Rielli, 2016-11-24T00:00:00+01:00 I fantasmagorici rituali – di iniziazione – dei promotori di startup, riuniti in conclave a Londra. I saturnali, al Mugello, di una delle ultime divinità disponibili in Italia, Valentino Rossi. Il matrimonio fra i rampolli di due miliardari indiani

– per tacer dell'elefante – nel cuore della Puglia. L'incontro, a New York, con un sopravvissuto alla sua stessa leggenda, Frank Serpico. Il paradiso – o l'inferno – artificiale nella sua versione più aggiornata, il poker online. Non importa da quale ingresso Daniele Rielli decida di entrare nel diorama ibrido e surreale che chiamiamo contemporaneità. Importa come ne racconta, ogni volta, un angolo diverso. E quanto, ogni volta, riesca a farci ridere.

Think Like a Poker Pro Byron Jacobs, 2011-04 Byron Jacobs has been a successful online poker player for seven years. In this book he identifies precisely how this can be achieved and shows how much of the battle actually needs to be conducted away from the table. Bonus 180 minute video CD included.

Pre-Incident Indicators of Terrorist Incidents Brent L. Smith, 2011 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The

planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Mike Matusow: Check-Raising the Devil Mike Matusow, Amy Calistri, Tim Lavalli, 2012-05-01 The tumultuous rags to riches, fame to fortune, dream to nightmare autobiography of the most volatile and colorful poker player in the world, fan and media favorite Mike “The Mouth” Matusow. This book has it all: drugs, sex, partying like a rock star, jail, suicidal depression, bipolar bouts and world championship poker. Mike “The Mouth” Matusow, one of the top professional poker players in the world (with over \$6 million in tournament earnings) has become more than just a household name. He’s a favorite among the millions of television viewers who have come to count on his outrageously candid comments, emotional outbursts, and constant taunts that affirm the aptness of his nickname and make for great television theatre. A rags-to-riches success story, Matusow’s life has been as much nightmare as it has been dream. His struggle with undiagnosed bipolar and

ADHD disorders led to self-medication with illegal drugs, such as crystal meth and ecstasy, and a tumultuous descent in the drug-fueled Las Vegas club scene. As drug use turned to drug abuse, Matusow's descent, taking his multi-million dollar bankroll along, went on the downward spiral that led to an arrest for a narcotics buy and the specter of a ten-year prison term (subsequently plea bargained down to a six month jail sentence). The Mouth's story is a high stakes rollercoaster ride featuring an insider's view of some of the world's largest poker tournaments, unbearable depression and suicidal tendencies, the Las Vegas party scene, rock star-like excess, outrageous antics, drug abuse, jail, and, in many ways, salvation. And through the worst of it, Matusow's phenomenal talent and tenacity prevailed; there was never a year that Mike failed to make a final table in a World Series of Poker event. This memoir is funny, outspoken and brash, while humbly and painfully honest about the highs and lows of poker, life, and the odyssey of overcoming psychological illness in a bastion of pressure and temptation. There is also a foreword by Phil Hellmuth, 11-time World Series of Poker bracelet holder.

Poker Tournament Formula Arnold Snyder, This is the first book to provide winning strategies for the small buy-in (\$100 or

less) no-limit hold'em tournaments that have exploded in poker rooms all over the country-and on the Internet. The strategies for small buy-in no-limit hold'em tournaments are similar to the big-money games, but the important factors-hand value, position, aggression and others, and speed of play-cause a radical change of strategy. Snyder recounts his own experience with these methods at a win rate of almost 300% and gives readers specific strategies for winning the big money available in prizes at the hundreds of small buy-in no-limit hold'em tournaments taking place weekly around the country and on the Internet.

