugh,2000-04-04 For more than twenty years, film critic, teacher, activist, and fan Thomas Waugh has been writing about queer movies. As a member of the Jump Cut collective and contributor to the Toronto-based gay newspaper the Body Politic, he emerged in the late 1970s as a pioneer in gay film theory and criticism, and over the next two decades solidified his reputation as one of the most important and influential gay film critics. The Fruit Machine—a collection of Waugh’s reviews and articles originally published in gay community tabloids, academic journals, and anthologies—charts the emergence and maturation of Waugh’s critical sensibilities while lending an important historical perspective to the growth of film theory and criticism as well as queer moviemaking. In this wide-ranging anthology Waugh touches on some of the great films of the gay canon, from Taxi zum Klo to Kiss of the Spider Woman. He also discusses obscure guilty pleasures like Born a Man . . . Let Me Die a Woman, unexpectedly rich movies like Porky’s and Caligula, filmmakers such as Fassbinder and Eisenstein, and film personalities from Montgomery Clift to Patty Duke. Emerging from the gay liberation movement of the 1970s, Waugh traverses crises from censorship to AIDS, tackling mainstream potboilers along with art movies, documentaries, and avant-garde erotic videos. In these personal perspectives on the evolving cinematic landscape, his words oscillate from anger and passion to wry wit and irony. With fifty-nine rare film stills and personal photographs and an introduction by celebrated gay filmmaker John Greyson, this volume demonstrates that the movie camera has been the fruit machine par excellence.

The Slot Machine Dave Aquino,2008-05 Harry Ordway has always done everything right. His life, career, wife and faith are all planned for him by his overly religious parents. Bored, restless, over sheltered and too much time on his hands, it was only a matter of time before he got into mischief. After a dare accepted to destroy a slot machine owned by mob boss Joey Carter, this sheltered young man is put into the underbelly of the gambling and criminal world. He owes Joey more than he could ever pay, and Joey is a man who collects his debts. Thinking he's probably a dead man, Harry tries to return the stolen money to Joey, but that's not good enough. Joey insists Harry do a job for him; collect an old debt from another mobster. At first all Harry wants to get Joey out of his world and go back to the planned life his parents designed for him. Later, Harry is surprised to see that Joey may be a gangster, but he has a heart of gold and shares a common feeling of being victimized. As for Harry, his adventures in the larger world beyond the small town where he grew up have taught him many things about responsibility and being true to himself. He may have left town a boy, but he has returned a man. Sometimes a little rebellion is all you need to change your life.

Contemporary Psychiatry Fritz Henn,Norman Sartorius,Hanfried Helmchen,Hans Lauter,2013-11-11 The German version of this work has a long tradition, and this fourth edition is the first to see an English version. Its main feature is the international approach regarding both authors and topics. The four internationally renowned editors were able to acquire the leading specialists for each field as contributors to the book. No less than 120 authors, half of them from non-German speaking countries, ensure an extremely high standard and that cross-cultural aspects are considered. Another major feature is that the book presents the evidence such that it may be examined from at least four different entry points -- via basic disciplines of psychiatric knowledge about groups defined by demographic criteria. Detailed linkages to other chapters allow the inclusion of neighbouring disciplines, such as the neurosciences and molecular biology. Contemporary Psychiatry is also unique in including chapters on psychiatric disorders caused by catastrophes, disasters etc. -- aspects totally neglected by normal textbooks. While this book gives an overall view of the state of the art of psychiatric knowledge, it even goes so far as to suggest future perspectives.

What’s the best way to slice a ham sandwich, mathematically? What makes Bobs look especially Bob-like? Is the right or left ear better at discerning lies? Pennies from Heaven Kris Sinclair,2009-04-07 While clutching the handgun inside the pocket of his grey overcoat, it began to dawn upon Harry there would be no response to the knocks he had made on the front door of the flat. He began to wonder how he would face Frederick without the money. Harry turned from the door and made his way to the top of the stairs. From where he stood, the second floor was beyond his view. He glanced down at his shoes that now glistened in the dim light of the corridor before taking the first step down the stairs.

THE SOCIOLOGY OF GAMBLING Mikal Aasved,2003-01-01 This is the second in a series of books intended to review and evaluate the most popular and influential explanations for gambling and the many research studies that have been conducted to confirm or refute them. This book focuses on the contributions of specialists in the social sciences, most of whom are convinced that gambling is a consequence of the social or subcultural environment in which the gambler lives. To further the understanding of why people gamble, investigators went to places where gambling occurred and spent time among and interacted with the gamblers. Some attended Gamblers Anonymous meetings and others became participant observers in gambling establishments by becoming employed as roulette croupiers or card dealers. Topics covered include the gambler’s point of view, the researcher’s point of view, social structure, economics, statistical tests of earlier ideas, special populations, “armchair” theories, gambling and the public, problem correlates, and risk factors. In addition, a critique of the qualitative and quantitative studies involving survey research methods and interview research methods is given that provides theoretical explanations for why people gamble. Numerous results from geographical surveys are provided, as well as tables that examine the research of problem gambling.

How to win BIG and Make Money on High Limit Slots John F. Kennedy,2018-10-17 This book is about bettering your odds on playing High Limit Slot Machines. [Arcade Britannia](#) Alan Meades,2022-10-25 The story of the British amusement arcade from the 1800s to the present. Amusement arcades are an important part of British culture, yet discussions of them tend to be based on American models. Alan Meades, who spent his childhood happily playing in British seaside arcades, presents the history of the arcade from its origins in traveling fairs of the 1800s to the present. Drawing on firsthand accounts of industry members and archival sources, including rare photographs and trade publications, he tells the story of the first arcades, the people who made the machines, the rise of video games, and the legislative and economic challenges spurred by public fears of moral decline. Arcade Britannia highlights the differences between British and North American arcades, especially in terms of the complex relationship between gambling and amusements. He also underlines Britain’s role in introducing coin-operated technologies into Europe, as well as the industry’s close links to America and, especially, Japan. He shows how the British arcade is a product of centuries of public play, gambling, entrepreneurship, and mechanization. Examining the arcade’s history through technological, social, cultural, biographic, and legislative perspectives, he describes a pendulum shift between control and liberalization, as well as the continued efforts of concerned moralists to limit and regulate public play. Finally, he recounts the impact on the industry of legislative challenges that included vicious taxation, questions of whether copyright law applied to video-game code, and the peculiar moment when every arcade game in Britain was considered a cinema.