Treat Your Poker Like a Business ,2009-12 Poker star Dusty Schmidt presents his first book [■] one that stands to shake up poker in the same way Moneyball did for baseball. Schmidt offers an inspiring look at how in just five years, he went from not knowing a thing about poker to netting a seven-figure annual

income. Far from a mathematical or technological genius, Schmidt says what guides him through is a fundamental understanding of business. *Treat Your Poker Like A Business* provides a foundation upon which all poker will be evaluated in the future, and will help an entire generation of poker players evolve their games into empires. A consummate grinder, Dusty Schmidt has played nearly 7 million hands of online poker over more than 10,000 hours during his five-year career. He's won over \$3 million during that period, and has never experienced a losing month. In 2007, he achieved Poker Stars' SuperNova Elite status in just eight months while playing high-stakes cash games exclusively. Schmidt posted the world's highest win rate in both 5/10 NL and 10/20 NL in both 2007 and 2008. In a four-month period between Nov. 2007 and Feb. 2008, Schmidt won in excess of \$600,000 in high-stakes cash games. He is now a highly respected instructor at Stoxpoker.com, and plays as high as 25/50 NL. As a young man, Schmidt was a top-ranked golfer. He broke two of Tiger Woods' junior records, and was the leading money winner on the Golden States Tour when, at age 23, he suffered a career-ending heart attack. Schmidt returned to golf in 2009, winning medalist honors in qualifying for the Oregon Amateur Championship. Later that year, Schmidt

famously represented himself in federal court in his suit against the United States Golf Association, which controversially stripped him of his amateur status, in part due to his poker profession. Schmidt is now a volunteer assistant coach for the University of Oregon's men's golf team, working under his good friend, Head Coach Casey Martin. Schmidt is also a successful entrepreneur. He is part-owner of Stoxpoker.com and Imagine Media, and the creator of 10thGreen.com, the first social network for golfers. His story has been featured in Sports Illustrated, Card Player, Poker News, Golf Magazine, Fairways and Greens, Golf Week, Golf World and the Portland Oregonian, as well as on ESPN, cnn.com, wallstreetjournal.com, forbes.com, fortune.com, espn.com, golfdigest.com and golf.com, among many others. He recently founded the House of Cards Project, a philanthropic effort to provide food and shelter to disadvantaged families. His life story will be told in the book [R]aise: The Impossibly True Tale of Dusty Schmidt, [R] to be released later in 2010. He lives in Portland, Ore., with his wife, Nicole, and daughter, Lennon.

Small Stakes Hold 'em Ed Miller, David Sklansky, Mason Malmuth, 2004 For today's poker players, Texas hold 'em is the game. Every day, tens of thousands of small stakes hold 'em

games are played all over the world in homes, card rooms, and on the Internet. These games can be very profitable -- if you play well. But most people don't play well and end up leaving their money on the table. *Small Stakes Hold 'em: Winning Big with Expert Play* explains everything you need to be a big winner. Unlike many other books about small stakes games, it teaches the aggressive and attacking style used by all professional players. However, it does not simply tell you to play aggressively; it shows you exactly how to make expert decisions through numerous clear and detailed examples. *Small Stakes Hold 'em* teaches you to think like a professional player. Topics include implied odds, pot equity, speculative hands, position, the importance of being suited, hand categories, counting outs, evaluating the flop, large pots versus small pots, protecting your hand, betting for value on the river, and playing overcards. In addition, after you learn the winning concepts, test your skills with over fifty hand quizzes that present you with common and critical hold 'em decisions. Choose your action, then compare it to the authors' play and reasoning. This text presents cutting-edge ideas in straightforward language. It is the most thorough and accurate discussion of small stakes hold 'em available. Your opponents will read this book; make sure you do,

too!

Enola Gay Gordon Thomas, Max Morgan-Witts, 2014-07-01 From the New York Times--bestselling coauthors: A "fascinating . . . unrivaled" history of the B-29 and its fateful mission to drop the atomic bomb on Hiroshima (The New York Times Book Review). Painstakingly researched, the story behind the decision to send the Enola Gay to bomb Hiroshima is told through firsthand sources. From diplomatic moves behind the scenes to Japanese actions and

the US Army Air Force's call to action, no detail is left untold. Touching on the early days of the Manhattan Project and the first inkling of an atomic bomb, investigative journalist Gordon Thomas and his writing partner Max Morgan-Witts, take WWII enthusiasts through the training of the crew of the Enola Gay and the challenges faced by pilot Paul Tibbets. A page-turner that offers "minute-by-minute coverage of the critical periods" surrounding the mission, Enola Gay finally separates myth and reality from the planning of the flight to the moment over Hiroshima when the atomic age was born (Library Journal).
